THE BEST CAR

Many manufacturers and agents claim that theirs is the best car for general all around use, but it remains for the Dodge Brothers to demonstrate the fact that it actually IS THE BEST CAR for general use. The elements entering into this fact are too numerous to be explained in an advertisement, but if you will call and see us and take a ride in one of our Dodge cars we can then satisfy your desire for information on every point. There is more service to the dollar of expense in the Dodge Brothers car than there is in any other car made.
