

HONOR ROLL FOR EASTERN MULTNOMAH

The following list of names includes those from Gresham, Troutdale, Fairview, Corbett, Pleasant Home, Pleasant Valley, Boring, Etc. (Note—Request is made for additional names of men in the service from Eastern Multnomah and Northern Clackamas Counties.)

APPEAL TO WOMEN OF AMERICA

(To be read by the presiding officer of all women's clubs in the United States on "Women's Organization Day"—Wednesday, Dec. 4th.)

"The food supplies of the world have been steadily lessening. It is the impact of this shortage which has knocked at every door in the United States.

We hold it in our power and ours alone, to keep the wolf from the door of the world. This duty is wider than war—it is as wide as our humanity."—Herbert Hoover.

The Hun is defeated but Hunger reigns in Europe. In Poland and Serbia hardly a child is left alive. Fields are weed-choked; those who till them lie on a hundred battlefields. Widows and childless women are left alone to care for the aged and wounded. But at last each violated land lies open to our succor, and we must not fail.

We Must Save or They Will Starve. American soldiers and American resources in food and materials of war have helped to win the war. Our men and our resources are still mobilized. The women, who are the guardians of our food resources must remain until they are mustered out.

TROUTDALE

Mrs. J. A. Larsson was a Troutdale visitor this week, having come out to attend the school meeting in her official capacity as school clerk. It was found at the meeting that \$1500 was the amount to be raised for the year's expenses.

Mr. and Mrs. E. W. Grievish, formerly of this place, were visiting friends in Troutdale last Sunday. Mr. Grievish has been very ill with influenza, but has recovered.

"Jack" Johnson came last week to visit his mother, Mrs. Tollyson, to find that she had died several weeks ago. He has been in South America, and did not know of his mother's death.

The Troutdale Ladies' Aid will hold their regular meeting next Wednesday, December 4th, at the church. All members and friends are urged to be present.

Mr. and Mrs. E. W. Duncan, of Kansas City, who spent the summer and fall on the Cherry Park place, have gone to Portland, where they are visiting their daughter. Mr. and Mrs. Newman, whose home is in Pendleton, are planning to spend the winter on the place.

The Red Cross sewing will be resumed next Thursday from 10 to 4. There was no meeting this week, in honor of Thanksgiving. There is an abundance of work on hand.

Mrs. J. F. Thompson and son Donald, of Lewiston, Idaho were guests Tuesday of Mrs. Thompson's sister Mrs. C. I. Thomas. Donald, who is in the naval reserves, came down with a crew from Bremerton to man the new Portland-built ship, the Western Belle, which is taking on a cargo of flour destined for a European port.

There is school here Friday this week, contrary to custom, but the "flu" is no respecter of custom, and we have to make up as best we can for the time lost.

ROCKWOOD

No services will be held at the church next Sunday, on account of the influenza epidemic. The pastor, Rev. F. J. Schnell, announces that the workers on the community service canvass will meet at the church at 10 o'clock on Sunday.

Government work on spruce production has ceased and all equipment is to be sold to the highest bidder. Of the twelve railroads controlled by the spruce division at least four of them should be available for public service, according to General Disque. These are the two north and south roads at Yaquina, south of Toledo, Oregon, the line on the Olympic peninsula in Washington and the line in Pacific county, Washington.

Portland will soon have another flour mill under construction. The Eagle Flour Mills, that will be erected adjoining the public elevator, will have a capacity of 1,000 barrels per day. It is the intention of the company to proceed with the work at once and it is expected the mill will be completed, ready to grind for the new crop.

Airplanes fly in V-shape that one may not get in front of another and obstruct its line of vision.

Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, New York.—Adv.

We face a new program in conservation, one that calls for much more rigid acceptance and discipline, because it does not demand brief, dramatic sacrifices, but a steady unvarying saving of all foods and the giving up of everything beyond our definite needs. We must accept simpler habits of living and the daily yielding of indulgences, which had become woven into our lives.

After reading the above appeal there should be a call for a standing vote on the following pledge and a resolution may be passed to be transmitted by wire or letter to the Federal Food Administrator.

Pledge: We pledge to our country our best effort to prevent waste and the selfish use of our food reserves. We pledge our loyal co-operation in carrying out the conservation measures suggested by the government.

And if economy sometimes grows irksome or if this service works unwelcome change in our accustomed manner of living, we will think of those who have offered their lives for their country and those whose homes have been devastated. We will be glad that we, too, can serve in satisfying their hunger, in renewing their courage, and in re-establishing their homes.

POWELL VALLEY

The Ladies' Aid society of the Swedish Lutheran Saron church of Powell Valley will hold an auction of useful and fancy articles in the side room of the church on Friday evening, December 6. The proceeds will be for the benefit of the society and the church. A most cordial invitation is extended to all to attend.

No services will be held in the Swedish Lutheran church next Sunday. The pastor, Rev. John Truedson, will be away over Sunday, having gone to Mist, Oregon, where he will hold services next Sunday. The next services to be held in the local church will be on Sunday, December 8, when communion will be given at 10:45 in the morning. The young peoples' meeting will be held the evening of that day. Fine Thanksgiving services were held at the church yesterday both morning and evening.

