SALVATION ARMY STAGES CAMPAIGN

Oregon will have its opportunity to pay its debt to The Salvation Army for this organization's now famous service overseas when the state campaign to raise \$250,000 for the army's Home Service fund is under way, June 22 to 30, inclusive.

Under the active guidance of the Oregon State Elks Association, the drive will be staged in every corner of the state, the state's quota being \$125,000 while the city of Portland will be looked to to gather the other half of the amount sought.

This will be the first and only campaign for funds staged by the Salvation Army for the coming year and every cent of the money will be spent within the confines of the state. New hospitals and maternity and refuge homes and the support of the establishments in service now will receive the funds.

Governor Ben W. Olcott is honorary state chairman and George L. Baker, mayor of Portland, is active chairman. A. L. Muls, president of The First National Bank of Portland is state treasurer. The other members of the committee who will have charge of the budget and the general work are prominent citizens from all parts of the state. Among them is Judge George W. Stapleton, of Gresham.

With the activity of the thousands of Elks in all parts of the state and the co-operation of this powerful committee, it is expected that the drive will carry far over the quota.

What the Salvation Army did for the men on the firing line is history but it will never be forgotten by the men who experienced the joys of hot doughnuts and steaming coffee while facing all the horrors of the front line trenches. They will not forget the first aid to the injured service and the comfortable hospital assistance they received and in view of the diligence of the Salvation Army in France, the Elks have pledged themselves to lend their every effort to the success of the drive.

United War Veterans.

The United War Veterans, a national organization, has been formed to include in its active membership all veterans of the Civil War, Spanish War, and World War.

The objects are: To unite in fraternal bonds, through national, state, local and foreign organizations, all soldiers and sailors of the United States; to perpetuate Memorial Day, as established by the Grand Army of the Republic, and to preserve from neglect the graves of Our Nation's dead; to secure employment for and assist our comrades, their widows, orphans, and dependent relatives; to promote loyalty, mutual aid and co-operation among them in all lines of endeavor; to secure from Congress and other legislative bodies the enactment of laws beneficial to the welfare of our comrades, and to secure employment for those who have returned to civil pursuits in consonance with laws which prefer honorably discharged soldiers and sailors for government service; to provide and establish homes for orphans and dependent children of our comrades; and to inculcate the principles of universal liberty and justice to all mankind of loyalty to our country, reverence for its institutions, obedience to its laws and to discountenance whatever tends to weaken these sentiments.

The organization consists of active members, called comrades, and in addition thereto an honorary membership consisting of persons who performed distinguished or faithful service or engaged in efforts for the relief of disabled and suffering soldiers and sailors, or who to a conspicuous extent became interested in promoting the moral welfare and physical comfort of troops in camp or in field, or who are honorably discharged soldiers or sailors of any of the Allies of the United States in the World War. It urges that members of other patriotic organizations continue their memberships in such organizations, but join the United War Veterans in addition, in order to have one united organization of ALL soldiers of ALL wars.

Women honorably discharged from military or naval service, and the mothers, wives, daughters, and sisters of all soldiers and sailors living or deceased, who served in the army, navy, or marine corps in time of war, are eligible to the auxiliary.

Go and line them up so that THREE of the pig's heads will be facing you and at the same time THREE pig tails will be pointed toward the barn. (Answer will be in the next issue of this paper.)"
