

## A HANDY TRACTOR

### FOR ANY FARM

HERE is an economical little Kerosene Tractor for small or large farms—it pulls 2 1/2 in. plows anywhere a good team can continuously pull one plow. At the Salina, Kansas, Demonstration in 1918 it proved that it can average 1 1/2-10 acres per hour on 1.62 gal. of kerosene plowing gumbo under an average draw bar pull of 1015 pounds. It has a four cylinder Case Valve-in-head Motor set cross wise upon a one piece cast main frame. This affords the use of all cut steel spur gears and prevents disalignment of shafts, gears and bearings. All of these important parts are thoroughly enclosed and run in oil. The friction clutch belt pulley is mounted on the crank shaft and conveniently located for belting up to any machine. The Motor has a removable head also big hand hole covers along the side of crank case and a large cover underneath which makes engine bearings and other parts very accessible. The fin and tube, non-clogging Case Radiator

Core is supported by a four piece cast frame. The fan is driven by spiral gears enclosed. The "safety" fan hub prevents damage to these gears when starting. No fan belt or chain to look after. The Sylinder Thermostat regulates the cooling system. Water circulation is insured by a centrifugal pump. This controlled cooling device maintains proper temperature of water to keep the motor hot thereby assuring thorough combustion and prevents raw fuel passing by the pistons or diluting the oil in crank case.

The Case Air Washer permits only clean, moist air entering carburetor, consequently no dust can enter the cylinders. This means a long lived motor. This tractor weighs only 3400 lbs. When plowing all wheels travel on unplowed land. The hitch is low and adjustable, eliminating undue side draft. For Discing, Seeding, Haying, Harvesting, Threshing, Silo Filling, Baling, etc., it's a handy tractor.

### KELSO

The "Welcome" given our returned soldiers Saturday evening was a splendid success. Two hundred people were gathered and gave the boys a hearty and enthusiastic welcome. Fourteen soldiers and sailors were present—splendid specimens of America's young manhood. After the program, refreshments consisting of sandwiches, cake, pie, cookies and coffee were served to all, free of charge and there was plenty and to spare. Games were played and a social time enjoyed until midnight. The soldiers present were as follows: John Bickford, John Milan, William Haworth, Albert Jonsrud, Homer Revenue, Gus Herz, Sylvester Hall, Alfred Hauglum, Peter Hauglum, Oscar Gunderson, Webster Roberts, George Roberts, Mr. Stoker and E. Shafer.

William Haworth was the only one of the boys who experienced trench warfare, and he made an enviable record. He was a member of Company A, 305th regiment, 77th Division, was in the Argonne-Meuse drive and advanced 45 miles, which was five miles further than any other division. He went without anything to eat for four days, and was one out of 14 of his company, came out of the battle entirely unharmed. He was in the trenches one and a half months and for 25 days continuously, and served 9 and a half months in France.

John Bickford, John Milan, and Webster Roberts also served in France. Mr. Shafer was on the Tuscania, when it was torpedoed.

Albert Jonsrud, of the United States Ship Colhoun is home on a 26-day's furlough. He has been in the service for two years, during which time he has traveled almost constantly, and this is his first visit home.

Mrs. Joel Jarl is at Hot Lake for her health. She has suffered with rheumatism in the feet since last winter. The doctor under whose care she is there, has extracted several ulcerated teeth which probably have been the cause of her disorder.

Miss Rose Ten Eyck and Miss Spurlin, of Beaverton, have been visiting Miss Ivy Ten Eyck.

Mrs. George Harvison, daughter Nellie and granddaughter Merle Platt are spending a week in Oregon City visiting relatives and friends.

John Holman, who was injured by falling from a runaway logging train in Dwyers camp Saturday, is improving in a Portland hospital.

### LUSTED

Mr. and Mrs. W. H. Hamilton, Mr. and Mrs. Dolavin DeVeny, of Portland, visited at the home of Mr. and Mrs. Ed. Hamilton last Sunday.

Mrs. Swift of Walla Walla, Wash., a cousin of J. B. Lent, visited them for some time. She has gone to Portland where she will visit friends before returning to her home.

Mrs. Maria Hamilton, of Montavilla, is visiting her son Ed. Hamilton and family.

