## GRESHAM LOCALS

Miss Lucy Gedamke, of Portland, is spending the week with Mrs. J. G. Metzger.

Mrs. N. B. Ecker, Mrs. Mayme Boyle and son Walden spent the 4th at Estacada with relatives.

Judge George W. Stapleton was the Fourth of July orator at Tillamook. He will return home tomorrow.

Miss Reta Winters of Bend, daughter of Mr. and Mrs. Roy Winters, formerly of Gresham, is visiting relatives here.

Mr. and Mrs. E. L. McKinley went to Salem Saturday by auto returning Sunday evening. They report a pleasant trip and good roads the most of the way.

Attention of dog owners is directed to the ordinance passed at the council meeting last Tuesday evening. It is in full force and effect and will be enforced.

Miss Marie Mizs and Miss Ida Heald, proprietors of the Mizs Millinery, will close their store at the end of this week for a few weeks and enjoy a vacation.

A bunch of joyriders overturned an automobile in Judge Stapleton's lawn on Wednesday. No one was hurt but both front wheels of the machine were badly wrecked.

Wednesday's marriage licenses contain the names of Dr. Charles R. McColl and Miss L. Helene McDuff. Dr. McColl is the youngest son of Mrs. I. McColl, former postmistress of Gresham.

Work at the Gresham cannery is under full headway, the canning process being applied to cherries and a few raspberries and loganberries. About 30 tons of cherries will be put up, and they are of an excellent quality.

Guy Fieldhouse has resigned his clerkship with E. W. Aylsworth and will go into some other line of business which he has not made known. He has been with Mr. Aylsworth for about six years and the many friends of both will regret his leaving.

Miss Lella Gibbs has been entertaining for the past two weeks a friend and former patient, Mrs. Botkin of Nampa, Idaho. The two spent several days at Seaside. Mrs. Botkin has gone to California to visit a son, who is in a training camp.

W. C. Burch will leave for White Salmon tomorrow, from where he will go into the St. Helens reserve as a forest lookout for forest fires. His station will be about 12 miles northwest of White Salmon and about three miles from the nearest road or settlement.

Chief of Police Johnson, of Portland, was a Gresham visitor on Wednesday and made a pleasant call at the Outlook office. His business in Gresham was for the purpose of ordering a telephone installed in the new detention home being finished on the county farm.

The Outlook has received a letter from Mrs. O. E. Milleson of Oberlin, Kansas, in which she states that Mr. Milleson has volunteered as an electrician for Uncle Sam and goes to Manhattan for training in an electrical school on July 14th. Mrs. Milleson was Miss Elsie Metzger. She expects to remain there for the time being.

Quarterly meeting services will be held at the Free Methodist church beginning with this evening and continuing over Sunday. Only one meeting will be held tomorrow, beginning at 8 o'clock. District Elder J. A. Hopper will be in charge of the meeting and will preach on Sunday morning at 11 and in the evening at 8 o'clock.

Mr. and Mrs. R. W. Thorpe, living at 8228 Fifty-first avenue, Portland, were made happy yesterday by the arrival of a baby girl. They are receiving many congratulations over the event which occurred on the morning of the nation's natal day, when all the world was ablaze with patriotism.

George Leslie Jr. and family of Portland, his parents, Mr. and Mrs. George Leslie and A. Hevel and family made up a family party yesterday and enjoyed a picnic on the highway.

The Rebekah lodge of Gresham will hold their regular meeting on Monday evening, at which time the installation of officers will take place. A full attendance of members is desired.

Mr. and Mrs. L. S. McIntyre of Seattle are visiting with the former's cousins, Mrs. J. H. Metzger, Mrs. W. R. Gibbs and Mrs. Jas. McKinney and families.

Miss Della Hughes is acting secretary of the Mutual Telephone company in the absence of Miss Eva Anderson, who is to take a two-months' vacation.

Miss Mildred Pullen of Seapooise is spending the week with her grandmother, Mrs. P. A. Gould.

Elton Eastman is at home on a five-day furlough from Camp Lewis.

## HOW TO USE SUBSTITUTES

How to substitute the new war flours for the wheat and how to combine them to the best advantage was the subject of Miss Lilian Tingle's food conservation lecture in Villard hall at the University Wednesday.

"Oat flour is a good bargain even at eight cents a pound," she said, "because it is particularly concentrated. It contains more fat, more nutritive value than most other flours. The oat cake is the staff of life of the Scotch people."

Miss Tingle said that one trouble with the older substitute recipes is that they are mostly for hot breads. We are left toastless and "you can't serve creamed foods with muffins."

"But you will have a good substitute for toast," she said, "if you take two teaspoons of baking powder and nearly a teaspoon of salt to every cup of equally mixed oat and barley flour, sift and mix, then add a tablespoon of corn oil. Moisten with enough milk or water to make a firm paste that will roll and leave the bowl clean."

