

OFFERS POSITION TO MISSING GIRL

Tuesday's Oregonian gave an account of the disappearance of Miss Ella May Harris, a pretty Normal school teacher, whom it is feared has committed suicide because of lack of work and despondency. That she may be provided with work at a moderate salary is the offer made by Milo C. King of Gresham, attorney, in the following:

"If the trouble is that Miss Ella May Harris can not make a living without bartending her body, as she says; that she can not hold a job, and that without fault of hers aside from lack of experience; that if she is living and her suicide can be prevented by her getting a position at typewriting, book-keeping, attention to collections and general work as helper in a country town law office and at a guaranteed remuneration of not less than \$50.00 per month and meals; and if she is a woman of the character and intelligence that her picture and statements represent her to be, I think the fact that she can get such a position at my law office in the town of Gresham ought to be communicated to her through the press which she will surely read if it be not too late. So, this may be published for solving the mystery of the young woman's whereabouts and supplying her apparently long-felt want of desirable employment."

GEORGE TAZWELL FOR COUNTY JUDGE

George Tazwell, former municipal judge of Portland, is seeking the nomination for county judge at Friday's primaries. His experience as a lawyer and his sympathy for homeless children are good credentials and will help him to gain votes. Being the arbiter of the fate of many hapless people, some of whom had dependent children, when he was city judge, has given him the needed quality that will fit him to be at the head of the juvenile court. His ballot number is 119.

CANDIDATE McCUE TO WALTER H. EVANS

PORTLAND, May 18.—Editor Outlook:—Walter H. Evans did not accept my challenge to him to meet in public debate. I have been trying to meet him face to face on the real issue of this campaign. I have shown by the public records that his has been the most costly administration in the history of the county; that he is employing more deputies and special officers than ever before; that he and some of his deputies are engaging in private practice at the expense of the taxpayers. Mr. Evans is unable to explain away the \$4500 attorney fee to A. E. Clark in the Poor Farm foreclosure suit, which the county sooner or later must pay Clark. In face of all these facts, Walter Evans and the Oregonian cannot fool the taxpayers by engaging in mud-slinging. Voters and taxpayers, is it not time to eliminate extravagance and inefficiency in the district attorney's office?

FOR RE-ELECTION For District Attorney Walter H. Evans

REPUBLICAN
Ballot No. 116
Primary May 19, 1916
(Paid Adv.)
(W. H. Evans, 686 Multnomah St., City.)

LEADS THE WAYWARD IN THE NARROW PATH

Four years ago Mr. Walter H. Evans was elected as District Attorney of this county upon a platform pledging himself to give the people a clean anti-graft administration. This he has done and will if re-elected continue to do with even greater efficiency due to the experience he has gained in the past. At his hands the criminal laws of the state will be enforced fearlessly and impartially.

Mr. Evans has made a particular study of the causes of crime with a view of striking at the root of the evil. This has included an exhaustive study of the proper care and management of defectives. It has been his constant endeavor to lead the wayward to follow the path of rectitude and clean living and to perform useful services for the community rather than to brand them forever as criminals and make them burdens of the state.

Singing insects and reptiles are great pets with the Japanese, and many varieties are caged and trained for the delight of their almond-eyed masters, it being said that Crown Prince Hirohito himself keeps a private stock of kajika, or singing frogs. The favorite singing insect is the kantan, a species of locust, which must always be kept in the shade and never sprinkled with water if he is to vocalize.

Thos. M. Hurlburt FOR SHERIFF

RE-ELECT SHERIFF HURLBURT—WHY?

Because He Has Enforced the Laws without Fear or Favor.

Introduced humane methods in county jail and at Kelly Butte. Given prisoners clean, wholesome and ample food.

Made county jail rank among best conducted prisons in U. S.

Established Women's Branch under matrons recommended by the women of Portland.

Put in the "Honor" and "Reward-for Service" Systems at Kelly Butte prison.

Found jobs for discharged prisoners who wanted to "come back."

Saved taxpayers time and worry by his tax-collecting methods.

Facilitated the collection of taxes by abolishing long waits for tax statements.

Systematized, Organized, Economized and made more efficient the work of the sheriff's office.

Will save \$3,000 to people on the two elections this year.

ROBERT TUCKER

Republican, Candidate for Nomination for Circuit Judge, Fourth Judicial District, Dept. No. 3, Comprising Multnomah County.

Robert Tucker was born in Ohio, September 5, 1866; was educated by his own efforts and graduated from Buchtel College in 1891, and afterwards from the Law Department of the Cincinnati University; has been in active practice in both state and federal courts for over twenty years; has always been a Republican; is a man of family and a taxpayer.

Robert Tucker is well equipped, both by natural endowment, experience and training, to make a splendid judge. He is a man of broad sympathies, is practical, conservative, and believes in the enforcement of the law; was appointed Assistant United States Attorney for the Northern District of Ohio by President McKinley, and later was appointed an Assistant United States Attorney for Oregon, where he has been a resident for about eleven years.

Mr. Tucker is active in all civic matters and was president of the Oregon Humane society for several years and conducted, without compensation, many vigorous prosecutions of cruelty to animals and children.

He is an able speaker and writer and has contributed to the creation of public sentiment favoring progressive legislation; has always been an ardent supporter of equal suffrage and the enactment of proper industrial legislation.

