

The Ford Sedan is high-class in appearance and appointments. The seats are restful, and deeply upholstered with cloth of high quality. Large doors give convenient entrance on either side; plate glass windows make it a closed car for inclement weather, and give fresh air when open. With high quality in appearance and equipment there is the simple and safe control in driving. A woman's car—a family car for every day in the year. Ford Sedan, \$695 f. o. b. Detroit.

GRESHAM, OREGON

COLUMBIA HEIGHTS

Mrs. J. Sumpter, of Portland, who died last Thursday, had been a resident of this place for several years, and the news of her untimely death came as a sad blow to her many friends and relatives here. Mr. and Mrs. Sumpter came here from Kansas, and settled on the Smith ranch at Corbett and recently bought a home on the Columbia River Highway. A short time ago Mr. Sumpter got a position in Portland, where a short time ago a baby daughter was born to the happy couple. Mrs. Sumpter's health was considered pretty good when she suddenly took sick and was removed to the hospital. Her parents, who lives in Kansas, were notified but when they arrived Mrs. Sumpter was unconscious. Her body was sent to Kansas last Friday, followed by her sorrowing husband and baby and parents. Mr. Sumpter has the sympathy of a large circle of friends here.

The crops in this locality are in sad need of rain and unless we get a good shower soon, the grain and early potatoes will not amount to much. All of the early cabbage was a failure, and the late cabbage plants set out are drying for lack of moisture, and it does not look very favorable for the farmer at all. The aphids got all the vetch and green peas as well, the warm weather is ripening the cherries and berries rather soon here as they have not their usual growth and therefore will not make first class fruit. Just the same we are all on the job faithfully working, and waiting for better results.

Several of our Heights boys left for their training quarters the last week, and several parties were given in their honor before leaving their respective homes. A large circle of friends attended the party last Saturday night, given in honor of James Deaver, youngest son of Mr. and Mrs. J. Deaver, who are some of the first pioneers of this place. Those who departed last week were James Deaver, Robert Knieriem, Joe Lethsinger and Ed. Willson, who enlisted. Mr. Willson is to be complimented for his patriotic spirit, as he has a wife and three little children. He is the son of Mr. and Mrs. C. E. Willson of Hurlburt.

The election at our last annual school meeting resulted in the choice of Ward Evans as director for three years at District 39, and W. Knight as clerk. Mrs. W. Hicks was elected school clerk at District 43 and D. Butler as director. A music teacher has been added to the faculty at our Corbett district and will have classes both in the high and grammar school.

Mr. and Mrs. E. Ehrman, of Portland, are making preparation to move out for the summer at their spacious and beautiful mansion at the Heights.

Miss Annie Benfield has returned from a month's stay with relatives at Tillamook and Mrs. David Benfield and little twin boys are guests of Mrs. Lottie Benfield.

Mr. and Mrs. F. Hurst, Mr. and Mrs. C. Illidge, Mr. and Mrs. P. Andersen and their children motored to Portland last week to see the interesting show at the Liberty theater, "Gerard's four years in Germany," and it was many times worth the price to see it, not to forget the fine music. The \$50,000 organ is surely a great instrument.

Mr. and Mrs. Julius Meier, have as their house guest at the present, Mrs. Meier, Sr., mother of Julius Meier. Mr. and Mrs. Meier have one of the most attractive places along the highway. The grounds surrounding their mansion is now aglow with beautiful flowers of all shades.

Mrs. Sue Knight is at present with her daughter, Mrs. Akers, of Portland.

Mrs. Marie Taylor, who has been visiting here at Corbett lately, left for San Francisco last Friday. She aims to make Corbett her home this summer and expects to return as soon as she can dispose of her business in San Francisco.

PLEASANT VIEW

Bernice Woodard spent the week end at home.

Luther Soule, who has been very ill with pneumonia is out again and Alvin, who has also had pneumonia is beginning to improve, but is still a very sick boy.

Julius Lampert left for Camp Lewis, June 22, and his brother Alexander goes to Ft. McDowell July 5th. Fred Faderspiel and Daniel Bourgeois will accompany him.

Mrs. Harding left for a few week's stay with her father at Middletown, California, yesterday.

The Banner Chautauqua club will open their camp at Gladstone as usual for the benefit of all the east of Sandy residents and friends. Chautauqua begins July 9. Miss Sue Shelly and Mrs. A. D. Mershon will act as matrons. The club turned in a report of 263 guests at the camp last year and it is hoped that the attendance will be as good this year.

War Savings Stamps save lives.

TROUTDALE

Mr. and Mrs. J. R. Knarr are spending the cherry season at their home place in Troutdale. Mr. Knarr goes in daily to his work in the ship yards.

The Troutdale Ladies' Aid will meet with Mrs. James Norman next week on Wednesday, July 10th. All are invited and asked to come prepared to do hand sewing. Flour sacks to hem for dish towels are asked for.

Jack and Sam Harlow are visiting a few days at St. Helens, with the family of Ira Barton. Mrs. Barton and children expect to return with them for a visit at the Harlow home.

Mrs. John Isell and two children are guests of Mr. Isell's mother, Mrs. George Schlatter.