Roll very lightly and cut in toast sized squares (it conserves the trimmings) and bake in a rather hotter oven, at first, than wheat four foods require. Stand the pans up at an angle to cool as it makes for crispness.

"But above all let nothing delay you after you have put in the liquid," Miss Tingle continued, "for there is no quality in the new flours to catch the gas of the baking powder. These crackers (they really do not crack so they can not be crackers and they are not sweet, so they can not be cookies) may be toasted for a few seconds and served under creamed foods or they may be eaten cold with soup or salad."

Rice flour combines very nicely and when used with barley makes a bread nearly as white as wheat does. For pie shells, when used for lemon filling, they make the best combination.

However, fluffy mashed potatoes make a very good foundation for any bread, cracker, or pastry, Miss Tingle declares. They can be combined with any mixture and save the more expensive flour. They also furnish part of the moisture. But when potatoes are used in yeast the dough must be kneaded very much harder than for white flour.

"The big difference in making war breads and white breads," she said in closing, "is that the war bread must be handled very lightly and must be started to bake in a much hotter oven. But when you want another slice of bread you should eat a potato."

## WANTED.

The Gresham Cannery wants all good cherries of any variety. It is now ready to take care of any quantity and growers are requested to bring samples when price will be made known. Best prices will be paid.

## FIRECRACKERS CAUSE BUT ONE LITTLE BLAZE

A fire alarm last night at 10 o'clock brought out the firemen to put out a blaze on the roof of Geo. Parker's unoccupied house on Main street, near the Movie theater.

The blaze was probably caused by a firecracker and was thought to be extinguished, but an hour later it was seen to be burning again, when a second alarm was turned in. This time a better job was done and the building was saved.

## ORDINANCE NO. 95.

AN ORDINANCE to amend Section 1 of Ordinance No. 7 by making it unlawful for dogs to run at large in the corporate limits of the Town of Gresham at certain times, and declaring an emergency. Be It Ordained by the Common Council of the Town of Gresham: Section 1. That Section 1 of Ordinance No. 7 of the Town of Gresham entitled, "An Ordinance providing for taxing and killing dogs" passed by the Council July 18, 1914, be and the same is hereby amended to read as follows: Section 1. It shall be unlawful for any keeper, proprietor or owner of any dog or dogs to permit the same to run at large within the corporate limits of the Town of Gresham during the months of April, May, June, July, August, September and October.

That no dog or dogs shall be permitted to run at large upon the streets, lanes, alleys, highways or public squares of the Town of Gresham during the months of November, December, January, February and March, except as hereinafter provided in this ordinance, under a penalty, upon conviction thereof, of not less than five dollars (\$5.00) nor more than Twenty-five Dollars (\$25.00.)

Section 2. Inasmuch as this ordinance is necessary for the immediate preservation of the public health and peace of the Town of Gresham in this: That there is not adequate protection from dogs for the great number of War Emergency gardens in the Town of Gresham, therefore an emergency is hereby declared to exist and this ordinance shall be in force and effect from and after its passage by the Council.

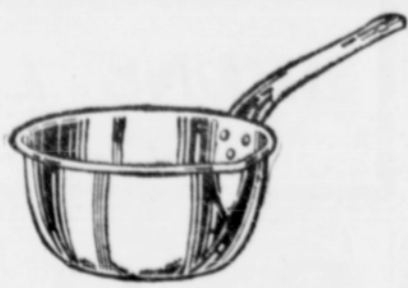

Passed this 2d day of July, 1918.  
Approved this 2d day of July, 1918  
G. W. KENNEY, Mayor.

Attest:  
K. A. MILLER, Recorder.

## PRESIDENT WILSON ON REVENUE LEGISLATION

Only fair, equitably distributed taxation of the wildest incidence and drawing chiefly from the sources which would be likely to demoralize credit by their very abundance can prevent inflation and keep our industrial system free of speculation and waste. We shall naturally turn, therefore, I suppose, to war profits and incomes and luxuries for the additional taxes.

But the war profits and incomes upon which the increased taxes will be levied will be the profits and incomes of the calendar year 1918. It would be manifestly unfair to wait until the early months of 1919 to say what they are to be. It might be difficult, I should imagine, to run the mill with water that had already gone over the wheel.

Moreover, taxes of that sort will not be paid until the June of next year, and the Treasury must anticipate them.—From the Presidents' Address to Congress.

Although bakers who use less than 3 barrels of flour and meal a month are not required to secure food administration licenses a recent rule gives them the right to come under license.

Prof. T. N. Carver, of Harvard University, says: "Anyone who, in these days of impending doom, buy anything which he does not need for his health, strength, or efficiency is hiring some one to do something which is unnecessary. He is hiring some one to stay out of the essential industries. He is competing with the Government for materials and man power which it needs to win the war and preserve the liberties of mankind."
