Canning Great Industry. Roseburg and Sheridan canneries will begin operations soon. The Bradwell Fruit company at Medford will enlarge their plant.

The canning industry, fish vegetables and fruit is growing rapidly in Pacific Coast and western states. This industry should be encouraged in every way as it is a great developer of the country and employer of labor.

Closely connected with it is can and box manufacturing, printing labels, etc., and these in turn require materials produced by still other industries, making an endless chain of good business.

A farmer on the street the other day had a sack of meal in his hands when he said: "Just look at this little peck of meal for which I paid 65 cents and which I used to buy for 29 cents. It is a dirty shame, the prices we must pay the merchants." He was asked if his only business in town was to buy meal. "No," he said, "I brought in a load of tobacco and sold it at one of the warehouses." "What did you get for it?" was asked. "Forty-eight cents a pound," was his answer. One more question was asked: "How much did you get for tobacco when you could buy meal at 29 cents a peck?" And he simply said, "You go to hell," and walked away.

Farmers Mutual Makes Big Gain. The annual report of the Farmers Mutual Fire Relief Ass'n of Portland filed with the Insurance Department of Oregon shows \$1,301,634.00 insurance written by the Ass'n in 1918, and 475 new members gained during the year. The Ass'n is now in its 15th year, and has about five million insurance in force.

Since its organization, the Ass'n has made an annual saving of over 50% as compared with board rates on farm insurance, to its members. H. W. Snashall, president of the Ass'n, is agent for Gresham and vicinity. The office is at 409 Stock Exchange Bldg., corner 3d and Yamhill streets, Portland, phone Main 5096.—Adv.

Chronic Constipation. Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.—Adv.

The Doctor Away from Home when Most Needed.
People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.—Adv.
