

FAIR PLAY

Turn about is fair play. You work for your dollars, why not have your dollars work for you?

Dollars are good workers. They are faithful, tireless and efficient. All they need is a good chance. Put your dollars by until you have a working capital. In time they will earn as much as you do.

BANK OF GRESHAM

GRESHAM, OREGON

The Cup of Life.

Oh, what is life worth if 'tis not for another? When we dip in the deep well of life for a draft

If the cup is not held to the lips of a brother 'Twill change into bitterness while it is quaffed.

Drink deep, then; begrudge not your soul its full measure Of happiness; sing like a bird if you're gay. But whether you're happy or sorrowful, treasure

The chance to give happiness, just for a day.

Zip cleans your chimney for 30c. L. L. Kipper Hdq. Co.

Democratic Chairman Van Nuys, of Indiana, says the farmers are patriotic enough to accept fifty cents a bushel without a murmur for their wheat if that will win the war. Quite right, and the democratic cotton growers are patriotic enough to accept fifty cents a pound for their cotton, etc., etc.

More than 140,000 additional officers will be needed for our armies in the next year and if we get too short doubtless we could get some in Central America, where everybody is an officer.

By this time next year if you want to get in communication with the kaiser you will have to page him at St. Helena.

TROUTDALE

Errol Ide, who has made his home in Montmartre, Saskatchewan, Canada, for the past three years, returned last week to Troutdale. He says he likes the old United States the best.

No meetings of any kind are being held in Troutdale in compliance with the closing order.

Lawrence Hudson came home ill last week and his malady soon developed into scarlet fever. The case was put under quarantine and he is recovering nicely.

Five more pillows were supplied by the Junior Red Cross last week, making fifteen in all so far from Troutdale.

Clarence Parsons is out again after his attack of appendicitis last week.

There are a few cases of grip here, and some severe colds, but all are recovering without any alarming symptoms.

Mrs. E. Dupuis, of this place, is getting very well acquainted with quarantine. The family was quarantined most of the summer with small pox, then Mrs. Dupuis went up to Pendleton to visit with her husband, who is employed there and attend the round-up, taking her little boy Kenneth with her.

At the end of her two weeks' stay, on the eve of returning home, Kenneth became ill with scarlet fever, and was quarantined again. Mrs. Dupuis is still sojourning in Pendleton.

PLEASANT HOME

Mrs. Frank W. Thomas, of Portland, visited last week with her husband's parents, Mr. and Mrs. Thomas of this place. Her husband is serving with the 23d Engineers in France as a courier at headquarters. He writes that he is exceedingly busy.

A 5-pound baby girl was born on Sunday to Mr. and Mrs. James Fitzgerald.

Two Pleasant Home boys were called to the colors last week. Robert Shumway has gone to Ft. Stevens and Alfred Sloop to Benson Polytechnic in Portland.

Miss Emma Wilson has gone to visit with her parents at Cloverdale. Mrs. B. A. Gifford, who is a patient at Mrs. Thomas' sanitarium, has received a letter from her son Ralph saying that he is stationed at Whitby, Ireland. He is in the United States navy.

Russell Earl, 5-months-old son of Mr. and Mrs. Jewell Collins, died at the home of his grandmother, Mrs. F. Cornutt in Portland and was buried yesterday afternoon at the Pleasant Home cemetery, Rev. David Cathey officiating.

Joseph Stephens spent Sunday here with his family, returning to his work in Portland on Monday.

Mr. and Mrs. George Ledbury are visiting with relatives in Pleasant Home.

August Bartsch, who has been working in a Portland shipyard, is at the home of his brother, Emil in Pleasant Home, where he is resting on account of a slight illness.

Guests at the home of H. L. Shaw are his daughter, Mrs. J. W. Sanders of Dallas and his granddaughter, Mrs. Velma Anderson, of Pendleton.

J. W. Lauderback has returned from eastern Oregon and is now at work in the paper mills at Oregon City.

TERRY

Mrs. Rachel Dodge, of Montavilla who has been the guest for the past three weeks in the home of Mr. and Mrs. R. W. Calkins, has returned to her home. Oris Moon of Ft. Klamath was a week-end guest in the Calkins home.

Miss Elsie Calkins is employed in government work at Everett, Washington.

ROCKWOOD

Rockwood school has furnished 30 pillows for the emergency hospitals in Portland and six more are promised. The school's quota was ten. The pillows were made by various patrons of the district in their homes and have been turned over to the Red Cross workers. Miss Ruth Todd of Portland is the teacher.

When a few thousand more Yanks get in action there won't be enough tail feathers left in the Prussian eagle to trim a spring hat for the kaiserin.

H. W. Snashall, president of the Farmers Mutual Fire Relief Association, reports the association has broken all former records in 1917. The annual statement shows 383 new members gained, 17 fire losses paid, aggregating \$4911; \$1,036,677 of insurance written, one assessment levied, and \$700 invested in liberty bonds during the year. The association is entering its 14th year, and has over 4000 members carrying \$4,250,000 insurance. It has made an annual saving of over 50 per cent to its members. At the annual meeting in January Andrew Brugger of Gresham was re-elected director for the ninth year. Farmers desiring to join may obtain information from H. W. Snashall, Gresham, R. A. or Herman Loeding, secretary, 409 Stock Exchange Bldg., Portland.—Adv.

APPLICATION AND USES OF AGRICULTURAL LIME

High grade fine ground limestone corrects soil acidity, aids decomposition of organic matter, liberation of mineral plant food and nitrification, and improves the physical structure of heavy soils.

