PAUL HOETZEL, Prop.

Among the many noteworthy Bradford (England) municipal enterprises for children's welfare is the juvenile employment bureau. By an admirable system of co-operation between teacher, medical officers and employer the mental and physical capabilities, as well as the predispositions of the boys and girls, are considered in connection with the opportunities offered in office or mill.

LUSTED

The telephone lines are in bad shape here, wires and broken poles lying down everywhere. Some orchards are broken almost beyond repair. English walnut trees suffered the worst in this section.

Miss Brown, of Portland, and also Richard Babcock have been visiting at Ralph Neibauer's home for the past week.

Many barns and other buildings went down under the heavy weight of snow and ice. On Grandpa Lusted's place an old barn fell, doing considerable damage to ploughs and other machinery, fortunately the stock was taken out. Mr. Dollowich is farming the place. A barn also went down on Mrs. L. Lusted's place, where E. Quay lives and one on the J. B. Lent farm.

Elmer Hamilton from Battle Ground, Washington, and Mrs. Earl Hamilton and daughter Jean, of Portland, visited Grandpa Hamilton's folks and were snowbound for a week. Earl Hamilton came out Sunday, returning the next day with his wife.

Monday two new pupils, Ada Woodward and Luella Poulsen, were enrolled.

Those who were present during the past month, all the days that school was in session were: Gladys Barr, Alma Thompson, Cecil Pounder, Earl Pounder, Doris Trickey.

Mrs. Sarah Jack celebrated her 84th birthday on January 21. About fifty of her friends joined in giving her a postcard shower. Many were from friends at a distance, from whom she had not heard for years.

According to a parliamentary committee that investigated, the production of all of London's electric power in a few large stations would save 6,000,000 tons of coal a year and greatly reduce the smoke nuisance.

The Best Recommendation.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it that makes Chamberlain's Cough Remedy so popular. Mrs. Amanda Gierhart, Waynesfield, Ohio, writes, "Chamberlain's Cough Remedy has been used in my family off and on for twenty years and it has never failed to cure a cough or cold."

PLEASANT VALLEY

Miss Laura Moore came home from Timber Grove Friday evening to spend Saturday and Sunday with her parents, Mr. and Mrs. W. U. Moore.

Chas. Kennedy, of Lents, was out during the forepart of the week, looking after his ranch.

Dan Chipman, of Portland, was a visitor at the home of Mr. and Mrs. W. G. Rogers, Tuesday.

Mrs. F. A. Lehman paid a visit to the city Wednesday.

The only damage to buildings as a result of the recent storm so far reported, was the collapse of the wagon shed belonging to W. J. Frost, Sr. and that of an old barn on the John Thomas place. So far as reported the damage to fruit trees has been small in this locality.

Our telephone lines are badly demoralized as a result of the recent silver thaw and it will probably be some days before they can be repaired.

Mail carrier on route number 3 made his first through trip today (Wednesday) since a week ago Tuesday. He made the trip on horse back.

The stork paid a visit to the home of Mr. and Mrs. W. L. Rhoades last Monday morning and left a fine baby boy.

We are sorry to chronicle the death of Edward E. Parker whose funeral was held Tuesday. Mr. Parker suffered a stroke of paralysis more than two years ago, from which he never fully recovered. He suffered a second stroke about three weeks ago which terminated in death. The bereaved family has the heartfelt sympathy of the entire community.

Wm. Craswell says that last week sleet storm almost totally wrecked his prune orchard.

POWELL VALLEY

The meeting of the young people's society of the Swedish Lutheran church, which was announced in Tuesday's Outlook, has been indefinitely postponed.

Slips of the Tongue.

The misguided old lady who would persist in misapplying words with ludicrous results in as much among us today as she was when Sheridan wrote of her in his play, "The Rivals," two centuries ago. One dear old lady recently inquired of a well known professor whether soda water should be written as two separate words or with a siphon between.

A well-known bishop who is very stout tells the story of a maid servant who has been instructed to address the prelate as "your eminence." Imagine his horror, however, when the girl dropped a courtesy to him one morning with the words, "Yes, your immense."

