Dropping Them Below Shoe Tops

In the very face of fashion's decree that skirts "will not" come down is the appearance of the new models in eastern cities of new suit models which are dropping them below the shoe tops. Fashion hints that woman likes the short skirt and its freedom—better even than her desire to be in the exclusively dressed ranks. We shall see. Here are two new suits—the sash and skirt on that shown on the left being the feature of that cloth suit. On the right a gray and black checked velvet is relieved of its severeness with the little tunic skirts at the sides.

IMPORTANT TO DEALERS IN CIGARS AND TOBACCO

The pending measure which will probably be passed within a very short time provides increased taxes on cigars, tobacco and cigarettes. Every dealer in these commodities will be required to inventory his stock on the day following the passage of the Act and to pay additional tax on such stock covering the difference between the tax paid under the present Act and that provided by the new Act.

There will be certain exemptions allowed, but this matter, as well as the new rates, has not yet been definitely determined.

Every dealer should arrange to keep posted as to the date of the passage of the Act and take his inventory on that day.

Blanks for the purpose of filing inventory and return will be furnished by Milton A. Miller, Collector of Internal Revenue, Portland, Oregon, as soon as they are received from the Department at Washington. It is possible that arrangements will be made to distribute these blanks through the post offices in Oregon but any dealer who does not receive his blank should apply for it to the Collector at Portland.

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Mattoon, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."—Adv.

Belgian King Salutes Colors Which Fed His People

Belgium's gallant king has bended his elbow in saluting our Old Glory—the flag which fed his people in the most trying times of the nation's history. In this exclusive photograph just received from Brussels is shown King Albert and his staff saluting the Yank colors as the U. S. battalions march by on the way to the Rhine. Even yet America is sending food clothing and relief of all kind to Belgium and King Albert never fails to acknowledge this great work at every opportunity.