FAIRVIEW

No services will be held in the Fairview churches on Sunday. Influenza has not spread any farther and no new cases have been reported, but public gatherings are discouraged as a preventive measure.

B. W. Grant, who has been employed in the United States Navy Yard at Newport, Rhode Island for more than a year, returned home last Wednesday.

Mr. and Mrs. D. W. McKay entertained at dinner on Thanksgiving Dr. S. J. Reid of Vancouver, B. C., Miss Margaret McKay of Portland, Mr. and Mrs. J. R. Cavanagh, W. H. Cavanagh, Mr. and Mrs. B. W. Grant and son Donald.

BORING

Several new cases of influenza appeared here on Tuesday, all of a mild character. It was decided to close the district school until next Monday, in consequence, and perhaps for a longer period.

POTATO TRADING GENERALLY LIGHT

The potato markets passed through a week of uncertainty with a slow demand in practically all parts of the country. Prices were generally weak up to Saturday but picked up slightly yesterday so with light shipments and holiday buying the market is feeling firmer but not in position to advance at once. The movement of Pacific Coast potatoes is increasing and 559 cars were shipped the past week, 106 from Washington, 52 from Oregon, 192 from Idaho and 209 from California. Prices have slumped at Stockton to around \$2 per hundred for fancy stock, with most of the shipments rolling unsold. At Idaho Falls they are stationary at last week's figure, \$1.15 for rurals, cash to growers. The same condition prevails in Colorado. At Waupaca, Wisconsin, the market struck bottom for this season so far at \$1; \$1.10 cash to grower for round whites in bulk but has recovered so the best stock brings around \$1.25. Eastern markets are steady. Maine Green Mountains are jobbing \$2.35-\$2.60 in New York, an advance of 10 cents over last week.

The southern markets, the main outlet for Pacific Coast potatoes, are heavily stocked but steady in price. Colorado and Idaho stock in carlots are bringing \$2.05-\$2.10 in Port Worth. The shipments fell off for the week probably due to the first cold wave of the season in the middle west. The shipments total 2835 cars as compared with 411 last week and 3837 the week before.

Tailoring For men and women—cleaning, pressing and repairing done well. Peter Lenard, Powell street.

NEW FARES ON THE INTERURBAN

Effective next Sunday, December 1, 1918, the Public Service Commission has ordered new passenger fares inaugurated on the Interurban lines of this company.

Between Gresham and Portland

There will be four different rates of fare between Gresham and Portland as follows:

Table with 2 columns: Fare type and Price. Single cash fare 30 cents, Ten-ride coupon ticket 27.4 cents, Family 60-ride coupon ticket 23.5 cents, 52-ride commutation ticket 20 cents.

Tickets Are Cheaper

It will be seen from the above that it is much cheaper to use tickets than pay cash fare.

The 10-ride coupons are unlimited tickets, good any time and may be used by anyone. They cost \$2.74 per book.

The 60-ride coupon ticket is good for any member of the family for a period of six months from date of purchase. The cost per book is \$14.10.

The 52-ride coupon ticket is good for 30 days only and must be used by the individual to whom sold. Unused coupons, not to exceed four in number will be redeemed and applied on the purchase of a new book for the ensuing month. These books cost \$10.40.

Other Changes

The sale of all round-trip tickets has been ordered discontinued.

All present 20-coupon books outstanding on December 1, will be void but will be redeemed at cost.

Transfers to and from city lines will be discontinued. City line tickets will not be accepted for passage on the interurban lines.

For further information apply to Traffic Manager, Electric Building, or to any ticket agent.

PORTLAND RAILWAY, LIGHT & POWER COMPANY

Tomato Teaches Lesson.

"I not only grew a bigger and better tomato crop this year but am a better farmer for having studied the Oregon Agricultural college experiment station bulletin, 'Vegetation and reproduction with special reference to the tomato,'" said a Corvallis truck grower.

The tomato has been forced to give up some of the important secrets of crop growth and production, which intelligent farmer can take advantage of in maintaining the most profitable balance between carbohydrates and nitrates. Dr. E. J. Krause and H. R. Kraybill are the joint authors. Copies may be had for the asking. "Careful study of the bulletin will benefit the farmer," says A. B. Cordley, station director.

Naturalist Tells About Gophers.

"The life history and control of pocket gophers in the Willamette valley," is summed up in a new Oregon Agricultural college experiment station bulletin of the foregoing title, written by a western naturalist, Howard M. Wright, now in army overseas service. Mr. Wright studied the living, feeding, and talking habits of the little pest and utilized the information gained in telling how to control its depredations by poisons and traps. Father and son will both be interested in the story and directions. A copy may be had free of charge.

The most powerful animals are vegetarians.

About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.—Ad.

GRESHAM TIME TABLE

Trains for Estacada or Bull Run, Trains for Portland, MONTAVILLA-TROUTDALE LINE. Table with columns for train type, time, and destination.

Chamberlain's Cough Remedy. Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.—Adv.

Mountain Meadow Butter. Manufactured by SANDY CREAMERY CO. The name "Mount Hood Butter" has heretofore been used by permission of the Mount Hood Ice Cream Co., which has all its dairy products registered under that title. That permission has ceased, hence the change of name, which became effective on January 1. "Mountain Meadow Butter" will be found at all the leading stores in the county. Ask for it.
