PAUL HOETZEL, Prop.

Others are used by the natives in some parts of India to catch fish.

The United States in 1915 built 1,354 miles of railway.

Kansas City public library circulated 691,139 books in 1915.

The delta of the Mississippi river covers an area about equal to that of the state of Maryland.

## POWELL VALLEY

The young people's society of the Swedish Lutheran church will hold their program and annual business meeting next Sunday evening at 7:30 sharp, in the church. Rev. Mr. Loren will give a short sermon in the English language, and we hope that as many as possible will attend.

Miss Ebba Johnson has gone to Portland, where she has entered the second semester's work at the trade school.

A pleasant surprise party was tendered Miss Hazel Sedig at her home Monday evening, January 31st, it being her birthday. The evening was spent in games and music after which refreshments were served. The young people returned to their homes at a late hour, the trip being made by the assistance of three sleighs. Those present were the Misses Mary Christensen, Lillie Johnson, Florence Johnson, Martha Hagberg, Myrtle Anderson and Earle Ruge, Allen Lind, Carl Johnson, Willie Carlstedt, Carl Christensen, Joe Anderson and David Peterson.

## HILLSVIEW

The people of Hillsview being snowed in and denied the mail and telephone service during the past week felt somewhat like animals that had hibernated for the winter but the chinook winds of the past two days had commenced to revive hope and life in our hearts and we were vainly watching for the mail carrier to bring us some news from the outside world when the south part of the neighborhood became aware that we were doomed to further isolation because the rain and thaw had washed out the fill in the road by Urban Pier's place, our only way out to Gresham now is over hills by the Honey place to Schiller station.

Aug. Samuelson made a trip to Portland Saturday to see his wife who is still in the hospital. He says she is recovering rapidly. Aside from the sickness in his family Mr. Samuelson has lost both his horses during this cold spell. Surely it seems misfortune does not come single handed, and Mr. and Mrs. Samuelson have the sympathy of the neighborhood.

The ice storm has done considerable damage to fruit and ornamental trees through this vicinity.

Alcohol is made from chicory in Germany.

Health officials of the Philippines are endeavoring to develop an industry in the dried juice of the pawpaw for medical use.

## The Best Recommendation.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it that makes Chamberlain's Cough Remedy so popular. Mrs. Amanda Gierhart, Waynesfield, Ohio, writes, "Chamberlain's Cough Remedy has been used in my family off and on for twenty years and it has never failed to cure a cough or cold." For sale by Gresham Drug Co.

## COLUMBIA HEIGHTS

Once again death entered our circle and removed one of the old pioneers of this vicinity and left behind sorrowing relatives and friends. Mr. Salzman, who was operated on last week died in Portland Wednesday. The funeral took place from our grange hall on Friday and the body laid to rest at the new cemetery. Rev. H. H. Kappelmann of Portland, a Lutheran minister and an old friend of the Salzman family, conducted the services which was impressive and beautiful. Mr. Salzman has been a resident of this place about thirty years and owned a beautiful home near the Highway. He leaves a wife and three grown sons, Albert, Fritz and William. Albert, who is taking a short course in agriculture, was sent for and he was at his father's bedside constantly. Fritz, the oldest of the boys, has charge of the auto repair shop at Springdale, and the youngest of the boys is at home taking care of the ranch. The Salzmans have the sympathy of a large circle of friends.

Mrs. Rankin, who applied for the widows' pension some time ago, was made happy lately by being allowed \$40 a month to support her five children and sick husband.

The railroad commissioners, who were to have a banquet at Crown Point last Thursday, were not able to reach the place on account of the snow storm. They got as far as the grange hall where they were detained in a big snow drift, and after considering their situation it was plain that to reach Crown Point would be nix. It must have been a terrible disappointment to be near enough to smell the delicious dinner Mrs. Henderson had prepared and to be compelled to turn back hungry. But such is life.

W. Knight, our Highway merchant, has received her seal and commission and will act as notary public.

George Bates and little niece, Ruby Gould, were in the city last week to visit Ruby's mother Mrs. Gould of Gresham, who has been ill at the hospital for some time. The children of Mr. and Mrs. Gould have been with their grandmother Mrs. Bates since last Christmas. Mrs. Gould has been removed to Gresham where she is convalescing at the home of Mrs. Shoemaker.

Frank Reed has just sold the old tunnel back to the railroad company which once was given him in payment for a right of way, the price he received was \$10,000. Mr. Reed is one of those go lucky fellows, everything turns into money for him. He has received a monthly income for a couple of years of a hundred dollars for the rock and gravel from the quarry and to be sure Mr. Reed is much pleased. The only thing that prevents Mr. Reed from driving a big fine Cole or a Packard is the bad road into his place. But Mr. Reed has the river and runs no less than three motorboats and he and his wife spend most of their time, in good weather, motoring on the Columbia.

