

COLLECTION OF LICENSES IS NEW JOB

Constable Squire has been given a new job with a new title by the state of Oregon, and is allowed to hold his old one. It is because the two jobs work so nicely together, his territory is so large and he has nothing else to do that he has been so signally honored. He is the official dog license collector of Multnomah precinct and will begin drawing his percentage on the first of July.

The late lamented legislature passed an act requiring that all dogs in Oregon, with some exceptions be taxed. The exempted dogs live in the counties lying east of the summit of the Cascade mountains, Josephine, Jackson, Coos, Curry, Lincoln, Tillamook, Clatsop and Columbia—and the city of Portland. Gresham is not exempt and dog owners, except they be breeders, will have to pay twice.

The license fee on males is to be \$1.50, upon females, \$1, and the money is to go to the county clerk as a special "dog fund" except the ten per cent held out by the constables for their work. Dogs under six months old will not be taxed.

The law says that it shall be the duty of the constable of each district to collect said annual license fee from all residents or inhabitants of said district owning or keeping a dog therein. At the time of collecting said license fee, the constable shall give to each person paying the same a receipt bearing the date upon which payment was made, the name of the person paying the same, brief description of the dog upon which the fee is paid and the county in which the same is paid and said receipt shall be numbered with a serial number and the year for which said license fee is paid. The constable shall also furnish to such person a metal tag that may be securely affixed to a dog collar, which said metal tag shall bear the name of the county, the serial number and year as does the receipt given. Such receipts and tags are to be furnished to the constable by the county clerk of the county wherein said constable's district is located and to be paid for out of the special dog fund hereinafter mentioned.

The constable shall be allowed to retain as commission for the collection of said license fees, ten per cent of all moneys collected by him under the provisions of this Act, and shall on the first day of each and every month from and after the taking effect of this Act, turn over to the county treasurer of the county in which his district is located, all moneys so collected by him over and above said commission together with a verified statement bearing the date, amount and name of the party from whom the collection was made.

Should the owner of a dog or dogs refuse or neglect to pay the license fee herebefore provided for after demand, in writing, by the constable, then the said constable shall seize and destroy the said dog or dogs unless redeemed in forty-eight hours.

Any person in possession of or who shall suffer or permit a dog or dogs to remain about his residence for a period of fifteen days shall be deemed the owner thereof for the purposes of this Act.

Any person violating any of the provisions of this Act shall be deemed guilty of a misdemeanor and subject to a fine not to exceed \$50.00 or by imprisonment in the county jail not to exceed twenty-five days, or by both such fine and imprisonment.

MORAL DRAWN FROM A DISTILLATE PUMP

Last issue of the Outlook stated that Latourell & Son's new distillate pump would be the first one in eastern Multnomah. A member of the Rockwood booster club calls attention to a distillate pump at that place which has been in use since Feb. 1.

Now, here is where the moral comes in: The Ford Quick drivers and several others have been quite jubilant since they found out through the Outlook that they could get distillate anywhere this side of Portland. "It pays to advertise," is the moral referred to—a virtue seemingly overlooked by the Rockwood booster club.

SEVEN DAYS' EFFORT SHOW IN RESULTS

Great credit is due the members of the Gresham Women's Christian Temperance Union for the undaunted and complete manner in which the "White Ribbon week" was planned and carried out—something attractive and inspiring on each of the seven days.

On Monday the Union high school, and the public schools were visited. Tuesday—House to house visiting and securing new members.

Wednesday—Union prayer meeting at the Baptist church, which was well attended and interesting. Rev. Mr. Ware presided, the topic was "Prohibition," and, "Woman's Work," many taking part in the discussion.

Thursday—Afternoon meeting at the home of Mrs. Jake Metzger was permeated with mother love and patriotic enthusiasm. About forty women, members and non-members industriously made "housewives" for our enlisted boys.

Friday—W. C. T. U. members and their husbands; members of the city council and their wives; and the teachers of the Union high school and grade school were entertained at the home of Mrs. W. F. Honey. About sixty present thoroughly enjoyed themselves. Short speeches were made by Mrs. Jennie M. Kemp, state president; Mrs. Lucia F. Addison, national lecturer; and Mrs. Mattie M. Sleeth, Multnomah county president.

Patriotic songs and old melodies were indulged in, between speeches. On motion it was decided to send a night message to President Wilson, asking that our boys in camp be adequately protected against the liquor temptation and vicious resorts.

The festivities closed with a light lunch.

