

Besides the great amount of work accomplished they have turned in to the Portland chapter \$210.
The names of the officers and members were not obtained owing to the lack of time.

SANDY RIDGE

A Red Cross auxiliary was organized at Sandy Ridge on November 15, with Mrs. J. M. C. Miller as chairman and Ivy TenEyck secretary and treasurer. There are thirteen members and weekly meetings are held. This young auxiliary has already turned in to Portland Headquarters 169 pieces of donated material, consisting of handkerchiefs, holders, comfort pillows, wash cloths and dish towels, and one dozen bed shirts, that were officially given out to be made. Also four pieces of excellent handwork were donated to the Allied Red Cross bazaar at Portland by Mrs. Bortano and Mrs. Pizzalo, members of the auxiliary.
Miss TenEyck will give a play and basket social at the schoolhouse on December 15 and will divide proceeds between the school, and Red Cross.

Wilson, Mrs. Illidge, Mrs. George Monroe and Mr. S. S. Thompson.

TERRY

So many of the ladies of the Terry neighborhood have been working with the Gresham, Troutdale and Fairview Red Cross auxiliary that as yet no unit has been formed, although there has been some discussion of the plan. The Parent-Teachers' association has been engaged in making scrap books for the hospitals. Short stories, bright sayings and interesting pictures cut from old magazines are the foundation for this work which is to contribute to the pleasure and entertainment of convalescent soldiers.

GRESHAM

The Gresham Red Cross was organized October 4th last, with forty-five members, and at once commenced active work. The meeting days were at first weekly, but were soon made twice a week, on Monday and Friday afternoons. The officers are Mrs. G. W. Stapleton, chairman; Mrs. O. A. Eastman, vice chairman; Mrs. J. N. Clanahan, secretary; Mrs. A. Hughes, treasurer. Up to date, the auxiliary has turned in to Headquarters sixty bed shirts, eighty-four arm slings, twenty-four bed socks,

twelve pairs pajamas, forty-eight shoulder wraps, 115 articles made and donated, consisting of dish towels, napkins, tray cloths; 830 gun wipers, donated by Miss Hughes class in school. Numerous articles have been knitted. \$230 cash donated to Red Cross from the auction sale, \$106.25 from the tag day sale, for Christmas boxes.
The membership roll follows:

ROCK CREEK

The Rock Creek auxiliary of the Damascus neighborhood was organized November 16 and has been

meeting every Friday. Since that time they have been working on pajamas and have a quantity of knitted work out which has not been finished. They have also made a quantity of napkins and two dozen bed socks. The members are as follows:

- Chairman, Mrs. C. G. Dallas; vice-chairman, Mrs. J. R. Dallas; treasurer, Mrs. Nora Rake; secretary, Mrs. Rose Lave.
Other members are Mrs. Bernice Hobbs, Mrs. Alice Hobbs, Mrs. Arline Svensen, Mrs. M. Z. Newel, Mrs. Walter Smith, Mrs. Harry Smith, Mrs. Harry Sether, Mrs. Anna Eckert, Mrs. Sed Eckert, Mrs. A. Hunter, Mrs. Wm. Swartz, Mrs. J. C. Rover.

POWELL VALLEY

A meeting of the ladies of Powell Valley was held at the schoolhouse this afternoon at 2 o'clock to make plans for commencing Red Cross work in that district. Powell Valley is very much interested in the work of the Red Cross but so far no active work, other than financial aid, has been given. Indications point to the organization of an active auxiliary in the near future.

TROUTDALE AUXILIARY

By MRS. L. A. HARLOW.

The Troutdale Red Cross auxiliary was organized with ten paid up members, and the necessary papers filed with the Portland Chapter October 15th, 1917. Mrs. James R. Knarr was elected chairman, Mrs. Ed. Woodard vice-chairman, and Mrs. L. A. Harlow secretary-treasurer.

