E. W. Aylsworth
GRESHAM, OREGON

The Acorn Gas Range

with a world-wide reputation and moderate price. Next week on sample.

J. E. METZGER,
YOUR HOME FURNISHER

\$10,000 PRIZE MONEY OFFERED STOCK MEN

The livestock exhibit at the fair in September will be most interesting. Horses and cattle in great numbers will figure prominently. In addition there will be sheep, goats and swine. The prizes offered are very attractive. Besides the \$10,000 offered by the fair association, there are special prizes from various Oregon firms.

The children of the industrial clubs will have animals on display that will make stock specialists sit up and take notice. In a club house all their own, they will show their pigs, goats, sheep, chickens, rabbits and calves—raised scientifically. And that is not all. They will show what they have raised in their gardens, and what has been learned in cooking and sewing.

Other features of the exhibit will be milk and butter test, grange contests and orchard and small fruit displays.

J. Feser and O. Griessel of the Mountain View Floral company were at the Gresham fair grounds last evening looking after the floral decorations on the grounds. By fair time the beds will be aglow with pink petunias, red begonias and blue lobelias.

Mrs. Cliff Kern, superintendent of the floral department wants attention called to changes in premiums, all prizes having been raised. Many of the entries are similar to those of last fall. One new entry, the best centerpiece of cut flowers for table decorations, will draw three prizes. It is expected there will be a big collection of hanging baskets, but those who desire to take part in the contest are warned not to forget that there are only two months left to prepare in.

GRESHAM LOCALS

Mr. and Mrs. Maxwell Schneider will leave tomorrow for a ten-day outing. They are harnessing up their Overland with tent and camping outfit, making provisions for solid comfort. Their trip is mapped out through Washington into British Columbia, taking in many points of interest, among them Rainier National Park.

Gresham was well represented at Gladstone on Sunday, William Jennings Bryan being the drawing card.

Mrs. W. C. Burch has been visiting her son-in-law and daughter, Mr. and Mrs. Eugene Fowler at Ft. Stevens. She enjoyed the early morning walks through the woods to the beach. Plenty of clams and crabs could be had.

Baling season has opened for Hevel and Jones. Yesterday they left with their crew for the hay fields of Pleasant Home.

Leroy Kern is only a little boy but he has big troubles. He doesn't enjoy, one bit, the ugly abscess on his leg.

Many are planning to take in grange day at Gladstone park tomorrow. John C. Ketcham, national lecturer, will have charge of the forum hour, 11 o'clock in the morning.

Mr. and Mrs. J. D. Gardner left Monday for a two weeks' stay at Seaside.

Mr. and Mrs. C. W. Gleason and family, Mr. and Mrs. John Shipp and daughter of Salem and Mrs. May McCreary of Omaha, Nebraska, spent Sunday at Eagle Creek. They also visited the fish hatchery at Bonneville.

Mrs. Clara Webb from Hyaburg, Alaska is visiting Miss Adaline Wyeth. Mrs. Webb is a nurse in a Presbyterian mission at Hyaburg. Last winter, part of the time, she was the only white person at the mission. Although last winter's prevalent epidemic struck the school, they lost only a very few cases.

Mrs. Nora Withrow had a birthday yesterday. Early in the morning, her son, Ernest Stratton, presented her with a beautiful, big bouquet as a reminder. Later in the day, her friend, Mrs. T. E. Fisher of Portland came up to wish her many returns of the day.

District Elder J. A. Hopper will be here on next Saturday and Sunday to conduct the first quarterly conference at the Free Methodist church. He will preach Saturday evening at 8 o'clock, Sunday at 11 and again in the evening at 8.

Dr. Chas. Pixley of Missoula, Montana, is visiting with his sister, Mrs. A. Hughes, after having spent some time traveling in California. Speaking of the near hundred degree temperature yesterday, Dr. Pixley said it was nothing to what he had experienced in the south.

Frank Wright, Master Signal Electrician, has arrived from overseas and is at the home of his parents, Mr. and Mrs. Dan Wright. His coming was expected by Mr. and Mrs. Wright, but not that of his older brother, Arthur W. of Terre Haute, Indiana, who accompanied him and who will remain here the rest of the month. The Wright family is enjoying many sight-seeing trips in the Ford which Frank recently purchased.

L. Frost and wife, of Ft. Worth, Texas, are visiting with the Marion Johnson family.

George White of the Great Northern Hotel barber shop of Chicago, is the guest of the B. F. Bauer family.

Arthur Tyson, Overland manager at Seattle, has been the guest for a few days of the H. H. Eling family.

O. A. Palmer of Boring was in Gresham yesterday looking for berry pickers to take care of his eight acres of fine Cuthbert raspberry, Logan and Lawton blackberries.

Judge George W. Stapleton and Mrs. Stapleton left on Sunday night for Vancouver, Washington. It was their plan to go on Monday to Centralia, and from there toward Seattle until they should meet their son-in-law and daughter, Mr. and Mrs. Joseph Haley, who left their home in Vancouver, B. C. on Saturday night for an auto trip to Oregon.

Ivan Mason arrived in Portland last week on board the ship, Retriever, on which he was an ordinary seaman. He has made several visits to the home of his parents, Mr. and Mrs. W. F. Mason during the past few days. He has been on a 14-months' cruise to Australia and other south Pacific places.

Mrs. S. J. McDonald suffered a stroke of paralysis at the home of her daughter, Mrs. Alex. Thompson, on July 2. Grandma McDonald is 82 years of age. She has lived alone on her 65-acre farm northeast of Gresham for many years, refusing to leave it to go to her daughter's home until the morning of the 2d, a little while before the stroke came. She was resting easy at last reports.

