A local headquarters for the receipt of such articles has been established in the Jacobson building, Gresham. It is in charge of Frank Jones. Other members of the committee are Mayor Geo. Kenney, Chas. Cleveland and D. G. Geddes.

Liberty Loan Notes.

"Baker Organizes Early." T. G. Montgomery is chairman of the executive committee of Baker County, and in the recent meeting at the Commercial Club the County's organization was speedily placed on its feet.

"Klamath Voices Sentiment in No Uncertain Terms." Strong feeling exists in one of the districts of Klamath regarding a ranch operator, reported to be one of the wealthiest of the community. He has so far failed to participate in any of the Liberty Loans. The committee which has been discussing the matter promises some interesting history in the event that this rich slacker does not subscribe.

"Deschutes County Confident." The Committee looks for a real "walk-away." C. S. Hudson reports splendid success throughout the County, with extremely heavy co-operation from women's organizations which are active, not only in the city of Bend but throughout Deschutes County.

"Washington County Depends on Patriotic League." At the recent conference of the Washington County Board, the Loan committee decided to use the machinery of its well organized Patriotic League. A canvass will be conducted with the school district as a unit, and will handle their bonds through their banks, crediting them to the bank located in the district.

"Yamhill County Women Active." Women are taking an unusual interest in the campaign in Yamhill County. They are relieving the men from many of the duties of the drives as they are needed to harvest the fruit crop and other products.

"Polk County Enthusiastic." Polk County, according to report, has plans under way of which it is saying very little. It is very certain, however, that the quota will be promptly subscribed.

"Lincoln County to Use Soldiers." With 3000 soldiers in Newport and surrounding territory, the Liberty Loan Committee of Lincoln County expects substantial assistance from the men and officers situated there. Lincoln anticipates no trouble in speedily raising its full quota.

"Jefferson Depends on Organization." Under the leadership of Howard W. Turner, whose record of efficiency is recommendation enough for any plans that may be under way, the organization of Jefferson County is complete, with another patriotic record as a goal.

"Madras is to have its big 'Mothers Parade' on September 21st. Rating cards and subscription applications will go out September 17th. Madras plans to use slacker lists if necessary.

"Linn County Depends on Quotas." Linn County has its campaign of establishing quotas almost finished. It is planned to make every subscription a volunteer.

"Marion County Ready for Hard Work" Owing to the shortage of crops and loss of laboring population in the cities Marion County feels that its task will not be small and has accordingly made its organization and plans proportionately larger. The campaign will be a far-reaching one.

"Tillamook at 12:01." Tillamook has promised to be "Over the Top" at 12:01 on the morning of September 28th. Strong organization has been the key-note of its previous campaigns.

"Umatilla Links Campaign With the Roundup." With such features as the Camp Lewis Military Band and the Round-up Umatilla County is going to boost the Fourth Liberty Loan. The women of Umatilla County are playing a very important part in the work of securing subscriptions.

"Harney Patriotic." The fact that many of the cattlemen of Harney County are selling part of their herds to avoid the expense of feeding them through the shortage of crops and otherwise suffering because of the extremely dry summer, this section will, nevertheless, do its part in the Fourth Liberty Loan, according to Chairman Donnegan. Harney will just make that much stronger a campaign.

"Hood River Holds Meeting." Community meetings, at which the objects of the loan and the necessity of doing their level best is brought out, are being made a feature of the Liberty Campaign in Hood River County. The importance of women taking a real active part is demonstrated in the many applications which are already coming in.

"Douglas County Awaits Quota." Douglas County has adopted the "Zero Hour" as the watchword of their campaign. It has also made military organization a part of its campaign and will carry on this work through campaigns and sub-delegations so that their district will be couped and not an individual escape.

"Astoria Builds Liberty Temple." Clatsop County war activities will in the future be directed from a temple being erected by patriotic workers of Astoria. Astoria will publish the names of subscribers beginning September 16th; it will signalize real patriots in that fashion. The financial condition of every prospect is being gone into very thoroughly.

"Grant Wants No Help." A message from Grant County reads, "We need no speakers, boosters nor advertising. All we want is to know how much you want us to get. Leave the rest to us." Grant's previous records indicate reason for its confidence.

"Benton to Persuade Objectors." Plans for persuading conscientious objectors to subscribe to the Fourth Liberty Loan made up the subject of a recent meeting at Corvallis. After all arguments fail their names will be published in newspapers as slackers. Wide use of the questionnaire will be made in Benton County.

"Lane Depends on Publicity." Lane County will depend, to a great extent, on publicity and advertising for the success of its drive. The committee feels that it is no longer necessary to sell the war to its people, but that everyone will do his level best when told what is expected of him.

"Washburn County Ready for Hard Work." Washburn County is ready for hard work. The committee is confident that the quota will be promptly subscribed.

"Wheeler County Ready for Hard Work." Wheeler County is ready for hard work. The committee is confident that the quota will be promptly subscribed.

"Wheeler County Ready for Hard Work." Wheeler County is ready for hard work. The committee is confident that the quota will be promptly subscribed.

TROUTDALE

Troutdale had a large representation at the county fair. We were fairly well pleased with our rating for our booth, third prize. We got the highest possible markings on appearance of booth and general school work, but smallpox in Troutdale had played havoc with club work at the time when much of it was to be done, and we have had no junior Red Cross society, so did not get the desirable high marks there. But if we carry out our present intentions, look out for us next year. We are going to do things.

The first meeting since vacation of the Troutdale Red Cross auxiliary was held last Thursday with a rather small attendance. It is hoped more will be able to be out this week; Thursday afternoon at 1:30, now that the fair is over, and the canning season is nearing the end. Attention is called to an urgent request sent through the Red Cross for garments for the relief of French and Belgians in occupied territory. See the Red Cross officers.