"Soils of the humid sections of Oregon are acid and respond by increased yields to liming," says the department of Soils at the college. "High acidity obtains in the most humid regions and on the red hill soils."

"Fall applications are best for next season's crops, while the ground surface is dry. Where clover is to be seeded on winter grain disk in the lime after plowing. Apply with a lime spreader or manure spreader, putting a thin layer of lime on a layer of manure. Directions for making a lime spreader can be had at the college."

"Apply lime to legume crops and to land known to be acid, and of low fertility. Test for acidity with litmus paper or send sample to the college for test. About two tons per acre, or three if strongly acid, should be used. Its effects last several years and benefit crops indirectly."

"Wet lands should be drained before liming. The lime should be used in connection with manure, green manure and crop rotation."

"The State Lime Board is ready to supply ground limestone at cost, and must have orders this fall to keep the plant running. The price is \$1.75 f. o. b. Rock Point, car lots, cash with order. Orders may be sent to C. A. Murphy, Secretary, Salem."

The only difference between the professional gambler and the highway robber is that the former is usually gentler. The effect is exactly the same and the chance of the victim's escaping is better with the highwayman than with the other.

Following closely upon the breaking away of Bulgaria from the Central Empires comes the news that the Pathe Company will dissolve its motion picture relationship with Hearst as soon as possible.

If you are in a hurry to get back to normal conditions in this country, it may cheer you to know that you'll never be back to them in your life time, if you mean by "normal," the conditions that were before the war.

GRESHAM TIME TABLE

Table with 2 columns: Time and Destination. Includes trains for Estacada or Bull Run, Gresham, and Portland.

Table with 2 columns: Lv. Montavilla and Lv. Troutdale. Lists departure times for various destinations.

*Daily except Sunday. To Linnemann, connect with O.W.P. train for Portland. Wednesday and Saturday the 11:15 P. M. goes to Montavilla.

GOVERNMENT DEMANDS HOUSING FOR WORKERS

The demand for housing for shipyard workers has sent investigation committees not only through Portland but also into the country and small towns surrounding the city. It is intimated that shipyard contracts will depend on the success of these committees in providing adequate housing for those already working.

Mrs. E. M. Bothwell of Beaver Garden farm near Troutdale is in charge of the drive for houses in this end of the county. She reports satisfactory reports from Fairview and Troutdale, but that so far very little has been offered in Gresham, which may be explained by saying that houses in Gresham are already well filled up.

It is possible, however, that there are a number of buildings here which are unoccupied, which might be made comfortable abodes. Owners are urged to list such, whether they are tent houses, little shacks, empty store buildings or more pretentious residences. Mrs. G. W. Kenney has charge of the work in Gresham. Reports may be sent to her, and as a final report must be given to the Portland committee within a day or two, all are urged to give the subject immediate consideration.

Some men hoard in safety deposit vaults and others bury their money in their back yards, but when it has to have it the government will get it in either place.

The soldier's sweetheart who keeps company with a slacker over here will justify the soldier's belief that his "bonny lies over the ocean."

Mrs. Elizabeth Toms, eighty-five years old, has severed her connection with the Tyndale public school, Philadelphia, of which she was janitress for fifty years.

If there is anything funnier than a slacker's excuse for not being in the army it's the reasons his enemies give for his not being in.

It is reported from Amsterdam that the kaiser was so encouraged by the republican victory in Maine that he is talking of resigning.

Carbons for lighting and electrochemical purposes are made in Sweden from tar by a new process.

A Piece of Paper.

Commenting upon the admirable manner in which the responsible newspapers of the country have correctly reported public opinion with reference to peace terms, the New York Herald says: "The responsible newspapers of this country are right because the heart of the American people, from which they speak, is sound."

That is true enough, but there will be fewer responsible American newspapers to speak from the heart of the people if the price of paper continues to advance. The federal trade commission has done about as much to disturb commercial conditions in this country as any one body now in existence. In the face of a federal court decision in New York that a certain price for paper was high enough to give the manufacturers a fair profit (and it certainly was), the commission has again raised the figures and made them retroactive to July to a price that will mean \$4.25 a hundred pounds when the paper is delivered at the newspaper offices, against the former price of \$2.06. The magazines are affected as well as the newspapers. Congress and other powers had already provided for additional burdens such as the bundle tax, the increased postage rates, higher freight charges and various other impositions. In order to save better grades of paper the Congressional Record is being printed on news print, but the Official Bulletin—Mr. Croel's daily newspaper—uses a grade of book paper instead of newspaper, and a plea is made to extend its already large free circulation.

Throughout the war the publications of this country have given freely and largely of their space and the work. It has been both a duty and a pleasure to strive for the successful prosecution of the war. It has been a patriotic privilege to help the liberty loans, to urge the saving of food, the increase in the crops and in live stock and the support of the many war auxiliaries. Where the manufacturer was paid for everything he furnished the government, the newspaper and magazine gave of their stock in trade—space for printing—and asked nothing in return except the right to go on being useful. Occasionally some official gives the publications perfunctory thanks and then somebody else raises the price of paper.—Indianapolis News.

HONOR ROLL FOR EASTERN MULTNOMAH

The following list of names includes those from Gresham, Troutdale, Fairview, Corbett, Pleasant Home, Pleasant Valley, Borine, Etc.

(Note—Request is made for additional names of men in the service from Eastern Multnomah and Northern Clackamas Counties.)