The voters can make no mistake in electing him Circuit Judge as he will bring to the bench learning, industry, dignity and a mature, safe, and sound judgment, and will honestly, faithfully and impartially discharge the duties prescribed by the oath of his office.

RE-ELECT

Congressman C. N. McArthur

Fair play demands that he be given a second term. He took his seat last December. Give him a chance to make good. In his five months he has not only attracted national attention but he has established a record for industry, energy and ability. His colleagues in the House say—

'WE NEED MORE MEN LIKE McARTHUR IN CONGRESS'

The way to obtain results is to keep McArthur at Washington, for influence comes with long service. The districts which are most successful in getting what they want from Washington are those which send the same man back as Representative.

McArthur is on the way to accomplish valuable service for Portland and Oregon. Help yourself by helping him.

As a business proposition, keep McArthur where he is. He is now at his Post of Duty.

RALPH W. HOYT,
Chairman of McArthur Committee.

VEGETABLE MAGGOTS MAY BE DESTROYED

County Agent Hall has made an investigation of vegetable pests and methods for their destruction, upon the complaints of many people who have reported that the cabbage and radish maggot is destroying their cabbage and cauliflower plants and radish beds.

This is one of our worst direct pests of the garden and control methods are very difficult, but it can be kept in check by careful work. The most effective way is to grow the small plant and radishes in beds where they can be kept covered with cheese cloth so as to prevent the little fly from laying its eggs upon the small plants. Very frequently the eggs are laid upon the plants in the bed and afterward carried with it to the field when transplanted. They soon kill the small plants by burrowing into them about the surface of the ground. There are several methods of control which are fairly effective after the plants have been reset. The two most effective in use at the present time are:

The use of a tarred felt disk which is placed around each plant when set to prevent the fly from laying its eggs near the root of the plant. The other is the use of a crude carbolic acid emulsion to be pounded around the roots of each plant.

This emulsion is made in the following way: Crude carbolic acid, 1 pint; soap, 1 pound; water, 1 gallon.

Dissolve the soap in the boiling water, remove from the fire and add the carbolic acid. Agitate briskly for several minutes to form an emulsion. Then use one part of this emulsion to 50 parts of water. Pour about one pint about the roots of the plant as soon as it is established in the field and after drawing the soil back from around the stem. It can be applied more effectively by the use of a small force pump. Repeat every eight to ten days.

Will Help the Fair.

S. A. Mathieu, candidate for the legislature, has given his assurance that he will stand in line for justice to the county fair in the matter of equalizing the appropriation. As it is not a matter of raising more money, but one of giving this section its share of what is being raised, the readers of this paper can do no better than to help elect him. He is endorsed by the Outlook on his pledge that he will work for the interests of the agricultural section of this county.

Record of Candidates Wanted

Business and Taxes of Men Running for Commissioner Given

[Oregonian, May 15, 1916.]

PORTLAND, May 13.—(To the Editor.)—Inasmuch as the Board of County Commissioners are the custodians of all the county property and have entire control of all roads, bridges and ferries, county farms and county hospitals, and as the sole power to levy taxes for county purposes, and the sole power to spend said county taxes, are vested in the same board, it is not in the interest of good citizenship that the voters be informed as far as possible of the qualifications or disqualifications of the various candidates now seeking the nomination for County Commissioner?

Multnomah county is a corporation of which the voters are stockholders, who by their ballots elect a board of directors or Commissioners to manage the business of the corporation for a limited term, and certainly no one will deny the stockholders the right to investigate as to the qualifications of the men asking to be nominated to the office of County Commissioner.

Four gentlemen, to-wit: W. L. Lightner, A. A. Muck, C. P. Stayton and W. B. Steele are asking for the Republican nomination for County Commissioner at the primary May 19. The great majority of the voters are not acquainted with these men personally, and therefore will have to judge of their respective qualifications from the credentials which they have to offer. Would it be within the province of a great newspaper to ascertain and publish for the information of voters answers to the following questions?

1. How long has each candidate for County Commissioner been a resident of this county?

2. What is the present business or occupation and what has been the business or occupation of each candidate for the past 10 years, and has he been successful in his respective vocation? This is for the purpose of getting a line on his previous training and business ability.

3. How much taxes does each candidate pay in this county, as shown by the 1915 tax roll? This is for the purpose of ascertaining his financial interest in the county, outside of the salary of \$5 a day. When he votes a tax on us we would like to know how much he votes on himself, and when he spends our tax money we would like to know how much of his own money he is spending.

TAXPAYER.

W. L. Lightner, present chairman of the Board of County Commissioners, has been a resident of Multnomah county and Portland 42 years; retired from active business 17 years ago; was elected County Commissioner 12 years ago, and has since served on the Board; pays \$919.50 taxes on the 1915 rolls, collectable in 1916.

A. A. Muck, former mayor of St. Johns, has been a resident of the county since 1904; was a merchant (groceries and hardware), and at one time was connected with the Oxford Hotel, Portland, his taxes were \$4.83, according to the tax rolls.

C. P. Stayton, resident of the county 12 years, engineer and steamboat man; owned his own boat line and is now chief engineer and captain of a boat company, having sold his business. Not on tax rolls this year.

W. B. Steele, building contractor for many years; lived in Portland and the county 28 years; was a County Commissioner 16 years ago; now farming in Multnomah near Portland; pays \$85.90 taxes.—Paid Adv.
