The Parent-Teachers association of the Lench district have rented the Rockwood grange hall for an entertainment to be given on the evening of March 15. The proceeds will be divided between the Parent-Teachers association and the Red Cross.

An interesting meeting of the Rockwood grange was held last Wednesday evening presided over by the lecturer, F. H. Crane. The feature of the meeting was a discussion of the dyking of the Columbia Slough. Chief Engineer Brown of Columbia Drainage District No. 1 was present and gave an interesting account of this and other drainage projects. Maps and photographs helped to make the subject clear.

Mr. Brown affirmed that if not interfered with by the drainage canal project, the slough land could raise crops in 1919. Calvin Powell, one of the trustees of the drainage district and Guy Reynolds, an interested landowner, both of Portland, were present. Several owners of slough land at Fairview were in attendance at the meeting.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.—Adv.
