The Ladies' Industrial committee will serve ice cream and cake Wednesday evening, beginning at 7:30 on the church lawn. In case the weather is cold, the cream will be served in the basement of the Maccabee hall. On the same evening, a meeting of the Base Line Improvement club will be held in the Maccabee hall to take up the matter of obtaining water from the Bull Run system. The meetings are so planned that any who wish can attend both.

A petition is being circulated along the Base Line and Sandy roads between Portland and Gresham and Fairview, asking for rural mail service directly from Portland instead of from the two latter postoffices. The paper is said to be receiving many signatures.
