### COLUMBIA GRANGE ELECTS OFFICERS

The regular meeting of Columbia grange, at its hall on Columbia highway, occupied all day Saturday, Geo. Kniertem, master of the grange, presiding. Business pertaining to the grange was transacted in the forenoon. At noon a dinner was served that certainly would have met the disapproval of Herbert Hoover had he been present. In the afternoon, Mrs. Clara E. Smith, lecturer of the grange, had charge of the program as follows:

Vocal selections by Clara Larsson, address by J. F. Griffith, vice president and manager of the Pacific Potato Starch company, who spoke to the members on the value of culls for the manufacture of starch, and promised if a sufficient number of farmers would contract to sell the company a specified amount of their crop of cull potatoes, a factory would

be built in eastern Multnomah county. Mr. Turner was present and also spoke in the interest of this new enterprise.

The program was necessarily made short as the time was limited on account of election. The following officers were elected for the coming year: Master, Mrs. A. Woodward; overseer, James Benfield; lecturer, Mrs. Clara E. Smith; steward, L. Rankin; chaplain, Mrs. George Kniertem; treasurer, James Ross; secretary, Mrs. J. Pounder; gate keeper, Fred Benfield; Ceres, Mrs. Thompson; Pomona, Miss Rasmussen; Flora, Mrs. Benfield; lady assistant steward, Maud Reed. The directors elected were, Mrs. Clara Larsson and Geo. Kniertem, Sr. The newly elected officers will be installed at the January meeting. Electric lights are an improvement which will be added to Columbia hall before the next meeting.

### WAR-SAVING STAMPS

The man with limited means—even the school boy or girl with a few pennies to spare now and then—who wants a safe and profitable investment which at the same time will help the country, finds his opportunity in the new war savings certificate plan.

During December, 1917, and January, 1918, war-savings stamps will be sold at \$4.12 each, at postoffices, banks, trust companies, and many business houses and factories throughout the country. At the beginning of each succeeding month the cost of a stamp will increase 1 cent. All war-savings stamps issued during 1918 will mature January 1, 1923, when they will be redeemed at \$5 each. The difference between purchase price and the price at maturity represents the interest the government will pay the holder, 4 per cent compounded quarterly.

The entire wealth and security of the United States is behind the war-savings certificates. No person may purchase at one time more than \$100 worth, or hold at one time more than \$1,000 worth of these securities.

Thrift stamps costing 25 cents each may be purchased from time to time affixed to a thrift card, which is supplied without cost. These stamps will not bear interest, but a thrift card when filled at a cost of \$4 may be exchanged for an interest-bearing war-savings stamp by turning the card in and paying the difference between \$4 and the current price of a war-savings stamp. With the first war-savings stamp bought the purchaser will obtain without charge a war-savings certificate containing space for 20 of these stamps.

If the 20 spaces are filled prior to January 1, 1918, the cost to the purchaser will have been \$4.12 for each stamp, or \$82.40 for the filled certificate, and on January 1, 1923, the government will redeem it at \$100, giving the holder a net profit of \$17.60 for the use of his money.

Money derived from war-savings investments will be used to meet the expenses of the war. The greater part of these funds will be expended within the United States.
