Mrs. Alta Truitt is in receipt of a letter from her cousin, Herbert Cecil, who is in Cuba. He is with the 37th company, 7th regiment, U. S. M. C., stationed at Camaguey, Cuba. He speaks of having been in Santiago and says he camped on San Juan hill made famous in the Spanish-American war. He says: "There is quite an American settlement here and they gave a dance in our honor last night and I sure had some time. And, say, talk about Spanish beauties, there certainly is a bunch here. I can't talk Spanish very well but, believe me, I'm learning. You might also send me some camel cigarettes. I don't like the cigarettes they have here and I smoke too much to afford cigars although, their cigars here are extra good."

An Old Man's Stomach.
As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain pepsin, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

In a recent list of promotions not among the members of the old Third Oregon, were the names of Guy Jones, Fred T. Merrill and Claude Heslin, who were promoted from private to corporal, and Marion Huxley from corporal to sergeant. Albert Camp has been promoted to first class private.

Of course the man with a bank account has a safe place for his money, and he is likely to have more money than his neighbor.

But an account at the First State Bank means more than that. It means financial backing in case of emergency or when opportunity knocks.
