

ROCKWOOD

Mr. and Mrs. Willard Cook are entertaining the former's sister, Mrs. Harold Hunt of Oak Point, Washington. Mrs. Hunt was with other refugees from the burning forests. All were brought out on rescue train. The ties were on fire as the people were rushed through to safety. Mr. Hunt and the rest of the men remained to fight fire.

For the fifth consecutive year a robin and his strange mate, a blackbird, have returned to the yard, at 104 Scotland street, Orange, N. J., and built their nest. The robin's first mate, one of its own species, was killed by a dog and the blackbird took up her home there. The eggs each season hatch out brown birds resembling a thrush, and these fly away when their wings are sufficiently strong and never return.

Although there is a large habitable area in South America than in North America, there are only half as many people in the southern continent.

FAIRVIEW

A large attendance of members and visitors enjoyed the day at Fairview grange hall last Saturday, at the regular meeting of the grange. The usual grange dinner was served, which was followed by an abundance of ice cream. The younger members of the grange furnished an enjoyable program. Josephine Towne gave a piano solo, William Benecke a vocal solo and Margaret Jonas a report of the canning project in the Industrial Club work. This young girl has canned more than 80 quarts of fruits and vegetables, besides a quantity of jelly this summer. After some discussion the grange voted to take up patriotic work in the neighborhood. Committees were appointed to plan for sewing and knitting for the army and navy.

Mrs. H. M. Shaw spent the weekend in Portland with relatives, while her daughter, Mrs. Leslie St. Clair, visited her husband at Fort Stevens.

TROUTDALE

The fourth quarterly conference of the Fairview circuit of the Methodist church was held at Troutdale last Friday in the church. Changes of considerable importance to the work were discussed, and we hope to announce them soon. Lunch was served at noon by the Troutdale ladies. Besides Dr. T. B. Ford, the district superintendent, and the pastor, Rev. B. C. Brewster, those attending from away were Mr. and Mrs. W. A. Rowan of Rockwood; Mr. and Mrs. D. S. Dunbar, and Mrs. S. C. Dixon and Dorothy Benecke of Fairview.

Richard Knarr, who enlisted in the navy a month ago, and is in training at Bremerton, came home Saturday on "liberty leave" to remain with his parents till Monday evening. His letter home had a message something like this "Have a big feed. No beans wanted," and Mr. Hoover would have highly disapproved of the spreads in the Knarr home while Richard was there. He reports conditions in camp to be very good, with plenty of good wholesome food.

Mr. and Mrs. C. A. Greenwood and daughter left Friday for a month's visit in Kansas City, Missouri. Mr. Greenwood's brother Herschel will look after the Reid ranch during their absence.

FORMER CHAMPIONS
WILL ALL COMPETE

The greatest aggregation of world's champions ever seen in one contest will compete at the Pendleton Round-Up, September 20, 21 and 22. The contests will be the biggest things the world has ever seen. All former champions will meet and compete for the supreme title. In the cowgirls' relay race Ruth Parton, Mabel DeLong, Bertha Blancett, Mrs. Parsons, Lila Smith and Josephine Sherry will ride against each other. In the bowboys' relay, Sleepy Armstrong, Darrell Cannon, Allen Drumheller, Paxton Irwin, Knapp Lynch and Bob Anderson will ride. These riders are all champions. In the steer roping Geo. Wier, Charlie Wier, Joe Beason, Henry Yabeny, Sammy Garrett, Tom Grimes, Ed. McCarty, Dan Clark and John Judd, all former winners, will compete. In every other one of the competitive events it will be the same thing, champion against champion and then some outsiders. The directors say it will be the biggest Round-Up ever pulled off. These people will all positively be there, as the Round-Up never makes such an announcement until it is a sure thing. Indications are that the crowd will be up to normal. The seat sale opens Sept. 1, and the advance sale is already above that of 1915.

KEEP OUT OF RESERVES
YOU MAY GET SHOT

All persons entering the forests must be extremely careful at this time about lighting fires. This is not the fire marshal warning of the usual type. There is a very urgent reason for this warning. The woods just now are filled with military patrols with rigid instructions to shoot public enemies caught setting fire to the forests.

Therefore, it is doubly necessary to be careful as military patrols, while instructed to exercise every precaution, might possibly make a mistake.

These military patrols are operating in every part of Oregon where forests are to be found. Their location is not revealed for obvious reasons. They move from place to place and keep to cover as much as possible. Their task is that of hunting down public enemies who have been firing the Oregon forests, and they are under orders from the Western Department of the Army to deal instantly and vigorously with such public enemies.

So if necessary for you to go into the woods, be careful about lighting fires. No doubt it would be better to keep out of the woods unless you have urgent business therein.

Great Faith in Chamberlain's Colic and Diarrhoea Remedy.

"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.—Adv.

The ash left on burning tobacco is considerable and the mineral matter of the tobacco leaf frequently amounts to as much as a fifth part of its weight. Thus a ton of tobacco leaf would yield four hundred-weights of ash, which represent valuable mineral constituents withdrawn from the soil.
