Clearing Canal Zone.

Uncle Sam is playing after a fashion in the Panama canal zone the part that the English played more than a century and a half ago in moving the Acadians bodily from an old to a new home. Twentieth century methods and American liberality are important elements in the present situation, however, so that satisfaction reigns instead of the heart burnings and sufferings that marked the enforced migration of Evangeline and her people.

The United States government desires to clear the canal zone of all natives, and of practically all other persons, for that matter, not employees of the canal or members of the United States army. This is desirable for both administrative and military reasons.

The matter of buying the little plots of land of individual "farmers" and inducing them to leave the zone has been simple enough, but the villages have presented more serious problems. The plan has been adopted of arranging with the Panama government for sites outside the strip of territory belonging to the United States, of paying the villages liberally for their holdings, and then moving them, bag and baggage, to the new location.

The latest procedure of this sort is going on now in the transfer of the half a hundred or more souls of the village of Chagres, near the mouth of the river of that name, to a new townsite eight miles outside of the zone, at the mouth of another stream. The American authorities have even built temporary homes for the exiles to occupy during the period required to invest some of the money they have received in the erection of permanent dwellings. The villages and their effects are loaded on barges and towed to their new homes. When the last of them are gone the old village will be razed.

Just the Thing for Diarrhoea. "About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. For sale at Gresham Drug Store.—Adv.