Walter Hossner is driving a 5-passenger Ford car.

Quite a number of farmers are cutting hay.

### Rev. I. B. Self Honored.

At the recent G. A. R. convention at The Dalles, Rev. I. B. Self was made district chaplain for the district comprising Oregon. Mr. Self also holds the office of chief aid de camp to the commander of the national organization.

### Powell Valley Announcement.

There will be no young people's meeting Saturday evening, June 28. Next Sunday there will be Sabbath school at 10 o'clock. Preaching both morning and evening, Wednesday, July 2, Mrs. Charles Nordblom will entertain the Deborah society. Everybody invited. Thursday, July 3, prayer meeting as usual. Saturday, July 5, young people's meeting at 8 o'clock.

### "Rulers and Potentates" Topic of Pastor's Sermons.

On the Pleasant Home circuit next Sunday the pastor, Rev. Earl B. Cotton, will take for the topic of his sermons, "Rulers and Potentates." The service at Pleasant Home will be in the morning at 11 o'clock, following the regular Sunday school session. The services at Hill and Troutdale will be in the afternoon and evening respectively at the usual hours.

### COTTON FARM VISITED

Continued from page 1

moisture in the ground—underground irrigation.

"A big item of profit may be lost by lopping off the ends of the raspberry vines. Here we are keeping the entire length of the vine and training it along a wire, thereby adding a considerable amount to the crop."

In a few days there will be 300 berry pickers on the farm. A city of tents, like a soldiers' encampment, is set out in the orchard under the big shady cherry trees ready for the berry hands. There are set out in the fields, faucets running with cool Bull Run water for the comfort of the berry pickers. It seemed a most attractive place to have an outing and at the same time earn good money.

"Now, you have seen things at close range, let's take a spin up to the opposite side of the valley where we can get a good view of the whole farm and surrounding country."

Surely, distance lends enchantment. It sounds trite to say it looked like a beautiful painting, but there it was a masterpiece on a giant's canvas. Fields, looking like blocks in a checker board, in a great variety of greens. Groves of timber here and there, black by contrast. Farther off the buttes and mountains with snow white St. Helens in the extreme distance. One must be a clod, indeed, who would not be impressed by this wonderful bit of glorious Oregon.

### To Prevent Belching.

Make a regular habit of eating slowly, masticate your food thoroughly, and you may have no further trouble. If you should, take one of Chamberlain's Tablets immediately after supper.—Adv.

eat while at sea for most of the time it is too rough to cook. One has to stand up by the table and hold his plate or else it will start sliding all over. If your plate once hits the deck it will be all over the deck. The more you run after it the more you fall around and the further the plate will go.

Well, mother, dear, I must close and take my report down and look after the machinery. Tell papa I would like to be driving truck but I believe a 35-knot ship has him beat for speed and style. With lots of love to all, I am,

Your son,  
BILL.

P. S.—We are 600 miles from Lisbon, Portugal, 2600 miles from New York City, so you can see how far from home I am. Something like 6400 miles. That is nearly half way around the world.

The following paragraph is copied from the Portland Evening Telegram: "A kitchenette still capable of turning out one and a half gallons of pure corn whisky every four hours was found in the kitchen of the home of Claude W. Clute on Rockwood road 10 miles east of the city by Deputy George Hulbert last night. Clute is held in the county jail in default of \$1,000 bail."

## What Does It Cost?

Your garden? Your poultry? Your automobile? Plowing? Harrowing? The tractor vs. the horse? The milk you sell? The fat on your hogs? What does it all cost? If you know, and know you are making a profit, the chances are I won't be able to sell you

## The COUNTRY GENTLEMAN

because most successful farmers who know are already reading it every week! They know that it pays in dollars and cents.

About the only thing these days that is sure to be worth all it costs is THE COUNTRY GENTLEMAN. You don't have to keep cost accounts on the dollar you invest to obtain its big, helpful, interesting issues every week in the year. But these issues tell you how to keep the cost figures on your farm business so that you will make more money this year than you did last. And, besides, you get all its practical advice on every other problem of the farm. Dig down for a dollar. You'll never regret it. And once you begin getting THE COUNTRY GENTLEMAN you'll never be without it.
