

The Standard of Tire Value

"When You Pay More Than Fisk Prices You Pay for Something That Does Not Exist"

THERE is no higher tire quality than Fisk—no greater dollar-for-dollar value; and mileage returns prove it.

We recommend

ZIMMERMAN GARAGE

Loss of five hours time in publishing the Outlook this issue was caused by a tree falling across the power wires near Bull Run. The accident happened at 3 o'clock, this afternoon, completely shutting off the current for four hours. As the Outlook is entirely dependant on electricity for its power it was impossible to get the paper out in time to distribute it in Gresham or reach the usual mails for Fairview and Troutdale. By making up the loss of time at night the papers will be ready for distribution on the routes and locally on Saturday morning.

The Tuesday Study club will meet at the library next Tuesday evening March 27 at 8 o'clock. The study of Walt Whitman will be taken up, in connection with which Mrs. W. E. Bates will characterize his life, views and aims. Mrs. E. S. McCormick will present a paper on his theory and practice as to poetic form and Mrs. Elmer F. Goodwin will read from his poems. Quotations from Whitman will be given in answer to roll call.

Mrs. Jas. Elkington gave a 500 party yesterday afternoon, when six tables were played. Out-of-town guests were Mrs. Arthur Regner of Portland, Mrs. J. C. Shultz of Boring, Mrs. E. E. Sleret and Mrs. Lewis Shattuck of Vancouver, Washington. Mrs. Elkington's home was attractively decorated with daffodils. A delicious luncheon was served.

A. Stenberg, of Boring, whose advertisement appears in this issue of the Outlook, claims to have a record breaking flock of hens. He has 25 Plymouth Rock hens and gets 25 eggs from them almost every day. One day recently, one of his hens must have forgotten her count, for the pen yielded 26 eggs.

Mr. and Mrs. E. W. Aylsworth entertained about forty guests last Saturday night at a St. Patrick's party. The house was appropriately decorated with shamrocks, and green and white predominated in the luncheon colors. The evening was spent in playing 500 and the singing of Irish songs.

A surprise party was given in honor of Principal E. S. McCormick, Thursday evening, March 22, by the eighth grade of the Gresham school. Besides the eighth grade pupils, Mrs. W. E. Bates, Mrs. Hattie Westell and Mrs. J. N. Clanhahn were present. There were twenty-six pupils present.

Mrs. W. E. Bates entertained at dinner yesterday Mrs. Fred Thorpe, Mrs. Jas. Lawrence, Mrs. John Gettings and Mrs. Sam Tait all of Portland, also Mrs. Hubert Bates and son Glenn of Vancouver, Washington, and Mrs. Max Smith of Los Angeles, California.

The Ladies Aid society will meet with Mrs. C. J. Lundquist next Wednesday afternoon, March 28. Those who will assist in serving are Mrs. Fred Fieldhouse, Mrs. Alfred Hammar and Mrs. W. B. Parsons. All are invited.

O. I. Neal has bought a new six-cylinder, five-passenger Overland auto purchased through the local agent, C. M. Zimmerman. The new car was bought as a gift for Mr. Neal's daughter, Miss Gladys.

Mr. and Mrs. Lyon Cheine of Portland were the guests of Mr. and Mrs. C. M. Zimmerman today.

10 Cents

When I was sitting on our front porch a few days ago after supper, my eldest boy pulled some junk out of his pockets, and a dime rolled out and got lost under the porch. After a short search the kid gave up looking for it and remarked, "What's a Dime anyhow?"

It sort of aroused my ire, because I've had to hustle for my Dimes—and then some.

"A Dime, son," I answered, "is 10c. It stands for a year's interest on \$2.00 at 5 per cent—which is a principal sum you don't have in your jeans at the present time. Put a Dime a Day in Bank for 30 days and you will have the interest on \$60 at the same rate—which said principal sum you've never been able to scrape together to save your youthful neck. Save it up for a year at the rate of a Dime a Day and you'll have \$36.50 which is the interest upon \$730.00 at 5 per cent.

"Now that isn't all. Take this money to the Bank. Dump it into a Savings Account there and it starts to work for you and earn interest. You've only got one pair of hands and one head and if you rely upon them they won't produce much. But every Dime has both a Pair of Hands and a Head on it—and when you get some hundreds of Dimes dusting around and earning interest for you, money is going to pile up faster than you dream.

"I'm telling you something worth remembering. Very few men can make much money with their own hands. A living—perhaps a bit over—but no man gets rich by his own unaided efforts. Employ other men for you, even if you only make a small profit on each man you employ and you will soon have to increase the size of the bushel measure to cart your coin to bank.

"That's the way with money. Get it out working for you—hustling for you—and it will rake in a lot of coin for you that could be gotten in no other way. Even though each Dime only brings in its mite each one is piling up the dough for you and your wad is growing thicker and thicker.

"Astronomers will tell you that the tail of a comet stretches through something like a hundred millions of miles of space—or some such trifling distance—and yet it is made up of star dust and I want to tell you that the biggest fortunes in this country that stretch from cultured Boston to aesthetic San Diego are made up of single Dimes.

"By banking the Dimes you can roll up a big Bank Account. By spending them you help some one else do it.

"A Dime, my boy, is the father of the Dollar, and the Grandad of a

Fortune—if you bring 'em up right."

YOU can open a Savings Account at the Bank with \$1.00. Every Dollar in this Account earns you interest and compound interest. If you don't keep your Dollars here in YOUR name, somebody else will bank them in their names.

May we see you here with that Dollar Bill as a starter?

MEN

God, give us men; A time like this demands
Strong minds, great hearts, true faith, and ready hands;
Men whom the lust of office does not kill;
Men whom the spoils of office can not buy;
Men who possess opinions and a will,
Men who have honor, men who will not lie;
Men who can stand before a demagogue,
And damn his treacherous flatteries without winking;
Tall men, sun-crowned, who live above the fog
In public duty and in private thinking;
For while the rabble, with their thumb-worn creeds,
Their large professions and their little deeds,
Mingle in selfish strife, lo! Freedom weeps,
Wrong rules the land, and waiting Justice sleeps!

Rank Foolishness.

You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effectual and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.—Ad.