Saturday—A bake sale was conducted in a vacant store in the Regner block. The special feature of this food sale was the baking contest for school girls, on cake and cookies. Prizes were awarded as follows: cake, first, Doris Zimmerman; second, Myrtle Ruscher.

Cookies—First prize, Inez Smith. Everything was sold—the proceeds will be used toward paying for material for "housewives" and "comfort bags."

Sunday—The Sunday evening service was presided over by Mrs. Geo. F. Honey, president of the local Union. Choice selections were rendered by a union choir, men's quartet, duet, and solo. And the stirring and impressive lecture by Mrs. Hidden, president of Central Union of Portland, was a fitting climax to the successful "White Ribbon week" which was suggested by the National Headquarters. The membership of the local Union was increased about 25 per cent during the week, besides making many friends by showing that fighting the liquor traffic is only one of their many departments and activities for the uplift and benefit of society.

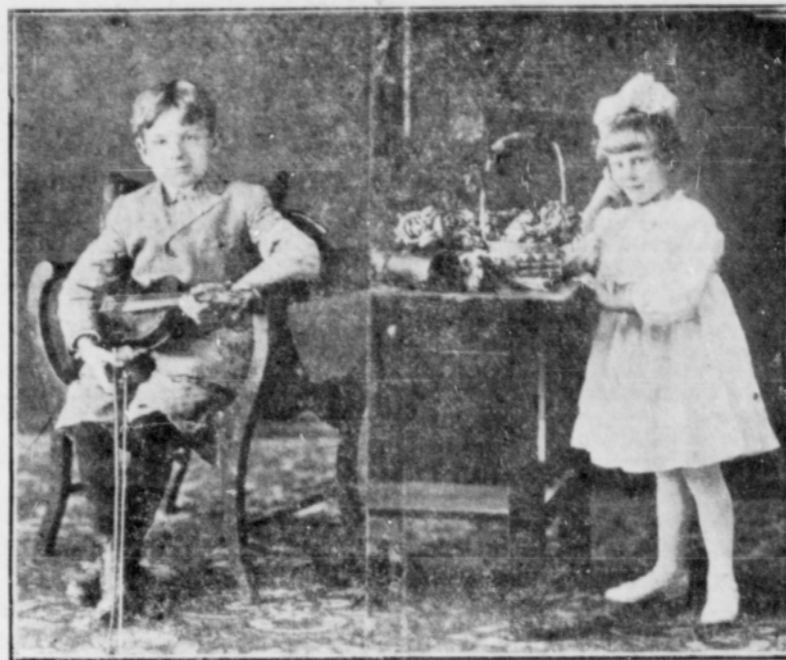

TO BE NO REDUCTION IN SEASON TICKETS

The "Two Dollar" season ticket proposition for Chautauqua has fallen through. Not enough persons could be interested in subscribing to the guaranty fund, so that the necessary \$1000 could be raised, hence the original guarantors will be required to make up the amount. There are 51 on the guaranty, which means about \$20 each for them to make good through the sale of tickets or out of their own pockets.

The association requests all who subscribed for season tickets on the closing day of Chautauqua last year to go to the Bank of Gresham and redeem their pledges as soon as convenient. This should be done by the first of June. Everyone should help the committee by taking tickets to sell. The ticket committee consists of K. A. Miller, chairman; Mrs. J. E. Clananan, Mrs. Hattie Westell, Mrs. B. W. Emery, Mrs. C. M. Zimmerman, R. R. Carlson, J. E. Cannon, E. W. Aylsworth and Dr. A. Thompson.

The advertising committee is Judge Wonacott, chairman; E. W. Aylsworth, G. W. Stapleton, Benj. Cameron and H. L. St. Clair.

Miss Annabell McAllister, who has been sick for several weeks, is much improved. She is hoping to resume her work in the telephone office soon. Miss Hester Thorpe has been substituting at the board during Miss McAllister's illness.

NATHAN AND ELENOR PORTER

Regner's hall will be the scene of one of the most brilliant piano and violin recitals ever heard in Gresham next Friday evening. This recital will be given by pupils of Mr. and Mrs. Stuart A. Chase, of Portland, who will assist, and who have the reputation of being leaders in their profession—that of teaching juvenile classes the divine art of music. The program to be given will be by their pupils, all of whom show remarkable skill. Some of the musicians to appear will be "children of a larger growth" who have attained proficiency under the tutelage of Mr. and Mrs. Chase. Some of them are known in Gresham, among them being Miss Leisla Ruby, a student in the Gresham Union high school. A large number of admission tickets have been sold, insuring a large attendance. Admission will be 25 and 15 cents.

