#### Few Escape.

There are few indeed who escape having at least one cold during the winter months and they are fortunate who have but one and get through with it quickly and without any serious consequences. Take Chamberlain's Cough Remedy and observe the directions with each bottle, and you are likely to be one of the fortunate ones. The worth and merit of this remedy has been fully proven. There are many families who have always used it for years who have troubled with a cough or cold, and with the very best results.—Adv

#### MISS ANNA MORGAN WEDS PORTLAND MAN

An unusually pretty wedding ceremony was performed on last Tuesday evening at the home of Mr. and Mrs. James Turnbull, on South Roberts avenue, when Miss Anna Morgan, daughter of Mrs. Turnbull, became the bride of Adolph Schopper of Portland. Judge George W. Stapleton officiated. The bride and groom were attended by Mr. and Mrs. William Morgan. Mrs. Clark Radford played the wedding march and sang several beautiful selections during the evening. An appropriate and interesting talk was given by Mr. Miller of Portland.

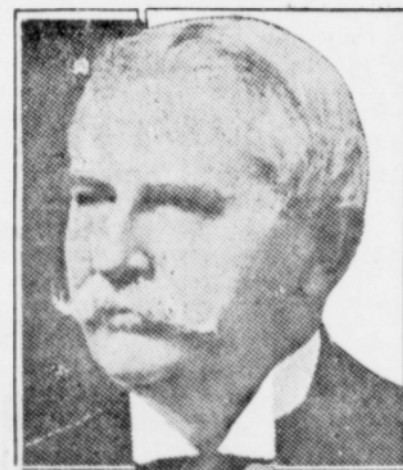

The ceremony was performed under an arch of pink and white chrysanthemums from which was suspended a wedding bell. The beautiful home of Mr. and Mrs. Turnbull was unusually attractive with its decorations of pink and white intertwined with greenery. Chrysanthemums were the principal flower.

The bride was beautiful in an elaborate gown of white crepe de chine. She wore a bridal veil caught up with orange blossoms and carried white carnations. Little Howard Super, nephew of the groom and son of Mr. and Mrs. George Super of Portland bore the wedding ring in a calla lily.

Forty guests were present at the wedding, the most of them from Portland. Among the local people who witnessed the ceremony were Mr. and Mrs. Frank Gibbs of Gresham and Hector, Fred and Dolly Morgan of the Morgan farm near Troutdale. A buffet lunch was served.

A number of beautiful gifts were received by the bride, including some fine china, cut glass and silver pieces. Mr. Schopper has been for a number of years a telegrapher employed by the Western Union company in Portland. The young couple will make their home in Portland.

#### DIP AND REJOICE.

Use the plow and planter. And thus your country shield From the hand of German "kultur" And from the Kaiser's heel.

Fan your grain for planting. And use formaldehyde. For this will kill the smut-spores. And increase the crop beside.

And when it comes to summer And the flails begin to wield, You'll find a clean wheat harvest, And have a bumper yield.

Then when our boys come home From their task across the sea, You can join with them to celebrate A glorious victory!

### U. OF O. FACULTY TO GIVE CREDIT FOR ARMY WORK

Men who made officers' commissions or who did two-thirds of the work necessary to obtain commissions in any of the American training camps, will receive credit for one term of work in the University of Oregon, should they register in this institution. Such was the decision of the faculty of the University in the regular December meeting.

Another decision reached was to go back to the old requirement of the full 15 units of high school work instead of the 13 to which reduction was made for S. A. T. C. men at the opening of the last term.

University credit will be allowed for military work done by non-commissioned officers in the S. A. T. C. at the order of superiors, which kept several of the non-coms from handling their academic work satisfactorily. The equivalent in credits thus lost will be given, it is ruled, but they will not count in the subjects missed.

### Just and Righteous Peace

"A peace with a soul," as Milton expressed it, is the kind of peace far-sighted men of all ages have prophesied. It is what is now demanded in "a peace which shall be permanent."

Representatives of the allied nations, unspoiled by victory, yet faithful to their trust, must unite in their stand for a just and righteous peace.

So ring out, Christmas Bells, and proclaim as never before the glad tidings—

"Peace on Earth, Good-will to men."