Ned Laudan, twin brother of Fred Laudan, whose parents live here, has joined the army forces, and is stationed at Vancouver.

Mrs. L. A. Harlow attended an Eastern Star reception at Woodburn last Thursday evening, in honor of the worthy grand matron, Mrs. Mabel H. Settlemeier. It was a joint reception, partly to do honor to Mr. Settlemeier, who is worthy grand patron.

The Daughters of the American Revolution came out to Multnomah Farm last Saturday and presented a fine flag, 9x4, for the chapel. They also gave a lot of small flags for the rooms, and bunting for the Fourth of July decoration.

Hay harvest and cherry harvest are in full swing here. The weather is fine for cherries, and the price is good, so there are lots of pickers gathering in the luscious fruit. The growers will realize quite handsomely this year on the crop.

Mrs. Singleton at Multnomah Farm reports \$1600 invested in war savings stamps at that institution, from the employees and patients. The patients were not solicited to invest, but many of them who had a little money would come up and want to invest it.

John Dennison has severed his connection with Multnomah Farm, and left Monday with his family for his farm at Condon. A Mr. Smith has been sent by the Oregon Agricultural college to take his place as farm manager.

Mrs. Frances Fox returned Sunday from a visit in San Francisco with her son Emanuel.

Mrs. Della Woodward left Sunday night for her home in South Dakota. After a visit of several weeks with her parents, Mr. and Mrs. J. W. Burdine, and other relatives.

MRS. J. W. BENECKE WRITES FROM SOUTH

In a private letter recently received from Mrs. J. W. Benecke, formerly of Fairview, some descriptions are given which will be of interest to the many friends of Mrs. Benecke in this vicinity. The letter is written from San Diego, California and is in part as follows:

"We are all quite well here. Have been in this place since February 11th and shall sojourn here probably through next winter providing all goes well. The climate is ideal among flowers, fruit and sunshine nearly all the year around here. I have almost forgotten what east wind means. This is quite a change for us. San Diego is a good sized place, many fine hotels, apartment houses, fine stores, high schools and normal school, also a beautiful harbor, (the San Diego bay). Weather is great all the year.

At the present time we have 49,000 soldiers and many sailors stationed here, also aviation station. Everything seems to be in uniform. Even the M. E. church choir consists of soldiers, and the music is great, and a full house there every Sunday. I do not have to go far, the church is only across the street and we attend quite regularly. The children and I also attend league. Bless the dear hearts of the soldiers. When testimony meeting opens the soldiers are always the first ones on their feet and they have the floor. I love to hear the chimes play the hymns. It is also agreeable to find the same kind of hymn books and everything the same as in Portland, Gresham or Fairview, in the line of supplies. So it is all familiar and home-like.

While I am writing here I can see and hear the aeroplanes buzz by the score. On Memorial day there was a parade above and one below us. The aviation station is across the bay, about 15 minutes ride on the ferry. There are some very intelligent instructors of France at this station.

The governor of Montana says that "thrift and self-denial are handmaidens in the house of victory."

Doing Good.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delmeny, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being an exceptionally fine preparation."—Adv.

MEAT! More Meat! A world demand for meat and a world shortage of livestock. Farmers and stockraisers are facing new problems in the raising and marketing of livestock. New ideas, new theories, strict economies must be practiced on every side. A closer cooperation between banker and producer is necessary.

Farmers and stockraisers will find this Bank's service advantageous in many ways. In financing purchases, shipping, yard collections, prompt stock returns and market reports,—you will benefit from the facilities we provide.

It Is Just What Uncle Sam Wants

At the request of the U. S. Food Administration our Company has loaned one of our Modern Electric Ranges to be used for the Food Conservation Demonstrations now being conducted in the Liberty Temple.

Do you want any stronger approval of any cooking device than this? Uncle Sam asked us for an Electric Range because it fills the bill better than any other Cooking Device made.

We urge all housewives interested in the patriotic service of their country as well as all who want their kitchens equipped with the most modern, convenient and reliable cooking apparatus to visit the Liberty Temple and see for themselves just what an Electric Range will do to reduce their household burdens.

Mountain Meadow Butter
Manufactured by
SANDY CREAMERY CO.
The name "Mount Hood Butter" has heretofore been used by permission of the Mount Hood Ice Cream Co., which has all its dairy products registered under that title. That permission has ceased, hence the change of name, which became effective on January 1. "Mountain Meadow Butter" will be found at all the Leading stores in the county. Ask for it.

Chamberlain's Colic and Diarrhoea Remedy

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.—Adv.

DENTAL CORPS OF ARMY CAN TAKE CARE OF MEN
The dental requirements of an army of more than 5,000,000 men can now be met by the present force of the Dental Corps of the United States Army. Examinations have been closed and no further additions will be made to the corps for some time. The number of dental officers has expanded since war was declared from 58 to 5,810. Commissions were offered to 5,467 dentists in all parts of the country, and all but 271 were accepted. The average number of tooth fillings in the army ranges from 225,000 to 250,000 a month. Special dental infirmaries have been established in the camps and cantonments, to which newly inducted soldiers are sent for examination shortly after arrival in the camps. A school for dental instruction has been established, where 85 officers are assigned each month to take the two-months' course. Cause of Despondency. Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.—Adv.
