The watermelon and ice cream social at Hiff last Saturday was very successful from a financial standpoint. Alder, Mrs. Iva Littlepage and Carl Alder returned home Sunday from an auto trip to Castle Rock and vicinity, where they were prospecting for a desirable property for which to trade their home here, as this is too small. Some speeder tried to pass and nearly ran into another car and in avoiding a head-on collision struck the axle of the Alder car, turning it down a 15 foot embankment down to logs and brush. Everyone was thrown out and clear of the car and although the landing was not featherbeds as many bruises testify, all are thankful it was no worse.

I. T. Wood's driving horse "Babe" had a very narrow escape last week at Hogan, when Mr. Wood was working on the road. Babe was tied on a 15 foot rope in a ditch beside the road grazing; some women in a Ford came by and the lady driving lost control of the car and it turned over rolling down the bank across the rope. Babe was tied on and only a few feet from her head. Help was prompt and the woman and horse were removed as rapidly as possible for fear of fire but no one was seriously hurt except for bruises and nervous shock and the car was righted and found to be only slightly damaged. Just the Thing for Diarrhoea.
"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever."
