

# Buy a Liberty Loan Bond

It is a duty you owe to your God, to your Government, to your Neighbor and to yourself.

What judgment will God pass upon this Nation if we fail to decide the war in such a way that Democracy may live?

What judgment will He pass upon us individually if we fail to support our Government to the utmost of our strength financially?

What moral remorse will we experience when the wounded soldiers come back to our land and we remember that we did not contribute to the fund which was for their protection?

THE WAR IS NOT AT AN END. Our sons will yet be called to the Front. If funds are withheld we may well expect the older men to be called upon.

Are there those who used so admirably well the slogan, "He kept us out of war," in the re-election of President Wilson, who would now forsake him who strove so hard to maintain peace and only after repeated crimes upon the high seas and in our own land found it necessary to fight to protect our lines?

When has the farmer been able to sell his products for the prices he is receiving today, and why? Because the government is buying it, and not only buying the products at good prices but offers to pay 4% interest.

Why not each one buy a bond in order that the Government may purchase your next year's crop at good figures?

IT IS THE BEST INVESTMENT IN THE WORLD TODAY.

In addition to subscribing to this loan we are offering to every soldier, and every family that has a boy or girl in the military or Red Cross service of the United States, that if they will make the payment on the bond as of November 15th WE WILL ADVANCE THEM SUFFICIENT TO PAY FOR THE BOND AND WITHOUT INTEREST OR COMPENSATION TO US OTHER THAN THAT PROVIDED FOR IN THE BOND.

*Friends, Where can you find such an investment?*

Can you purchase a farm or business of any kind, pay one-fifth of its value, take up other work and come back in five years and pay the balance, without paying any interest, insurance, or expenses in the transaction, and all the time know that it is going to be worth par when you are ready to pay for it?

REMEMBER, THEY ARE NON-TAXABLE.

Invest in a bond before the sun sets again. You will feel better towards your God, towards your Neighbor and have more confidence in yourself.

We attend to all the details without compensation.

Yours in Patriotism,

## FIRST STATE BANK
