

THE HUM OF BUSY WORKERS AT BEAVER MACHINE SHOPS

New Equipment Has been Added and More is on the Way—Life and Snap Pervades the Place

On Division street, a few blocks west of Main, is the home of the Beaver State Motor Company...

The buildings, a machine shop and foundry, are the most modern type of factory buildings and are equipped with all modern machinery...

Here day after day, and sometimes night after night, is heard the hum of a veritable beehive of busy workers and all the processes of manufacture of machines can be seen from the moulding of parts...

The Beaver Company was organized for the purpose of manufacturing Beaver automobiles but the changed condition brought about by the great war has necessitated a postponement of the original plan...

In the meantime the Beaver company is making four different gasoline engines and a high grade drag saw outfit, the latter being the chief product. This machine is a one-cylinder gasoline engine affair with free clutch...

SOME WAR PRICES NOW PREVALENT IN SWEDEN

In a letter from Mrs. Ellen Holm of Karlshaga, Vastergotland, Sweden, recently received by her brother Frank Gustafson of Powell Valley, many interesting statements were made about living conditions in Sweden at the present time...

Each person in Sweden is allowed six pounds of rye flour and four pounds of oats for flour a month. If one butchers a pig they are allowed to keep 12 1/2 pounds for each person in the family...

The Outlook was interested in the growth of this plant during the past year and the writer visited it last Saturday. The first thing he saw was the new gasoline filling station...

Entering the machine shop one is impressed at once by the life and snap that pervades the place. The wood working machinery has been moved to the extreme north end of the building and the writer counted one hundred and twenty-five drag saw outfits going through at the present time...

The writer talked with Mr. Ross, the superintendent, and from him learned that during the past year, there has been added to the equipment a large new planer; a tool grinder, worth one thousand dollars that is not yet set up...

A lady bookkeeper is now in charge of the office. She lives in Portland and comes out in her own motor car. And speaking of motor cars you scribe counted nine automobiles and two motor cycles...

The following is an extract of a letter received recently by Mr. and Mrs. Chas. Cleveland from their daughter, Miss Maude Cleveland, who is in France working under the American Red Cross...

It is a great satisfaction to those of us who were in France before our troops came, to see American uniforms on the streets of Paris and to know that we'll soon be given our share of the "front" to guard and to push forward...

I went out to the hospital on business Saturday and stopped a moment to see some of my old buddies (wounded), who still remain. Pierre had been carried out to the terrace. He rose by the aid of two canes to show that he can now stand...

My work will take me next week within sound of the guns. And the front is moving so far north that he has not been heard here for many, many months. Of course, I'll be in no danger, so save your sympathy for those who are the real war sufferers...

Certainly this must be a war against war. Some league of nations must have a police force strong enough to see that such a thing can never happen again, never, never! It seems that America is able to make the dream of world-wide peace come true...

RED CROSS MANAGERS HAVE BEEN ASSIGNED

Dr. H. C. Fixett, Red Cross Christmas membership campaign manager for Multnomah county, reported yesterday his district campaign manager assignments with the enthusiastic report: "Every man has promised to work like a nigger until the close of the campaign."

All districts are covered in Dr. Fixett's assignments, save that lying east of the city limits and west of the Rockwood road. "It is our intention," declared Dr. Fixett, "to make personal calls, not once but as many times as is necessary, on every home, every business house, every farm in the territory outside Portland. Portland will have to speed up this time, if it intends to keep pace with Multnomah county."

Following are Dr. Fixett's appointments: East of Sandy river, H. B. Johnson, Bridal Veil; west of Sandy river and East of Rockwood, George Honey, Dr. A. Thompson and A. C. Ruby, all of Gresham; west of Willamette river and south of Portland, Riverdale district, Ross M. Plummer, care Plummer Drug company, Portland; west of Boone's Ferry road, south of Oregon Electric railway, West Portland district, Mrs. George Yates, R. F. D. No. 2 Hillsdale; north of Canyon road and west of the Willamette river, C. F. Folkerberg, Linnton, R.F.D. No. 2.

The scarcity is assigned as a reason for the high price of candy for the Christmas season. And the abundance of price is very apt to prove the reason for the scarcity of purchases.
