**ESTACADA MERCHANT
LANDS CAR IN DITCH**

Bert Finch, an Estacada merchant, with his wife and three children came through Gresham from Portland about 10 o'clock Sunday evening. It was quite dark, and a drizzly rain clouded the windshield. All went well until they reached the fill on Powell street, just above Jones lumber yard.

"I am told there is a fence there, but I didn't see it," said Mr. Finch, "and the Dodge didn't care. It took the fence, posts and all, turned over once and stopped right side up near the bottom of the fill."

"What did we do? Well, we sat still—stayed with it to the grand finish. Not one of us hurt. We are beginning to get ready for our flying machine, and for our first nose dive. I think we did pretty well. Fifty or sixty dollars will make the car as good as ever."

Gresham Raises School Quota.

The grade school entertainment was so well patronized that the boys and girls easily raised their quota, \$70, toward the building of the \$500 industrial club house on the fair grounds. The full program of commencement week will appear in the next Outlook, together with the names of the graduates.

Listen to This!

Lots \$1, \$1 per week! Yes, you have read it correctly. We could not believe our eyes when we glimpsed that sign in John Brown's window. So we toddled in and said "Wha'd'ya mean, a dollar down and a dollar a week?" And John Brown sez "Just what the sign says; and you'll hafta hurry to secure one as we're about sold out."

And then he unrolled a large copious blueprint, showing O. A. Eastman's old stump field where the kids play Indian all summer, all cut up into neat city lots with A. B. C. and D. Streets running neatly east and west, and Fairview Avenue, Sales Avenue, and Motor Avenue leading away north and south.

The first four lots were taken by the brothers Arthur and Isaac Leland, Portland people have taken an entire row of the lots.

It is reported that the J. N. Clanahan property adjoining the Eastman tract will also be placed on the market at once.

The western end of the Eastman tract has been leased to R. E. Babcock, who recently moved here from Montana. Mr. Babcock has a contract for all the cucumbers and potatoes he can raise on the seven acre patch.

Additional Travel Allowance for Soldiers

The Director of Finance is now settling additional travel allowance due enlisted men of the army under section 3 of the Act approved February 28, 1919, which authorized travel pay to enlisted men honorably discharged since November 11, 1918, at the rate of 5 cents per mile to actual bona fide home or residence, or place of original muster into the service, at the option of the soldier.

The War department has been authorized to make settlement of all claims for the 1 1/2 cent difference from place of discharge to place of entry into the military service, also the claims for additional allowance to actual bona fide home or residence at date of discharge when such bona fide home or residence can be determined from the affidavit of the soldier and verified by information contained in his original service record. The Zone Finance officer, Washington, D. C. has been designated to settle these claims with the above restrictions.

Applications should be addressed as follows: Zone Finance Officer, Lemon Building, Washington, D. C. Travel Allowance.

A blank form of application, which includes the necessary affidavit for the additional travel allowance, may be obtained from any Army recruiting officer, Red Cross, or other agencies organized to aid soldiers.
