"The Linotype Way is the Way that Wins."

Official paper of the Town of Gresham. Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

ENCOURAGE THE LUMBER BUSINESS.

Every good citizen should get back of those industries which are found to be vital to the general growth and prosperity of a state or larger area of country.

The stagnation which threatened this industry on the cancelling of war orders is disappearing. There is a growing local demand and every assurance of a heavy foreign demand.

Douglas fir is coming into its own. Spruce and cedar will be needed in unlimited quantities.

Hand in hand with this industry must go the development of a merchant marine and a settled shipping policy.

GOOD ROADS.

Let's have them. With the increase in automobile travel and auto truck hauling good roads are seen to be a necessity and an invaluable asset to any locality.

Many a good tract of land lies idle and undeveloped because too far from a good road. Farmers and business will follow the opening up of highways throughout the state.

CAN WE DENY THEIR PLEA?

The Philippine legislature recently sent a special mission to the United States to request the fulfillment of America's promise to grant independence. It is their plea that the speeded condition precedent to the granting of autonomy—the establishment of a stable government—is already fulfilled.

By temperament, by experience, by financial ability, says Governor Harrison, "in every way the ten millions of Filipinos are entitled to be free from every government except their own choice."

The U. S. Department of Labor, which maintains an employment office at 75 Third street, corner Oak, in Portland, Oregon, has sent out a bulletin containing a call for berry pickers and packers at Hood River and other points.

It is relieved by leaders at Washington that the present session of Congress will last all summer and fall and perhaps up to the opening of the regular session in December.

Why is it we don't see as many fat people as formerly? Is it the high cost of living? or is the fat going to the pocket book?

The smoke nuisance is getting so great in our cities that we are going to advocate the erection of smokestacks at crowded street intersections.

In a republic the state exists for the good of the citizen, not the opposite as some would have us think.

Indications now point to a heavy crop of worms, say the experts. Time to spray again.

The only things that seem to show a marked tendency to come down nowadays are airplanes.

BORING

Walter Metzger is now the sole boss at the Cascade garage at Boring. Wallace Telford has disposed of his interest in the business for the summer and with his family will take an overland trip to California.

Wm. Turner on the France place is hauling heavy timbers preparatory to erecting a barn.

Mr. and Mrs. John Elliott, of Damascus enjoyed a visit of Mr. and Mrs. F. O. Anderson and little daughter of Portland.

Clarence Anderson graduated from Estacada High last Thursday evening. His mother, Mrs. John Anderson, and sister Edith, and his aunt, Mrs. E. Bartell, and daughter Allie, attended graduation exercises.

Be sure to lose no chance to vote for our candidate for Victory Goddess at the Fourth of July Welcome Home celebration, Miss LaVerne Maulding with five other contestants are racing for that honor.

Timber on about 50 acres of the France place has been sold to be cut into wood. The wood will be hauled to Norris station where it will be loaded on freight cars for shipment to Portland.

Oran Lingle is home from France. He had the interesting experience of being gassed. While in the hospital recuperating, he happened to meet his brother Gus who was there receiving treatment for a wound.

Who is that strapping giant in marine uniform? He is Joe Anderson recently of Mare Island. Uncle Sam certainly treated Joe well—judging by his looks.

Mr. and Mrs. Caleb Cross, of Oregon City, are visiting Mr. and Mrs. Dave Vinzant.

Charlie Hanson improved so fast at the hospital that he is home and getting along fine.

Nora Teevin is one of class of 26 who graduate from Union High school in Gresham.

Gabe Norris has sold his farm for \$6000. With a new house, the place is almost ideal.

Phil Schantin is putting an extension to his house.

Edith Anderson and Erica Johnson attended the high school alumni meeting in Estacada.

Floyd Lake has a Ford. He is not the last victim by any manner of means. If one can judge by talk, everybody will have one by the 4th of July.

PLEASANT VIEW

W. Jackson was a week-end visitor at Mr. Peterson's. Mrs. Jackson and children are still in quarantine with scarlet fever.

Mrs. Hullt is able to sit up again and expects to come home the latter part of the week.

Mrs. S. D. Hardig chaperoned a party of young folks on a most enjoyable trip up Larch mountain Saturday night. They arrived at the top in time to witness a beautiful sunrise. About five hours were taken for the ascent which was somewhat difficult, owing to the tangle of trees blown across the last mile of the trail and the snow, which is still quite deep in some places.

Some used Fords for sale, in good condition. C. E. Osburn, Gresham.
