

A HANDY TRACTOR

FOR ANY FARM

HERE is an economical little Kerosene Tractor for small or large farms—it pulls 2 1/2 in. plows anywhere a good team can continuously pull one plow. At the Salina, Kansas, Demonstration in 1918 it proved that it can average 1 1/10 acres per hour on 1.62 gal. of kerosene plowing gumbo under an average draw bar pull of 1015 pounds. It has a four cylinder Case Valve-in-head Motor set cross wise upon a one piece cast main frame. This affords the use of all cut steel spur gears and prevents disalignment of shafts, gears and bearings. All of these important parts are thoroughly enclosed and run in oil. The friction clutch belt pulley is mounted on the crank shaft and conveniently located for belting up to any machine. The Motor has a removable head also big hand hole covers along the side of crank case and a large cover underneath which makes engine bearings and other parts very accessible. The fan and tubs, non-clogging Case Radiator

Core is supported by a four piece cast frame. The fan is driven by spiral gears enclosed. The "safety" fan hub prevents damage to these gears when starting. No fan belt or chain to look after. The Siphon Thermostat regulates the cooling system. Water circulation is insured by a centrifugal pump. This controlled cooling device maintains proper temperature of water to keep the motor hot thereby assuring thorough combustion and prevents raw fuel passing by the pistons or diluting the oil in crank case.

The Case Air Washer permits only clean, moist air entering carburetor, consequently no dust can enter the cylinders. This means a long lived motor. This tractor weighs only 3400 lbs. When plowing all wheels travel on unplowed land. The hitch is low and adjustable, eliminating undue side draft. For Discing, Seeding, Haying, Harvesting, Threshing, Silo Filling, Baling, etc., it's a handy tractor.

MELROSE AND VICTORY

Orrie and Percy Conrad have just returned from a trip which has extended over several months, ever since their discharge from the service. They have been visiting with relatives in Ohio and Nebraska. Their trip home was made in a Ford. They report a wonderful time.

Rev. and Mrs. J. H. Wood made a business trip to Portland yesterday. Mr. Wood wishes it stated that he was not a chaplain, but a soldier of the line in a Pennsylvania Infantry regiment. He was in some of the hottest fought battles of the Civil War.

All are invited to attend the church services on Sunday afternoon at 3 o'clock. The pastor, Rev. Earl B. Cotton, will base his remarks on lessons brought out in Robert Louis Stevenson's book, "Dr. Jekyll and Mr. Hyde."

PLEASANT HOME

Will Miller has left his place and moved to the farm which he recently bought at Kelso.

Mrs. Steinman is recovering from a disagreeable wound received by a bite from her pet dog.

G. T. Murray recently discovered a midnight prowler at his home and gave him a volley of bullets in his retreat to remind him that the old soldier was on guard.

Meo Okishida is visiting at Spokane, Washington.

Lessons from Robert Louis Stevenson's book, "Dr. Jekyll and Mr. Hyde" will form the basis of the sermon by the pastor, Rev. Earl B. Cotton, at the Methodist church next Sunday morning.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.—Adv.

LUSTED

Mrs. I. W. Spencer gave a surprise party on her youngest son, Walter, last Saturday evening, May 31, it being his tenth birthday. The boys and girls wore masks during the evening which added much to the enjoyment of the occasion. All kinds of games were played. After a late hour ice cream and cake were served. All present had a fine time.

The pie social held in the Lusted schoolhouse, May 26, was a good success and the proceeds amounted to over \$30. Rev. Earl B. Cotton, Miss Marion Forte and Miss Mildred St. Clair assisted in the music. The proceeds go towards the boys' and girls' club work and building that is to be erected at the fair grounds for use this fall.

Miss Marian Robertson will teach the next term of school in the Victory district.

School closed here last Wednesday with a picnic for the children. They went down near the Sandy river where exercises took place, after which a bounteous lunch was spread. All present had an enjoyable time.

Mr. and Mrs. A. W. Hamilton and family came Saturday and stayed until Sunday visiting their parents, Mr. and Mrs. Ed. Hamilton.

Chronic Constipation.

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.—Adv.

SANDY GRADE SCHOOL GRADUATES ONE PUPIL

Miss Pearl Dixon was the lone member of the eighth grade graduating class this year, but she carried off the honors very well indeed, receiving 100% in history and a general average of 93%.
