

# Are You in Trouble?

## Thinkograph

Every city in America, some day, will appoint or elect a Personal Trouble Specialist whose duties it shall be to prevent the sorrows, crimes, murders, insanity and suicides rather than later allowing the State—you and I—to support, for years, or to bury, the unfortunate.—Lucas.

TO YOU:—Many of you have read my articles in the Portland Daily papers the past three years. I have given you, therein, a little idea of "My Mission in Portland." Nevertheless, at this time, for the benefit of others who have not heard of me although desirous of knowing what I am and what I do, I'll say, briefly, (1) I am a Personal Trouble Specialist—one who solves Life's Problems, such as all Personal, Domestic, Love and Business troubles, preventing many divorces (sometimes advising a divorce), crimes, business failures, insanity, murders and suicides. (2) I am a Psycho-Analyst—one who, after a diagnosis and psychonosis, treats all Neuronic, Mental and Psychological Diseases, eliminating pathogenic ideas of fear, worry, accidents and sorrows caused by psychic trauma. These suppressed ideas produce functional disorders as well as real mental and physical diseases which lead to insanity and suicide. Very sensitive people who fear and worry about almost everything—those who are mentally depressed, call upon me, as I am the only Mental and Psychological Specialist in Portland or the Western States. (3) I am a Vocational Director—one who, after a physical, mental and psychical examination, informs you about your natural or best vocation. The great majority—over 90 per cent—of people are unhappy, unhealthy and unsuccessful because they are "misfits" in life—working and slaving in the wrong vocation, always wearing and worrying their lives away. You have a "place" on earth that you can find and fill more thoroughly and successfully than any other person. I can find that "place"—vocation—for you.

I may add that I have had 28 years' experience in teaching and treating humanity. My original methods in my new professions can be understood only by an educational campaign while I am alive—not after my death—that's why I advertise.

If you are in trouble; if you do not know just what to do about that which is causing you wakeful nights or restless days, do call upon me. I can help you. Tell your friends, I can help them also out of any trouble. You can be healthy! You can be happy. Tell everybody!

YOURS FOR HUMANITY,

**DR. ALZAMON IRA LUCAS,**  
Personal Trouble Specialist.

About the time some of the other suffrage organizations began to shower the administration with compliments for breaking up the meetings of the militants in Washington, the militants were released and told to hold all the meetings they wanted. It takes a fellow with the St. Vitus dance to stand by some policies.

The way to perfect the railway administration, which seems to be coming in for a good deal of complaint, is to make criticism of the railway service under political operation, a form of sedition. There are two ways of avoiding criticism; one to avoid justifying it, another to prohibit it. The last named method seems to be in vogue at present.

## FOR OLD LADIES

The Multnomah County Fair Board announces that the following list of articles and premiums, taken from the 1917 Premium List, was unintentionally omitted from this year's Premium List. All women over 60 years of age will be entitled to compete in this class, which was Class 82 last year, and are privileged to make their entries from this notice. It will come under the heading of

## GRESHAM LOCALS

Mrs. M. Kronenberg has been ill at her home for the past few weeks and is confined to her bed.

Herbert Lynch, who was injured by being kicked by a colt a few days ago, is able to be about again.

Mrs. L. S. Osborne and daughter, Miss Beesie, have rented Mrs. M. Nystrom's house on Powell street and have moved in during the past week.

The Gresham Red Cross auxiliary will meet for work next week Tuesday and Friday afternoons at the library. All workers are urged to assist.

Dr. H. H. Hughes appeared in Gresham this morning in the uniform of a first lieutenant. He will leave tomorrow for Camp Funston, Kansas, where he will enter the officers' training school in the medical division.

Mr. and Mrs. K. A. Miller have as their guests the former's brother, Dr. R. W. Miller and family of San Jose, California, who are taking an extensive automobile trip, including a visit to the Yellowstone National park.

