The Habit of Taking Cold.
With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90 degrees F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.—Ad.

COLUMBIA HEIGHTS

MRS. P. ANDERSEN.
COLUMBIA HEIGHTS, Jan. 21.—It would be a fine thing if the farmers could get rid of the moles which have increased so fast the last few years and are doing big damage to crops, especially potatoes. We used to think that moles were a good thing to destroy worms and bugs in the ground, but our experience has taught us different. In looking over our meadows in the distance it looks like plowed ground, and wherever we walk we sink down as the soft ground is almost undermined. Last year they did big damage in the garden, some potatoes in every hill having been sampled. They also ate carrots, bloodbeet and other roots. The tomatoes that hadn't been blighted, died because the moles had their tunnels right under the plants. We get a few moles by trapping, but one has first to learn where to set the trap, and that is mostly along fences where they have their runways. But this method is rather a slow one when it comes to big fields where they work by hundreds. If there was a way to poison the moles it would be worth a good deal to us farmers.

There is a horde of men engaged now at the Ehrman place and by the looks of all the building material put all over the ground, one would think that some little town was going to be built. Many trucks are hauling every day and are having quite a time getting over the soft ground. It will be interesting to watch the progress of the Ehrman mansion, but we are going to lose a little of the grand view from the river which we have enjoyed for some years. But we are more than pleased to have such people as Ehrmans for neighbors, even if we do lose a little sight of the old Columbia.

Mrs. M. E. Henderson, of Crown Point chalet, and her son's family, Mrs. H. Hackett and two little children, were guests at Columbia View farm on Thursday evening.
