"The Linotype Way is the Way that Wins."

Official paper of the Town of Gresham Official paper of the Town of Fairview.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

APPRECIATION.

An apology is due the readers of the Outlook for the delay in sending out the holiday number. It was a harder task than we anticipated when it was begun, but there is the satisfaction of knowing that the paper was fully appreciated. It is so far, the only patriotic issue of any newspaper anywhere.

That we departed from the usual Christmas features is a source of gratification to ourselves, and we believe, to all our readers. Thanks are extended to all who gave assistance in its preparation and to the business men who helped to make it a financial success.

As we failed to extend the customary courtesies of the season to all our patrons in the big issue we now take the opportunity to wish them one and all a Merry Christmas and a Happy New Year.

RED CROSS GIVING.

A plea for the support of the Red Cross campaign now on is contained in the census bureau mortality statistics for 1916. Concerning tuberculosis the bulletin says:

Tuberculosis in its various forms caused 191,396 deaths in 1916, of which 88,666 were due to tuberculosis of the lungs. Because of progress in the prevention and treatment of tuberculosis of all kinds, the decline in the tuberculosis death rate in recent years has been most pronounced, having fallen from 200.7 a 100,000 in 1904 to 141.6 in 1916, a decrease of nearly 30 per cent. Before 1904 the rate had fluctuated, starting at 201.9 in 1900. Even yet, however, tuberculosis causes more deaths annually than any other malady, except heart diseases, and about 37 per cent more than all external causes—accidents, homicides and suicides—combined.

In twelve years, it is reported, the ravages of tuberculosis have been reduced 34 per cent through organized effort supported by public charity. Whether a proportionate reduction is made in the next twelve years will depend, in large part, on whether continued support is given this effort. Tuberculosis can often be cured, it can be prevented, its ravages can be lessened. The organization which derives its support from the sale of Red Cross seals has been emphasizing these facts for years, and whatever amelioration of conditions there has been is due nearly wholly to the publication of these facts and the adoption of preventive methods premised on them.

The anti-tuberculosis societies have a peculiarly important duty and an unusual opportunity before them this year. Hundreds of thousands of young men at the ages most susceptible to tuberculosis will be assembled in military camps. Methods of quickly detecting and locating cases will have to be devised, and the greatest publicity should be given to preventive measures.

No better opportunity will ever be offered for a concentrated anti-tuberculosis-campaign among those in a position to act on the advice given. Men who are returned from the camps with incipient tuberculosis should not be left to shift for themselves, but should receive every aid that science can give to work their way back to health. This cannot be done without money, and no better way of providing it has been offered than in giving your money to the Red Cross.

DRAFT RESPONSIBILITY.

Five per cent of the questionnaires to be sent out in Multnomah county have been sent out each day, commencing on Saturday last. A few have been received at the Gresham postoffice and all intended for this district will be received during the twenty allotted days from the 15th of this month.

If the man drafted for the army under the former system did not appear on the day he was called a policeman might promptly be sent to bring him in; if he fails to arrange for receiving and to return the questionnaire being sent out at this time, punishment may not be so prompt, but it is just as certain. The government emphasizes the fact that re-

sponsibility for receiving and filling out the blanks rests on the registrant. Ignorance of the law is no excuse.

Those who have failed to notify the government of a change in address are automatically placed in class 1 for immediate service, and they may be punished as slackers. If the questionnaire is not received by any registrant before the end of the period set for mailing them he should ob-

tain his board, fill it out as promptly as possible as seven days have expired. Registrants must also acquaint themselves with any action taken by the board in respect to their cases. These statements apply to the men who were examined and discharged for any reason whatever in the last draft. There were none such in Multnomah county, as no draft was made here. The new plan automatically revokes all exemptions under the old.

You can now lend the government as small a sum as two-bits. At the postoffice or banks you can get the savings stamps. Every time you feel like loading up your cigar pocket rush out and buy one. The money comes back with big interest after five years. The cigars won't.

The United States has learned how to make all those famous Christmas toys that were imported before the war, mostly from Germany. But Germany will probably get the business again after the war because of the hoggishness of the American makers.

Nat Goodwin's fifth wife is suing for a divorce. If Nat ever goes to heaven and the roll call angel calls "Mrs. Nat Goodwin," to meet him it will create more of a sensation than a new rooster in a barnyard.

The young man who is able to land himself in a nice easy place during the days of the questionnaire is not apt to acquit himself with credit now, and in after years he will probably get the horse laugh chorus.

Portland officers say a good many of the bootlimbers come from California. They probably would have remained at home had they known how greatly the market was glutted with native talent.

The registrant who fails to get an important document from the provost marshal's office within the next seventeen days will soon be giving his measure for a khaki suit to Uncle Sam's tailors.

Here is old meatless day again. Next year, we suppose, the calendars will not use the time-worn days of the week as they have been doing, and all of them will end with "less."

Stand up close and grab onto the thrift stamps. If you don't get a glorious thrift habit you can trade them off for groceries whenever you are ready to grab loose of them.

The husky guy may as well know that camouflaging won't stand the test of the questionnaire, and that henceforth Uncle Sam will do more pre-empting than exempting.

It is said that a soap famine is located just ahead. That might scare people elsewhere, but it will never frighten an Oregonian while the rainy season is on.

It would be embarrassing to die rich these days if it hadn't been fixed so that the decedent can't see the scrambling for the inheritance tax.

It seems to us that a man arrested for being an I. W. W. would plead guilty to something less disgraceful—say burglary or cattle rustling.

Christmas is getting so near that we can almost smell Santa Claus' cotton whiskers burning. Have you done your C. S. e.?

In China the silver in an American dollar is worth \$1.30. In the United States it is worth about two pounds of bacon.

There's a lot of dandy recipes for leftovers in the cook books, but there are no leftovers these days.

HILLSVIEW

The auction sale at the Crystal Springs dairy was well attended, and everything sold at a good price. Messrs. Nunnencamp and Schlip will go into business in Portland in a short time.

The school board found it necessary to buy new desks to accommodate all the children.

Edner Weden was home for a few days' visit with his parents, recently. Edner is stationed at Ft. Stevens.

William Welch, who is in training at Camp Lewis, Washington, spent the week-end with his father, L. Welch.

Ernest Johnson and family have friends from Minnesota visiting them.

SUMMONS

In the Circuit Court of the State of Oregon for the County of Multnomah. John Brown, Plaintiff vs. Henry A. Latourell and Charles H. Latourell, Defendants. To Henry A. Latourell and Charles H. Latourell, the above named Defendants.

In the name of the State of Oregon you are required to appear and answer the complaint filed against you in the above entitled court and cause on or before the 2d day of January, 1918, and if you fail so to appear and answer, the plaintiff will take judgment against you and each of you as follows:

That the defendants Henry A. Latourell and Charles H. Latourell are indebted to plaintiff on contract of employment in the sum of \$299 with interest from the 1st day of July, 1917, at the rate of 6 per cent per annum until paid, and that plaintiff have judgment against said defendants and each of them for said sum, together with costs and disbursements herein, also that the real property hereinafter described, which has been attached in this action be sold to satisfy the plaintiffs demands, as above set forth, and that execution issue in said behalf. Said real property so attached is described as follows:

Stomach Trouble and Constipation. Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the past two years. They not only regulate the action of the bowels but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y.—Adv.