Mr. and Mrs. M. J. Allshouse, living on the Section Line road west of Rockwood, have rented their farm to Morris Dhuist from Eagle Creek and will move to Gresham, where Mr. Allshouse has been employed for some time with Raker & Son in the garage.

Gresham's Volunteer fire department has 25 members in the service of the United States, as represented by a new service flag that was hung out yesterday. So many of the young men being away is the reason for recruiting more fire fighters from among the business men.

The Camp Fire Girls of Gresham have secured a booth at the fair and expect to carry on activities, the whole profit of which will go to the Red Cross. On Thursday the girls will serve ice cream in the afternoon and evening and on Friday lunch will be served at noon, the weather permitting.

Mr. and Mrs. E. S. McCormick and family left this week for Carlton, Oregon, where Mr. McCormick has the principalship of the school and Miss Helen McCormick will be one of the teachers. Miss Vaughn McCormick is a teacher in Jefferson high school in Portland and her brother Glenn attends the same school.

Mr. and Mrs. Emil Lauber have received word from their son Emil that he has arrived safely at his destination in Norfolk, Virginia. Emil had been on a furlough. On his return to duty he expected to connect with a certain train in Chicago. He was, however, three minutes late and was compelled to take a later train. It was later learned that the train which he wanted to take had been wrecked with considerable loss of life.

Mr. and Mrs. K. A. Miller have received letters from their son Bayard within the last few days from France, where he arrived safely a few weeks ago. He has been promoted to the position of wagoner, with a corporal's pay. He is with the 104th Ammunition Train and is driving a truck handling ammunition. He thinks France a very beautiful country but that it cannot compare with the United States. He is well and enjoying his work.

### Cull the Poultry Flock.

To encourage the production of better poultry, specialists of the United States Department of Agriculture are now conducting a campaign urging all poultry growers to cull their flocks at this season and keep only the best laying hens for next year. In this work they are urging poultry departments of agricultural fairs, county agents, and poultry breeders to take a greater interest in poultry shows and poultry displays at fairs. In the present emergency, to use to the fullest extent the power of popular exhibitions of poultry to create new interest, it is more important to have small shows wherever an exhibit can be brought together than to have what poultrymen are accustomed to call quality shows.

### Convenient Wrist Watch.

"I can't understand why the public make such a joke of the wrist watch," said the knut to the hardened sinner. "I'm sure it's a great convenience."  
"Yes, with the old kind of watch I always had to unbutton my coat and fish in every one of my waistcoat pockets for it. Now I have to unbutton my coat, fish in every one of my waistcoat pockets, discover that the watch isn't there, push up my sleeve, and look at it. A great convenience!"

## PLEASANT VALLEY

Mrs. Fred Emmitt and three daughters, of Albany, are visiting at the home of Mr. and Mrs. Gus Richey. Mrs. Emmitt is a niece of Mrs. Richey. Leon Miley and two sisters, of Portland, were visitors Sunday at the home of Mr. and Mrs. Stradley.

Mr. and Mrs. Will Richey visited in Portland Sunday at the home of Mrs. Richey's parents, Mr. and Mrs. Geo. Robinson.

Charles Garrison, of Medford, is visiting his parents, Mr. and Mrs. W. F. Garrison, this week.

Mrs. Milton Robinson, of Eugene, visited at the home of Mr. and Mrs. Will Richey several days recently.

Ronald Goodwin, of Silverton, visited his aunt, Mrs. F. A. Richey, one day recently, while on his way to Camp Lewis.

Mrs. P. J. Berke has returned home after several weeks' spent at St. Martins Springs.

Mrs. Mary J. Jewell has returned to her home here with her sister, Mrs. G. N. Sager, after several weeks spent at Battle Ground, Washington.

## CORBETT

Miss Alice Rasmussen left Friday for Bend, where she has a position in the public schools of that city.

Mrs. Clara Boehmer visited friends at Hood River several days last week.

Elmer Leader was down from Camp Lewis and assisted in doing the threshing on his mother's farm last week. Elmer is now a second lieutenant and was commissioned from the fourth officer's training school at Camp Lewis.

