"The Linotype Way is the Way that Wins"

Official paper of the Town of Gresham, Oregon. Official paper of the Town of Fairview, Oregon.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

For President, CHAS. E. HUGHES. For Vice President, CHAS. W. FAIRBANKS.

STATE SHALL NOT SELL.

Within the state of Oregon are some 300,000 acres of Carey act projects land and 62,000 acres of school land. None of this great area can be sold if the "Full Rental Value Land Tax and Homesteaders' Loan Fund Amendment" to the state constitution is adopted by the voters this year. The bill specifically says that the state shall not sell any land, that being one of the few perfectly unmistakable clauses the measure contains.

The policy of absentee landlordism is to prevail, for the state, by the very nature of things, can be nothing but an absentee landlord, and, acting through its agents, be unable to show mercy but bound to collect the last penny of rent, whether crops fail or not. Such a condition—renting by five-year leases the property they now own outright—will be what the farmers of Oregon must face if this amendment is adopted and its provisions ever made operative.

The measure is drawn to force all land out of the present owners' hands and into state ownership. It will accomplish that purpose beyond a doubt unless the voters crush it with their ballots. This measure is the first initiative bill on the ballot. Its voting numbers are 306 yes, and 307 no.

WAR PROSPERITY.

In some of his recently reported speeches Mr. Hughes displayed a knowledge of business conditions that must impress the nation as sound. The republican nominee is not afraid to look on the situation as it really is, and his words are convincing for they are true. One extract:

"No thoughtful American can view our present economic condition without serious apprehension. We are under the unhealthy stimulus of the European war. Hopes are raised which cannot be fulfilled. Our present prosperity is built on sand. Our exports have jumped to fabulous figures because of the withdrawal from production of the millions of men abroad, who are engaged in fighting. Our trade is not determined by conditions of normal competition, but of an abnormal European war."

It is this undeniable fact that is ignored by the democrats. Our enormously expanded commerce was not due to democratic legislation. Those who are seeking to make political capital out of the war have little to say as to the conditions which prevailed less than two years ago. It was the day of soup houses and municipal relief, the day of reduced output and contracted enterprise. We cannot afford a return to that day. But it will return if we do not wisely provide against it.

The war department reports that more men enlist in the cavalry than in any other branch of the service. They usually get over it, though, when they are detailed to the hurrican deck of an eastern Oregon broncho. But the desire to ride is one of the traits that humanity fails to by the usual republican majority.

A stranger got lost in the heart of Portland the other day, but that is not strange. Less than a year ago we saw some of the natives who could not find their way home in the daytime in moments of clouded vision and wobbly legs.

That world's series in Europe is going to give us a few home runs before it is over. And humanity is going to be staggered when the box score is finally completed.

If the war department really intends to comb the country annually for 100,000 men we strongly advise the use of a curry comb.

City contractors say that men at three dollars a day now do less than men at two dollars a day used to do; but that, of course, was in the days when two dollars would keep a grocer's clerk busy for two hours.

We are not one to criticize the work of the Creator, but surely there would have been no four per cent beer measure on the ballot if the role function of the mouth had been for the reception of something to eat.

Why not a revival of the old-fashioned snuff boxes? With the change of the weather some of us who must rely upon natural causes would then have an excuse for sneezing.

The CHOICE of the PEOPLE at the PRIMARIES WAS George Tazwell FOR County Judge He was nominated by all the parties and received more votes than did all other persons for that office. (Paid Adv.)

Vote 114 X Yes GEO. W. JACKSON Nominated by Petition of 3700 Electors for SHERIFF of Multnomah County Election November 7th "I will enforce the law" "I play no favorites." —Paid Ad.

Pendleton Normal School Proven Necessity (Copied from Portland Oregonian.) MONMOUTH, Ore., June 26.—The Oregon Normal school opened this week... Read what those you have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election: By James Withycombe, Governor of Oregon: Oregon is unquestionably in need of more normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon. By J. A. Churchill, State Superintendent of Public Instruction: I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. By P. L. Campbell, President of the University of Oregon: At least one additional Normal School is urgently needed in Oregon. By W. J. Kerr, President of the Oregon Agricultural College: Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure. By J. H. Ackerman, President Oregon Normal School, at Monmouth: A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements. By the County School Superintendents of Oregon: Resolved, that it is the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we, therefore, endorse the initiative measure to establish a Normal School at Pendleton. By Mrs. Charles H. Castner, President of the Oregon Federation of Women's Clubs: I most heartily endorse the location of said Normal School at Pendleton. Prof. Robert C. French, Former President of the Normal School Located at Weston: An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon. B. F. Mulkey, Ex-President Southern Oregon Normal School: I shall support the location of an Eastern Oregon Normal School at Pendleton. State Board of Regents of Oregon Normal School declares that "the necessity for additional Normal school facilities in Oregon is apparent." Portland Chamber of Commerce endorses measure 308 and says Pendleton most logical location for Normal school in Eastern Oregon. 308 X YES IS A VOTE FOR YOUR CHILDREN Eastern Oregon State Normal School Committee. By J. H. Gwinn, Secy., Pendleton, Ore. (Paid Adv.)

A St. Paul sociologist says domestic infelicity is frequently due to bad teeth. He forgot to tell us whether the cause is the wife's dental bill or the failure of the old man's teeth to negotiate the bullneck steak. It is said that teaching a child to sing will cure it of stuttering. In some cases it would then be necessary to cure it of singing. By the middle of November the cow counties will begin to ship 10,000 turkeys into the Portland markets. And we predict in advance that in the matter of prices no mercy will be shown. As a matter of fact Oregon is a doubtful state, the doubt being whether the republican majority will be 20,000 or 50,000.