Mrs. A. M. Henderson, the Crown Point hostess, is having as her guest at this time her little grandson, Burrell Holton of Portland. Mr. and Mrs. A. Woodward motored into Portland one day last week and were the guests of their daughter, Mrs. Alice Landine. The debate at the schoolhouse has been postponed until the weather gets better. The question to be debated is: "Are women more powerful than men?"

India's coal production has passed the 12,000,000-ton mark annually and electrical machinery is being introduced into its mines.

The crop of cereals grown in the northern hemisphere in 1915 exceeds the average crop of the last five years by more than 73,000,000,000 pounds.

A new fast passenger and freight steamship line may be established between New York and Vigo, Spain, according to report from Madrid. It will be under American management, it is said.

The curious sight of great fields of fine cabbage heads, frozen stiff and ruined, greets the traveler through upper New York state's cabbage country around Genesee, the reason being that fall prices were less than the fertilizing value of leaving the vegetables upon the soil.

The French fishing fleet off the Newfoundland banks made during 1915 the greatest catch of fish ever recorded in proportion to the number of vessels employed. The fleet, consisting of eleven steam trawlers and twenty-five sailing vessels, caught 23,294,428 pounds of cod.

An occasional coat of Lowe Bros. wagon paint will save your wagons and farm implements from rust and decay. It is inexpensive and will save you many dollars. Easily applied. We'll tell you how. Metzger Bros.—Adv.

## PLEASANT HOME

Under the auspices of the Pleasant Home Baptist Sunday school, a valentine sale will be held Saturday evening, February 12th at Denney's hall. The proceeds of the sale, it is hoped, will cover the remainder of the school's subscription to the church. Among other articles appropriate for valentines will be found flower seeds, choice bulbs, pin cushions, sachets, hand painted cards and home made candies. A postoffice will be established for the convenience of the patrons. Light refreshments will be served. Come and spend a pleasant evening.

A. G. Child, of Portland, is visiting his sister, Mrs. D. T. Williams, and expects to go soon to Hanford, Washington, where his family is living, having given up his position in Portland.

The patrons of Boring route 1 living here are very appreciative of the efforts of their carrier, David Wolfe, who made deliveries of mail every day during the stormy period except the last few days last week when the roads became quite impassable.

Much damage was done to fruit and shade trees in this vicinity by the severe storm of last week.

## CORBETT

Union High School Notes. Marie Udey has returned to Corbett after a stay of a week at her home, on account of a bad cold.

Nora Rickert is again tending the switch board at Corbett, after being in Portland for some time, ill with the grip.

In spite of the severe blizzard on Monday only eight pupils were absent from high school.

The cast for the play, "Mr. Bob," to be given by the high school some time during the latter part of March, has been chosen and is the following:

Philip Royson, F. Murray Smith; Robert Brown, clerk of Benson & Benson, Lloyd Ough; Rebecca Luke, a maiden lady, Clara Lestley; Jenkins, Miss Rebecca's butler, Fred Woodward; Patty, Miss Rebecca's maid, Frances Johnson; Katherine Rogers, Bessie Knieriem, Marion Bryant, Gladys Barr.

Examinations started Tuesday in spite of the raging blizzard.

Doris Trickey is staying at Mrs. Ward Evans'.

Gladys Barr was a guest of Alma Thompson, at Mr. Reeder's Monday night.

Mary Deaver and Myra Ross are staying with Mrs. Lottie Benfield.

The debate, which was to have been given by the Christian Endeavor society at the church last Saturday, has been postponed until the weather moderates. Miss Coulter and Frances Johnson are staying with Mrs. Walter Luhn this week.

## CHERRYVILLE

Wm. Runyan visited with Wm. Rugh and family last Thursday.

J. T. Friel, Jr., is hauling shingles from the Ritter Shingle Mill to Sandy and on his return trip hauling freight for Mr. Miller, Cherryville's new storekeeper.

Mrs. Frank Sirois is still quite poorly.

Mr. Phil Stofer has been staying with Mr. Charles Harris the past week as Mr. Harris is still convalescing.

P. Averill, Cyrus Runyan and W. G. Webber were callers at Chas. Harris' Sunday.

Mr. and Mrs. W. G. Webber spent Sunday with F. E. Clark and wife at Cherry Acres.

Rev. L. D. Chandler, of Sandy, will preach at the M. E. church February 13th at 2:30 p. m.

A good grade of paper can now be commercially made from the hop refuse of breweries, which has heretofore been thrown away.

"There were no Christians among the early Gauls," was one answer received in a recent grammar school history examination, "they were mostly lawyers." Said another: "A blizzard is the inside of a hen."

The last lottery run by the state of Massachusetts was in 1786, the prizes being tracts of land in what is now Maine, then a part of the Bay states. Expectations or taking in a half-million were far from realized, only \$85,000 being received from the sale of 427 of the 2,700 tickets.

## Severe Cold Quickly Cured.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Weatherby, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." For sale by Gresham Drug Co.
