NATIVE BELGIAN NOW CITIZEN OF GRESHAM

E. Dhulst, who furnished the letter from a Belgian soldier for this issue of the Outlook, is one of the intensely patriotic citizens of Gresham. He is a native of Belgium but has been for several years a naturalized American citizen. He has a brother Leon, who enlisted in the United States Marine corps in 1915 and has been in the service since then.

Mr. and Mrs. Dhulst, who live on the Linneman farm west of Gresham, have an interesting family consisting of two boys and one girl—all Americans. The little daughter was born on November 7, the very day and hour on which the German delegates crossed the line to arrange for the armistice. The happy parents gave her the name of Mary Victory in recognition of her auspicious birthday.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.—Adv.

"The Test of the Progress of Mankind,"

Q said an English contemporary, "Will be in the appreciation of the character of Washington."

By this true test, mankind is ever marching forward. Everywhere, the peoples of the world today honor the memory of Washington.

Everywhere, those who have freedom and those who seek it, are insisting upon his ideal of "the practice of a virtuous policy" that the end and purpose of all Governments may be "the aggregate happiness of society."

His influence lives on through the years. His words and his deeds are ever an inspiration to forward-looking peoples.