An American policeman became famous for his slips of the tongue. He used always to explain to recruits that "Third avenue ran paralyzed to Lexington," and one one occasion he proudly stated that he never paid any attention to "unanimous" letters.

A zealous temperance worker used to have the habit of confiding to her friends that certain persons were "adapted" to drink, while another gentleman in a mixed moment once asked a friend to open the window and "putrefy the air."

Free meals are served to school children at sixteen public schools in the city of Leeds, England. The board of education defrays one-half of the expense from the city taxes and one-half from a government grant.

An occasional coat of Lowe Bros wagon paint will save your wagons and farm implements from rust and decay. It is inexpensive and will save you many dollars. Easily applied. We'll tell you how. Metzger Bros.—Adv.

KELSO

KELSO, Feb. 1.—Max Kligel had the misfortune of losing a horse recently.

Mrs. Barnum attended the Teachers' institute held at Estacada Saturday.

Friends of Gilbert Eri, a former resident of Kelso, will be interested to know of his marriage in southern Oregon, about a week ago.

The Parent-Teacher association met Wednesday afternoon January 26th, and decided to add some material improvement to our school-rooms by re-painting the wainscoting and doors of both rooms and halls. The association will also provide Miss Erickson with one dozen pairs of scissors and other accessories for primary busy work. Mr. Bloomfield has been given the contract to do the painting.

A Teachers' institute will be held under the auspices of the Parent-Teacher association Saturday, March 11th. County Superintendent Calvan and a representative of the state superintendent will be present. The program will be published later. The general public is invited to attend these meetings with special invitations to the local teachers. The association will serve dinner since it will be an all-day meeting.

Following is the roll of honor for month ending January 28, 1916: Advanced pupils—Ruth Lind, Edith Lind, Leo Milan, Anna Milan, Robert Milan, Virgil Patterson, Eunice Jonsrud, Dorothy Jonsrud, Hazel Dunn, Lee Barnum. PLEASANT HOME

Under the auspices of the Pleasant Home Baptist Sunday school, a valentine sale will be held Saturday evening, February 12th at Denney's hall.

The proceeds of the sale, it is hoped, will cover the remainder of the school's subscription to the church. Among other articles appropriate for valentines will be found flower seeds, choice bulbs, pin cushions, sachets, hand painted cards and home made candles. A postoffice will be established for the convenience of the patrons. Light refreshments will be served. Come and spend a pleasant evening.

School was resumed last Wednesday in the Orient school, after having been closed on account of the storm.

A meeting of Multnomah grange was held Thursday night at the hall, a small attendance being present.

Mrs. P. Gregerson was in Gresham on business today.

The Dynamometer Car.

The Swiss government railroads have begun to operate a new device called the dynamometer car, for gathering definite information about mechanical problems of track and roadbed. The dynamometer car runs on the rails like an ordinary passenger coach, but it is a laboratory on wheels, equipped with a score of measuring devices.

It measures the steepness of every grade, the pull of the train on the engine draw-bar, the power developed in each of the engine cylinders, the friction of wheels on track, the lateral thrust of the brake-shoes and the pressure they exert in braking, even the resistance of the wind to the train's progress at different speeds.

The car is so equipped with mirrors that the observer can see the track before and behind the train. All records are made automatically on paper charts as the car runs. When no measurements are wanted it is possible to disconnect the apparatus and run the car as an ordinary coach.

The wood consumed in this country in the manufacture of paper amounts annually to 4,500,000 cords, and every year the demand for some substitute grows more urgent.

Severe Cold Quickly Cured.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Weatherby, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." For sale by Gresham Drug Co.

Most Everybody Has a Bank Account

these days. Not just to have a bank account, but because it conserves their time and money.

Because it tends to check waste and extravagance and puts every money transaction on indisputable record. In fact, that is to-day's way of doing business, not for the rich alone, but for all classes. The check book takes the place of the bill book or wallet.

Have you a bank account? Why not have an account in this safe, sanely administered bank? Come in and talk it over.
