

**THE TALLY.**  
It isn't the job we intend to do  
Or the labor we've just begun  
That put us right on the ledger  
sheet;  
It's the work we have really done.  
Our credit is built upon things we  
do.  
Our debit on things we shirk,  
The man who totals the biggest plus  
Is the man who completes his  
work.  
Good intentions do not pay bills  
It's easy enough to plan.  
To wish is the play of an office boy;  
To do is the job of a man.

**How Could He Do It?**

A certain well-to-do young business man called at a bank the other day and asked for a loan of \$500.00. The banker promptly took his personal note for the amount.  
Why could he do this? Simply because as a young man he commenced doing business through the bank. He had learned early in life that the bank could help him in many ways and the banker had learned that this young man was a stickler and could be depended upon. In fact each had learned to stay by the other. Young men, there is a lesson in this for you. Start now to doing all your business through a good bank like ours. Stay by us and we will stay by you.

How Catarrh is Contracted.

Mothers are sometimes so thoughtless to neglect the coids which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent coids at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.
