MISZ MILLINERY SHOWS - BEAUTIFUL VARIETIES

Surely, no one will deny that every lady, young or old, is beautiful—to some one. And, surely, no lady, young or old, will deny that she wants to appear charming—to some one.

These facts being granted, a lady proceeds to make the most of what kind nature has given her. Her choice of bonnet figures big in her scheme, for she knows that, if carefully chosen, it not only sets off her costume, but actually makes her face prettier. (Shocking vanity!) A visit to a millinery shop is a momentous occasion.

There are in the Misz millinery shop hats ranging from the conservative sailor to the model suitable for semi-dress. With many pretty models on display and dozens of beautiful ones in boxes thrown open for inspection, the shop appears a veritable rhapsody of colors. Red, blue and yellow with tints, shades, hues, or tones in pink, purple, gray, green, rose, wisteria and lavender. Newer yet are the touches and dashes of henna, victory cerise, duck green and honey bird-blue. Of such stuff "dreams" are made.

For the business suit are the sailors in heavy pine-apple braid or the season's glazed straws. The ever popular turban in a variety of shades, with decidedly up-to-date touches will be becoming to the face that requires a small hat. Conservative black types, or decidedly airy ones for curls and dimples are there.

For the cape or dolman, so popular this season, Miss Misz has large pattern hats, made of silver horse-hair braid or crepe, some with graceful velvet streamers, others beautifully simple—a novelty bud or two, or merely a conventional insert in the transparent brim.

The most charming of all are fashion's latest productions in Georgette crepe. A decree has been issued from fashion centers that these adorable models will be worn the year around. They are real works of art. Not only are they cool and beautiful with the summer frock and decidedly pleasing with the summer suit, but they appear in perfect harmony with the fall or winter wardrobe. So, it is with a sigh of genuine relief and gratitude from the ladies that at last a hat has been produced that will reduce the millinery expense item with no sacrifice of style. And to that the men will no doubt say "Thank the Lord."

Alumni Reception.

All members of the high school alumni association are reminded to attend the reception tomorrow evening, May 31, given at the Masonic hall, in honor of the graduation class of 1919. Delightful vocal and instrumental numbers will be rendered. Light refreshments will be served. A high class orchestra will furnish music for dancing throughout the evening.

GRESHAM LOCALS

Tomorrow being Memorial Day all business houses will be closed, and no mail deliveries will be made on rural routes.

A brother of Dick and Fisher Jennings arrived in Gresham last night. He comes from Mexico where he has lived for a number of years. He says that where he has been the climate is ideal, the ocean breezes keeping the temperature just right. Any one who does not love flowers and birds better keep away, for they are there in great numbers. About seven miles from Mr. Jennings' home is a place owned by Villa, the villain, who by the way, "is not at all a bad-looking fellow." Mr. Jennings speaks Spanish fluently.

Mrs. Jas. Elkington is enjoying a visit of Mrs. John Wood of Medford who is on her way east where she will visit this summer. The ladies were former neighbors in Grand Forks, North Dakota.

Yesterday afternoon at the library Miss Montague told the children the story of the "Selfish Giant" and read a June poem. Next Wednesday at 2:30, she will be ready with another interesting story. All children are invited to attend.

H. W. Cooley has bought an Overland from the Gresham Overland company.

A few days ago at the Sweet Brier poultry farm were to be seen 1050 white Leghorn baby chicks. Tuesday crates containing 500 of them were shipped to Portland.

Mr. and Mrs. G. W. Wonacott will leave for an extended trip the first of next week. They have leased their home for eleven months to Chas. Lindquist from Tillamook county. During that time they will visit in California, and later in the eastern states. They expect to return to Los Angeles for the winter, and next spring come back to their own home in Gresham. Their many friends are wishing them a pleasant journey and a good time.

Dr. and Mrs. Adix, daughter Jean, and Miss Rica Anderson motored to Estacada to attend the eighth grade graduation exercises Tuesday evening. Victor Adix is one of the graduates. He has the distinction of getting 100% in the state final in arithmetic.

The seniors won yesterday in the track meet between that class and the rest of the school. Some class!

A carload of crates is being delivered at the packing house of the Berry Growers association. Some strawberries have been received this week, which found a ready market.

Mr. and Mrs. Kilgore recently from Estacada have returned from a trip to Chicago where they attended a G. A. R. convention. They are occupying the back part of their new home, the Raney residence, while the carpenters are finishing the alterations on the front wing.

Mr. and Mrs. W. R. Kern and family are planning to spend a few days visiting with their cousins, Mr. and Mrs. Mallory, of Hillsboro.

Mrs. Grace Quick of Portland was in Gresham on business on Tuesday. Dr. N. Plyler expects to leave on Saturday for Seaside, where he will take a two-months' vacation.

Plans are being made by Mrs. W. R. Kern, lecturer of the Gresham grange, for the children's day exercises at the next meeting of the grange on June 14.

Miss Jessie Burns, formerly a teacher in the Orient school, is visiting with Miss Bess Osborne. Miss Burns has been teaching in Colorado and is on her way to her home in Seattle.

Mrs. L. S. Osborne is laid up with a sprained ankle as the result of a recent fall.

The freshmen had another candy sale today. They made \$11.55 which will be an additional payment on their picture donated to the high school.

Mrs. Robert Standish of Portland is visiting Dr. and Mrs. Adix.

About Rheumatism.
Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.—Adv.

Attention, Strawberry Growers!
We will receive strawberries every day in the week, including Saturday, until 8 p. m., during the season. We are paying 12c net to you. We furnish the crates.

Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.—Adv.

Home Packing Company Wants Fruit.

Will keep up our custom of paying more than any other concern for fruit and berries, starting the season with gooseberries and ending with blackberries. If you have never sold us anything, ask your next-door neighbor—he has. Phone 991.

With school days ended graduates are asking themselves "What of the future?" Practical plans for the NOW mingle in their thoughts with visions seen beyond.