CANNERY VEGETABLES BEING SIGNED UP

Nearly a thousand tons of vegetable produce have been promised the local cannery by the farmers and gardeners of this vicinity, yet there is an insistent demand for more. The Gresham Fruit Growers' association is anxious to get contracts signed up as quickly as possible, as those who are under contract to furnish vast amounts of food stuff to the government must know the approximate amount to be depended upon for this community. Growers are urged to call D. E. Towle, phone 256; C. B. Spencer, phone 871 or Jas. Elkington, phone 17x.

Seed will be furnished at wholesale prices to those who grow vegetables for the cannery, payment to be made when the produce is turned in. They are now on hand and will be distributed as fast as called for. The following figures show the estimated yield per acre and the price promised per ton for the vegetables:

The cannery is offering the following prices on contracts for any amount:

- Beans, yield 3 to 5 tons per acre, \$40 per ton.
- Beets, yield 4 to 7 tons per acre, \$20 per ton.
- Carrots, yield 10 to 15 tons per acre, \$10 per ton.
- Spinach, yield 6 to 10 tons per acre, \$25 per ton.
- Turnips, yield 10 to 15 tons per acre, \$10 per ton.

CIGARETTES UNDER BAN ON MONDAY

If the anti-cigarette law that is to be in effect all over Oregon, commencing Monday morning next, does not curb the smoking of cigarettes by minors there will be no hope for any law hereafter. It is so drastic that practically every person can be found guilty under its provisions if he "don't watch out." The main provisions of the law are as follows:

It shall be unlawful for any corporation or person, by himself or as the clerk, servant, employe or agent, or as the servant or agent of any other person, directly or indirectly, or by any pretense or by any device, to manufacture, sell, offer for sale or keep for sale, exchange, barter, dispose of, or give away any cigarette or cigarettes to persons under 12 years of age in the state of Oregon. Having cigarettes in a place of business where others may take them or help themselves, shall be held to be prima facie evidence of an intent to sell. Any one violating any of the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished in the manner hereinafter provided.

Wherever the words "cigarette" or "cigarettes" is used in this Act, it shall be held to include cigarette, cigarettes, cigarette paper, cigarette wrapper, or any substitute therefor, or any paper or form prepared to be filled with smoking tobacco for cigarette use.

This entire Act shall be deemed an exercise of police power of the state, for the protection of the economic welfare, health, peace and morals of the people of the state, and all of its provisions shall be liberally construed for the accomplishment of that purpose.

Any person violating any of the provisions of Section 1 of this Act, shall be deemed guilty of a misdemeanor, and on conviction, shall be punished by a fine of not more than \$100 for the first offense, and by a fine of not more than \$500 nor less than \$25 for the second offense, or by imprisonment in the county jail not exceeding thirty days, or both such fine and imprisonment. For the third or subsequent offense, upon conviction, a jail sentence of not to exceed thirty days, in addition to the fine herebefore must be imposed. The provisions hereof shall not apply to the sales of jobbers doing an interstate business with customers outside of the state.

It shall be a misdemeanor for any minor to smoke, use or be in possession of any cigarette in this state. It shall be a misdemeanor for any proprietor, clerk, assistant or employe of any place of business to permit minors to frequent any said place of business while using or smoking any cigarette. "Place of business" means any and all places such as shops, stores, factories, offices, theaters recreation and dance halls, pool rooms, cafes, restaurants, hotels, lodging houses, street cars, interurban and passenger coaches or waiting rooms.

Any minor using, or being in possession of any cigarette, and being asked by a parent, teacher, or the mayor, " " " or any other officer, to tell where or from whom such cigarette was obtained, who shall refuse to furnish such information, shall be guilty of a misdemeanor. Any one violating any of the provisions of this section on conviction, shall be punished by a fine of not more than \$5 for each offense.

It shall be unlawful for any person to solicit, take or receive within this state, any order for any cigarette, or to make any contract for the sale of any cigarette, except as hereinafter otherwise provided. Anyone violating any of the provisions of this section shall be guilty of a misdemeanor, and on conviction, subject to a fine of not more than \$100 nor less than \$25.

In selecting laying hens look for a full, well developed breast and crops, showing a large pocket in which to carry the food supply. This indicates strength and vigor and ability to consume sufficient food to produce eggs.
