When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

MONEY TALKS

To be sure money talks, especially money that is actively employed. Money that is idle is money asleep, and money doesn't talk in its sleep.

If you could hold all the money that passes through your hands it would be a fine thing for you, but if everybody else followed the same plan where would you get yours? The place for money is in a reliable bank like ours, safe but subject to your check. Hoarding money takes it out of circulation, and it is constantly liable to be lost. Money on deposit talks, and the things it says to you are "security, comfort, satisfaction." We invite you to open an account with us.
