**KELSO**

KELSO, Oct. 17.—Editor Outlook:—I wish to correct a mistake in the Sandy fair write-up last week in regard to the competitive program. Instead of only four schools being represented as was stated, not less than ten schools took part in the program. The competition was very close and long, all did remarkably well. Four considering the short time for preparation prizes were awarded as follows: First to Cottrell, second to Sandy Ridge, third to Sandy and fourth to Kelso. The other schools taking part were Greenwood, Firwood, Dover, Ames, Bull Run and Hillcrest, each giving one number. The competitive program was one of the most interesting features of the fair and brought out a great many people for what the children are interested in will interest the parents.

**How Catarrh is Contracted.**  
Mothers are sometimes so thoughtless to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.
