

Take Drudgery Out of the Home

The wretched drudgery every week of standing for hours over a tub and washboard is bound to mar the happiness of any home. It isn't fair to the WIFE—and it isn't fair to every member of the family.

Every housewife should have a Thor Electric Washing Machine. It does an average week's washing in an hour—the clothes are cleaner than ever—they last much longer, and there is no need to hire a laundress.

The Thor not only saves time and money and labor, it makes a happier home. Let us send you a Thor before next wash day.

LUMBER EXPERT HERE ON WAY TO CHINA

Cary Hall, a nephew of D. S. Johnson of Gresham, is spending a few days visiting relatives here before leaving for Asia where he will represent a big lumber company.

Mr. Hall is well versed in the lumber business. His experience began sixteen years ago as a mill hand in Oregon. Later he was head sawyer for a California firm, and eventually became superintendent for that company. He next accepted an advantageous offer from a Brazilian firm. After several years in South America he was sent to Japan and Okinawa where he became thoroughly acquainted with lumber and lumbering in the Orient.

He leaves on the next transport for Shanghai, China, where he is superintendent of the China Export and Import Lumber company. This company makes a specialty of salted lumber.

MISSING SON SOUGHT BY ANXIOUS FATHER

F. Chatfield of 625 Hood street, Portland, a member of the city fire department, was in Gresham today in search of information concerning his 10-year old son, Bert, who has been missing since last Thursday. A rumor that three strange lads had been employed in a strawberry field near Arata station had brought the anxious father to this vicinity.

Mr. Chatfield says his son was planning to go fishing but there is no evidence that he did so. He is rather of the opinion that the boy ran away to carry out his determination to earn money. Every effort has been made to locate the boy in or around Portland and yesterday the father made a trip to Hood River in search of him.

When he left home the boy wore a blue cotton shirt, light corduroy pants, black tennis shoes and a checked cap. He is described as large of his age and having light hair and blue eyes. He has a peculiar mark on the upper part of the left ear.

Chronic Constipation.

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the mild and gentle laxative, Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.—Adv.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases that pain the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proved fatal before the doctor could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. Its having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.—Adv.

SUNDAY PROGRAM OF COMMENCEMENT WEEK

Most impressive and beautiful was the Sunday program of commencement week. The sermon by Dr. Wallace W. Willard of the First Congregational church of Portland on "The Gift of Vision" was inspiring and helpful. Those who listened will not soon forget the speaker's picture of the ladder of vision, the four rungs of which were represented as the physical, mental, perceptive and spiritual vision. The address was replete with illustrations from life and with poetic quotations.

The music, under the direction of Prof. Tom G. Taylor, was especially well carried out and was entirely to the credit of the high school. Professor Taylor presided at the organ.

The decorations of the church were especially appropriate and beautiful. Blue and gold, the class colors, were carried out in a profusion of light and Scotch broom, placed over a background of white and green. The work of decorating was done by the junior class.

The impressive picture was completed by the 28 seniors in their caps and gowns, who took seats in the front pews of the church. They were followed by the members of the faculty. The church was filled to capacity with relatives and friends of the graduates.

GRESHAM MARKET

A Record of Steady Growth

Since the first day the doors of this bank were opened for business, we have experienced a continuous, healthy growth. Not only in the volume of our deposits and the number of our patrons, but in the confidence and good-will of the community.

To adequately care for the needs of our constantly growing host of patrons, our quarters have been enlarged twice since our organization.

Twice also, our capital has been increased. At the present time, with a capital of \$30,000 and a surplus of \$25,000, our resources have gone above the half million mark.

Our progress will continue—you are cordially invited to open an account here and grow with us.
