

I have the permission of The Curtis Publishing Company to offer a free copy of

The COUNTRY GENTLEMAN

to a number of the leading farmers in this vicinity.

When you want to sell good farm produce of any kind, you offer a sample and let the prospective buyer judge it for himself.

That's just what I'm doing now. I'm selling The Country Gentleman. It's a mighty good farm weekly—so good and so live and progressive that it speaks for itself even better than I can speak for it.

Drop me a post card asking for

a sample. When it reaches you, look it over.

Notice how the departments of The Country Gentleman jibe with the departments of your farm, and what good, sound business sense it talks. Let your wife read the part that was written for her. It's a farm-family paper.

Then I'll call, and if you want it, you can have The Country Gentleman right along.

A JOY RIDE

This isn't a protest against the automobile. Those who can afford it may "burn gasoline" to their heart's content. In fact it helps business.

But you will remember that the grasshopper that sang all summer got his singer sadly out of tune when winter time arrived. It's fun to go the fast pace, but not unless you can afford it. It's better to play safe than to be sorry afterward. It's better to save a little as you go along than to whiz off into the future on high speed and land in the ditch. The rich men of today were the saving men of yesterday almost without exception. Our bank offers you every opportunity for systematic saving.
