FAIRVIEW GIRL HAS THE HIGHEST SCORE

The following two paragraphs appeared in yesterday's Oregonian and have caused considerable inquiry as to the correctness of the statement made therein that Miss Margaret Jonas is the winner of the highest score in the juvenile class at the county fair. The Outlook last Tuesday published the official awards as taken from the secretary's books and has found no reason to make any change or correction. In the published list Miss Jones ranks fourth, but she claims to have the blue ribbon. To all disputants the Outlook can only refer them to Secretary Gill who has charge of the entry books and the judges' reports, except that a copy of the official award sheets are in this office and may be seen by anyone. Following are the two paragraphs appearing in the Oregonian. Margaret Jonas, 13 years old, made the highest score in the girls' industrial club work in Multnomah county and is winner of the trip from this county to the girls' camp at the state fair. Her entry was in sewing, and she won on a very high score. She is also a member of the championship girls' canning team, which will represent Multnomah county at the state fair. She is the daughter of Mr. and Mrs. John Jonas, of Fairview.

CASH PRIZES GIVEN FOR BEST SLOGAN

The Portland Chamber of Commerce is offering cash prizes for a slogan that will be indicative of the progressive spirit of the city, and one that can be adopted and supported by all her business men and citizens of every walk of life. They want a live slogan, and one that means something. Oakland made a tremendous hit with its slogan of "My City, Oakland." Those words convey the idea of a personal interest in the prosperity and advancement of Oakland, a personal pride in her achievements and a personal conviction of civic duty. The hard times are passing Portland as they are from all sections the Northwest and the slogan this is wanted is one that will tell a story of cheerfulness. The contest will close September 30. Anybody in the Portland trade territory may enter the contest, and may send as many slogans as they choose. Address them to the slogan committee, Portland Chamber of Commerce. The first prize is \$25 in gold, the second \$10, and the third \$5.00.

NARROW VIADUCT CAUSES ACCIDENT

A heavy fog, hanging over the highway, caused the wrecking of an automobile, driven by A. B. Loomis, of 360 Cook avenue, west of the Twelve-Mile house on Tuesday. Mr. Loomis, with a party of friends, was returning from a visit on the Columbia highway, when he drove his machine into the concrete approach to a small viaduct, which was obscured by the fog. All of the party escaped injury, with the exception of one young woman, who was cut across the nose by broken glass from the wind shield. She was taken to her home by the Ambulance Service company. The front wheel of the car was broken. Mr. Loomis is a fireman on the fireboat David Campbell.

FOUR FOREIGNERS BECOME CITIZENS

At the naturalization ceremonies held in the Portland public library building on Thursday evening last, 134 foreign-born residents of Multnomah county, representing fifteen nations were made citizens of the United States by Circuit Judge Geo. N. Davis. Among them were four who are well known in and around Gresham. James Burns and his son James Fleming Burns took the oath together. The other two were J. R. Cavanagh and Carl Dahl. The two Burns are natives of Great Britain, also Mr. Cavanagh. Carl Dahl was a subject of Norway.

DROVE A CADILLAC HERE FROM KANSAS

James and Byron Bell, who left here on the 12th of last September returned on Tuesday last after a drive of 15 days from Stockton, Kansas. They went from here driving a Ford, making the trip eastward in 18 days. They came back in a Cadillac.

SINGLE TAXERS GET JOLT IN RESOLUTIONS ADOPTED

Single taxers were given an awful jolt by Pomona grange at its Russellville session on Wednesday. Two resolutions, severely condemning the single tax amendment which will be on the November ballot were unanimously adopted, showing that all grangers and farmers generally will vote against it. One of the resolutions referred to was drafted by Eugene D. Palmer and reads as follows: Whereas, the single tax amendment has been before the public for a number of years under different titles and disguises, and has been overwhelmingly defeated at the polls and

Whereas, the continual submitting of this measure by initiative is in a great measure working harm to the legislative and referendum system of legislation by endangering its future usefulness. Therefore be it resolved by the Multnomah District Pomona grange in regular session assembled, that we denounce in unequivocal terms the measure known as "Full Rental and Value Land Tax, and Home Makers' Loan Fund Amendment," as confiscatory, unwarranted and vicious.

The second resolution was furnished the grange from an outside source, but was so thoroughly in accord with the sentiments of the grange members that it, too, was endorsed unanimously. It follows: Whereas, the so-called People's Land and Loan law, if adopted by popular vote in November, would become part of the constitution of Oregon, and

Whereas, it would make all farm owners and home owners mere tenants of the state, possessed of empty titles and burdened with the obligation of paying each year the full rental value of their homes and lands into the public treasury, and

Whereas, by its provisions for loaning \$1500 cash without interest for five years to anyone who with his family has failed to accumulate property of the total value of \$12,250, it penalizes thrift and puts a premium upon shiftlessness and extravagance at tax payers expense, therefore be it,

Resolved, that we urge our membership and all other intelligent citizens to give attention to the revolutionary proposals of this radical measure, so it may be voted down by a majority that the proposal be brought to realize the futility of encumbering the ballot with their visionary, but dangerous schemes at every general election.

Field Day Report. J. J. Johnson, chairman of the field day committee, made a report of the receipts and expenses of the event held in Gresham on July 29. Following is the report in full:

Table with columns: Receipts, Disbursements, Total receipts, Total expenses, Deficit. Includes items like Advertising on program, Ice cream concession, Dance concession, etc.

The library is now bright and shining after two weeks in the hands of painters. The interior has been calcimined and varnished throughout and the exterior woodwork has been freshly stained with weather-proof stain. It is now prepared for a real Oregon winter.

The summer schedule has given way to hours that will suit the convenience of the students, the opening hour being 12 o'clock on school days. A new card catalogue such as is used in all libraries, enables the reader to find his own books without any delay. It is hoped that all readers will enjoy using this catalogue.

Several new books have been received this week. Among them are the following: Allen—"The Place of History in Education." Blow—"Letters to a Mother." Grant—"Convictions of a Grandfather." Books of special interest to Sunday school workers are: Hodges—"Training of Children in Religion." Robinson—"Junior Worker and His Work." Wood—"Adult Class Study."

DEAD CANADIAN OFFICER HAS RELATIVES HERE

Word has been received of the death of Lieutenant Harry Cavanagh, in a military hospital in London, from wounds received in France. Lieutenant Cavanagh was a nephew of Mrs. D. W. McKay and Mrs. J. R. Cavanagh and a cousin of Mrs. Janet M. Grant of Fairview. He was a young man of unusual promise. The Enterprise of New Glasgow, Nova Scotia, has the following account in a recent issue: The death of Lieutenant Harry Cavanagh from wounds has brought many expressions of sympathy to his bereaved family. The gallant young officer was the son of Postmaster Howard Cavanagh. He was well known in Halifax. In 1909 he graduated from Dalhousie with the engineering degree. "He was," said Professor Murray Macneil, "a very honored and very brilliant student." After leaving Dalhousie he attended the Massachusetts Institute of Technology, where he achieved honors in his chosen specialty, hydraulics and civil engineering. Returning to Nova Scotia he entered the employ of the Nova Scotia Steel company, and was sent to Wabana for special work. He was also on the staff of the company at New Glasgow. Principal Sexton was well acquainted with the young officer, whom he considered one of the most brilliant men in the province. His death is not only a sad bereavement to his loved ones, but a distinct loss to Nova Scotia.