At our first meeting seven new members were taken in. Our meetings have been held only once a month, on Tuesdays, as the ladies were giving up a good deal of time to their annual bazaar and supper and now since that event is over we are meeting once a week. At each meeting our membership has increased and we now have thirty-three members and a great many meet and help with the sewing and knitting, who are not regular members.

We made up twenty-five Christmas packages for our soldiers and fifteen of these were donated by different members.

Our chairman appointed a Civilian Relief committee to look after all people in this vicinity at any time in case disaster or misfortune should overtake them and to assist in every way possible, when called upon. This committee consists of Mrs. C. I. Thomas, Mrs. Aaron Fox, Mrs. Ed. Woodard, Mrs. Hensley and Mrs. Geo. Lumsden. The trustees of the M. E. church have donated the use of the nicely furnished church basement to this auxiliary for which we are very grateful, the basement being furnished with tables, cooking stove, sewing machines, etc., the property of the Troutdale Ladies' Aid society.

Our local school board donated a wood heater and the pipe for same was a donation from Milton Fox and the labor of putting up the heater and getting in the wood was cheerfully donated by Mr. and Mrs. J. R. Knarr.

At the time we made up our Christmas packets for the soldiers, donations were received from J. M. Davis and son of Fairview and by Milton and Emanuel Fox for which we were very thankful.

The people of Troutdale are a very fine congenial lot of people and are always ready to help along a worthy cause.

A dance will be given at the Masonic hall in Troutdale Saturday evening, December 29 for the benefit of the Troutdale Red Cross and a good time is looked forward to. All the old fashioned dances will be offered.

Last Saturday, December 7th, we sent in to the head office in Portland, 259 made articles, consisting of bed shirts, tray cloths, socks, sweaters and dish towels.

NEW OVERLAND CAR

Coming Out with Little Car Under \$500—Starter, One-Man Top and Other Features Incorporated.

The expected and long-looked-for has happened in the cheap car field by the announcement that John N. Willys, of the Willys-Overland Co., has finally completed, tested out, and settled on every detail of the new Overland car.

For several years the Willys-Overland Co., has been working on this car. It was expected a year ago, but many previous models have been rejected.

While the price is not stated, it will sell for less than \$500 and will carry a complete equipment, including electric starting and lighting with combined dimmer control. In its complete equipment form, including starting battery, the lighting system, an extra tire, and tire carrier, the weight is 1500 pounds. Tires are the same size as those used on Fords.

Externally the body is somewhat different from other Overland types, due largely to a unique system of springs, which give a distinctive appearance to the front and rear, and while the wheel-base is 100 in. it is claimed that this spring suspension system gives the effect of a car having a wheelbase of much greater length. Using the standard Overland radiator, although of slightly smaller size, fits this new machine up with the Overland line so far as appearance is concerned. The body is a stream-line design with removable upholstery.

The engine is 3 1/2 in. x 4 in. and reaches the peak of its power curve at 2999 r.p.m. Though it is 13 per cent smaller than the Ford motor it is stated to produce 52 per cent more power, since the Ford engine reaches its peak at 1200. The transmission is a two speed sliding gear and a conventional clutch is used.

An entirely original sort of frame is used, and the cross members are supplied by the running board supports, which are further stiffened by the steel battery box that lies just inside the frame under the front seat. The gasoline tank is hung under the cowl on a three point suspension.

All the control is centralized on the middle of the dash and comprises ignition switch lamp dimmer and throttle setting for idling together with the choke. Front and rear axles are somewhat similar to Ford's, but the latter has ball bearings.

The fenders are crowned, the front ones being pressed in such shape as to combine with the hood ledge; there are exceptionally wide fore doors, a 16-in. steering wheel and a slanting windshield. A one-man top completes the equipment.

Stomach Trouble and Constipation.

Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the past two years. They not only regulate the action of the bowels but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y.—Adv.

Recently we read about a rich guy who spent \$1000 for a supper. Evidently he had sugar in his coffee.