School opened Monday with rather a small enrollment as many of the students are being kept from school on account of the scarcity of farm labor.

The fall season of fishing opened Tuesday and the local fishermen are doing very well, as the salmon are quite numerous and of a good quality.

## KELSO

The recital of Miss Hilda Byers' piano pupils was a success but owing to the prevalence of fires in the neighborhood, the attendance was small. Dr. Emil Enna of Portland who conducted the recital gave the audience a rare treat in his wonderful performance on the piano. Also Mr. Epping, a noted vocal teacher of Portland, delighted the company with vocal solos which were highly appreciated. Miss Edith Gowan of Portland, also rendered delightful violin numbers.

Fire starting from a land clearing destroyed about \$200 worth each of fencing for F. W. Canning, Ned Nelson and Robert Jonsrud. The latter also lost fifteen head of sheep in the fire valued at \$225.

## BORING

Fire completely destroyed the house occupied by Mrs. Morris Wilmarth early last Sunday morning, together with all the furniture and personal belongings of Mr. and Mrs. Wilmarth. The origin of the fire is a mystery, as no one was known to have been in the house since early Saturday morning, when Mrs. Wilmarth left for a trip to Newberg. The house belonged to a Mr. Larson of Portland. Mr. Wilmarth is a soldier at Camp Lewis. Mrs. Wilmarth has gone to her parents at Oswego.

Mrs. Hans C. Larsen has as guests her relatives, Mr. and Mrs. Burbank of Filley, Kansas.

## POWELL VALLEY

Services at the Swedish Mission church for next Sunday will begin with Sunday school at 10 o'clock, followed by preaching by the pastor, Rev. Wm. Hawkinson. He will preach again in the evening. The evening service will be exclusively in the English language. On Saturday night the young people's meeting will be held and on Thursday night the usual prayermeeting. A cordial invitation is extended to all to attend.

## TROUTDALE

The Red Cross will resume work next Thursday and will meet in all-day session, beginning at 10 o'clock. Bring a sandwich lunch.

### Build a Silo.

It is cheaper for the farmer to build a silo now than it was a year ago, or even two years ago—not in dollars and cents but in bushels of corn, or pounds of beef or pork. A silo was never needed more than at present. Practically all the corn crops is saved for feed when put in a silo, but otherwise 30 to 40 per cent of it is lost.

Old silos should be repaired before time to fill them. Temporary wooden silos are likely to shrink and fall down if not looked after during the hot summer months.

### Cave Men in America.

The cave man has long been supposed to have lived only in the old world, and if the term is used to mean the very primitive species of homo sapiens, this is true. Explorations made in Kentucky this year by scientists of the American museum, however, show that primitive men did live in caves in America. In the Mammoth cave and others they found unmistakable evidence that the mouths of the Kentucky caverns were used as dwelling places and that the Indians explored the caves and mined quartz in them. This is especially interesting because it is known that Indians did not live in this region after its discovery by white men. The American cave dwellers, therefore, must have belonged to an earlier period.

The retirement of Mr. Page from the most important diplomatic post in the gift of the administration really looks like a case of swapping horses in the middle of the stream.

Save for the country's sake.

### Deception That Is Common.

The Christian nations offer many illustrations of the law of irony. They profess the citizenship of heaven, the exclusive worship of eternal good; and never has the hungry pursuit of perishable joys, the love of this world, or the thirst of conquest been stronger or more active than among these nations. Their official motto is exactly the reverse of their real aspiration. Under a false flag they play the smuggler with a droll case of conscience.

Is the fraud a conscious one? No—it is but an application of the law of irony. The deception is so common that the delinquent becomes unconscious of it. Every action gives itself the lie in the course of its daily life, and not one feels the ridicule of its position. A man must be a Japanese to perceive the burlesque contradictions of the Christian civilization. He must be a native of the moon to understand the stupidity of man, and his state of constant delusion.
