METHODIST WOMEN PLAN MISSIONARY WORK

The services at the Methodist church on Sunday evening will be under the auspices of the Women's Home Missionary society. The president, Mrs. J. H. Sterling, announces a pleasing program that should draw a large attendance. Miss Davis, superintendent of the work at the Portland Social Center, a woman of decidedly pleasing personality and a forceful speaker, will address the congregation on the subject of missions.

A financial report of the year's work will be read by the treasurer, Mrs. O. A. Eastman. The fact that the society has practically doubled its membership in the past year is evidence of the good work that has been accomplished locally.

Vocal numbers, a solo by Miss Edella Towle and a duet by the Misses Laura Shipley and Mabel Brown, are a pleasant part of the program. The public is invited to attend the service. An offering for mission work will be received.

ORLAND ZEEK SUFFERS HEAVY FIRE LOSS

Word has been received by George Leslie of the loss by fire of the home and household goods of his son-in-law and daughter, Mr. and Mrs. Orland Zeek, at Lebanon. The home was situated four miles south of the town near a sawmill. According to the meager word received a defective flue caused a loss of \$3000, the insurance policy on the property having lapsed the day before the fire.

Mrs. Zeek and an infant were at home alone at the time, escaping with the clothing they were wearing. The other two children were away in school.

Mr. Manning Called Away.

L. P. Manning left for Seattle Sunday morning in response to a summons to his sister, Mrs. N. E. Steward, who is critically ill there. He returned home this morning reporting his sister's condition slightly improved. He placed her in an open sanitarium in Seattle, where she will have every attention. Mrs. Stewart is the owner and operator of the Seneca hotel in Seattle where she had been in the hotel business for thirty years.

During Mr. Manning's absence, Mrs. Louise Howard of California, Missouri, an old friend of the Mannings and mother of L. D. Howard of Portland, has been visiting with Mrs. Manning. She will spend a week here.

CAMOUFLAGE OF SHIRLEY IS FULL OF THRILLS

The event of paramount interest in school circles this week was the presentation of the class play by the junior and senior classes in Masonic hall on Wednesday. The "Camouflage of Shirley" was most engaging. The plot was intriguing, and judging by the rapt attention of the townspeople, the fact the sons and daughters of the community were the stars and supporting cast, did not detract in any manner from the merit of the production.

To mention any one actor is to mention all. They all did excellent work and the class advisors, Miss Good and Miss Gregson, who did the arduous coaching should congratulate themselves upon the excellent showing of the students.

And financially, too, the play was a huge success. At last reports two hundred and eight dollars had been turned in to the treasury, to be divided between the two upper classes.

Confidence in the Future.

The country still faces the peril of Bolshevism. But the school-educated American masses will not be fooled by the follies that have deluded poor, blinded Russia. So with prudent and courageous enterprises, with justice to all elements of the working community, all the clouds should evaporate in the clear sunshine of American optimism. —Roseburg News.
