State of Oregon, County of Multnomah, ss. I, K. A. Miller, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

Mr. and Mrs. L. L. Kidder entertained on Saturday W. J. DeLamater of Pecatonica, Illinois, who has come with his family to Portland and who may locate in the west.

ARMISTICE SIGNING EXPECTED BY SOLDIERS

Another of Curtis Hendricks' interesting letters has been received by his mother, Mrs. J. W. Hendricks, which indicates that the soldiers were looking for the early signing of the armistice.

I received your very welcome letter today, and was certainly glad to hear from you, it was some time since I had any mail, and I was becoming anxious.

Well, mother, it does look as though the big game is about over, and then I can write and tell you where I have been, and the historic shattered cities I have seen, the fronts I have been on and the many thrilling escapes and adventures I have had.

Well, there is no news, so will close for the present. The Christmas dinner is called off, but we will have it anyway later.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use.

Miss Hilma Truedson, who has been seriously ill at Emanuel hospital in Portland, is at home with her parents, Rev. and Mrs. John Truedson.

WHAT TO USE TO PREVENT APPENDICITIS.

Gresham people should know simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, flushes the ENTIRE bowel tract so completely that appendicitis is prevented.

REMARKABLE ABSTINENCE

The A. E. F., take it from everybody who knows anything about it, is remarkable for its temperance.

"Ah, m'sieu! I like ze Americans, beaucoup, ces braves gens. Only they drink my cistern dry. Beaucoup de vin I had, but water must they have and now I have nothing with which to wash."

"But—I—I—do not care. There will be rain again soon. Besides, to repay me, have they not taught me the English?"

Every American soldier in France is to have the chance to go to school under Army control.

This system as worked out by general headquarters provides a school at all posts, cantonments, hospitals and rest camps with a constant population of 500 or more.

As soon as the war ends, possibly as soon as the fighting stops, waiting on peace negotiations—it is planned that officers and enlisted men will be given leaves of absence from their units to attend such classic institutions as Oxford, Cambridge, Edinburgh and Glasgow.

The subjects to be studied are broadly classified under these heads: French language.

History, character and institutions of the French and English people.

Causes of the war and America's participation therein.

Courses in common school subjects.

Special courses for examination for promotion.

According to the promoters of this system it will be a man's own fault if he doesn't come out of the Army with a much better education than when he went in.