Mrs. F. L. Mack received a wireless message this morning from her husband. The radiogram was sent from the S. S. Alaskan on July 14 and announced that Sergeant Mack would arrive in New York on the 16th.

Mrs. C. E. Rusher has been spending a few days with her sister, Mrs. Robt. Lansdowne, in Oregon City, and attended the chautauqua at Gladstone Park. Mrs. S. R. Bradfield and Guy and Paul Rusher went over on Sunday for the day.

Mrs. Jas. Elkington, Mrs. J. T. Stillions and Mrs. O. A. Eastman are camping at chautauqua. Among the Gresham people who heard William Jennings Bryan there on Sunday night were Jas. Elkington, Mr. and Mrs. Chas. M. Zimmerman, Mr. and Mrs. A. W. Shipley, Mr. and Mrs. H. L. St. Clair and Mrs. Ella Olliphant. Miss Mabel Michel spent two days there last week.

Mr. and Mrs. L. M. Kraner and Phares Stiverson of Cloverdale, Oregon called at the home of Chas. Lundquist on Main street, Sunday. Mr. Kraner is president of the telephone company which serves the south half of Tillamook county, and expected to attend a meeting of telephone owners at Portland Monday.

Mrs. J. N. Mewhirter is not so well today. Since her stroke a week ago, she has been seemingly on the mend. Her daughter, Mrs. Carrie Osborn and husband of Astoria are here. Yesterday registered 100 degrees in the shade. The coolest looking individual in town was the paste-board man in the office window at Jones' lumber yard. He kept right on smiling.

Miss Bertha Watt, of Portland, and Miss B. Ostboe, of Spokane, are visiting Mrs. Earl Townsend.

Miss Harriet Alexander has gone to Rochester, Minnesota. She will enter the Mayo Brothers hospital for an operation for a goiter.

Mr. and Mrs. Pete Nelson of Hoquiam, Washington and Mr. and Mrs. Frank Bowder of Portland spent yesterday afternoon and evening at the home of Mrs. Maggie Ulm.

Mrs. Earl Thompson and son are here visiting the Thompson family.

Miss Laura Davis, who has been serving as a reconstruction aid in a military hospital at Pittsburg, has written home that she will be released soon and hopes in a short time to be back home.

Spinach loses both color and flavor if it is cooked in too much water. The quantity of water that adheres to it from washing is enough to steam it tender; there should be just enough water to keep it from scorching. Garnish the cooked spinach with hard boiled eggs put through a vegetable ricer, or cut in slices. The eggs improve both the looks and the taste of the dish.

For polishing lamp-chimneys and table glassware use the better parts of cast-off bath towels.

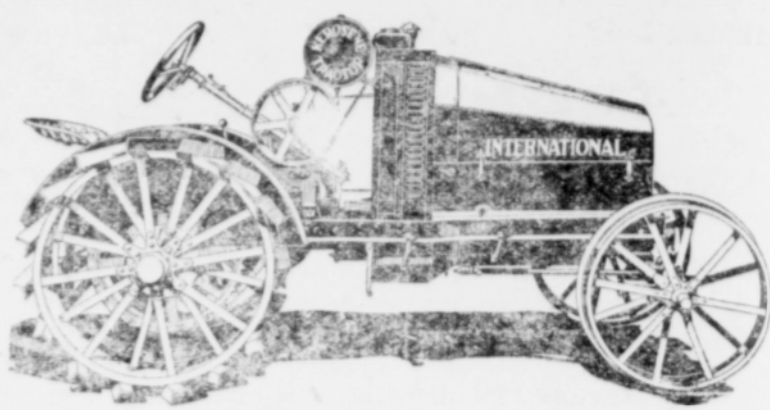

Lay linoleum over a thick padding of newspapers if you want it to give good service. A rough floor will require more papers than one which is smooth, for the linoleum wears out on the outlines of the boards.

Plan your machine sewing so that you can run from one piece of work to another without cutting and wasting thread.

Paste strips of velvet around the inside of the heels of children's shoes and you will have fewer holes to darn in their stockings.

Oilecloth on kitchen table or cabinets can be made to last longer if a padding of soft paper is placed under it. The life of oilecloth can almost be doubled when this is done.

Candle ends can be made to do further duty by paring off the ends of two short pieces perfectly smooth and even until the tip of the wick can be seen in each. Heat these two smooth ends and stick them firmly together. The top half will burn down and fuse with the lower half, burning clear through.

New International Tractor

THREE-SPEED TRACTOR

Backed by thirteen years of tractor development, this little machine is built to stand the actual field conditions in all sections of the country. It is a success wherever used and safe to operate.

Auto type central control, highest grade material, parts easy to get at, replaceable cylinder sleeves, large, wide bearings, thermo syphon-cooling system, water air strainer and many other features which make this the best little tractor on the market for the money.

Warner's Rust-Proof Corsets

Nothing is too small to consider in the making of a Warner Corset—every bit of it is given the most careful consideration, and the result is a thoroughly satisfactory corset that can be depended upon always to meet requirements.

Every Corset Guaranteed
\$1.00 to \$5.00

CANNON'S DRY GOODS
GRESHAM, ORE.

When making sandwiches, if the butter is too hard to spread easily, dip a bowl in hot water, or put it in the oven until it is thoroughly heated, then turn it over the butter, which will in a few moments become soft throughout. The same method may be used for softening butter for the table.

Fruit jar lids can be cleaned by putting them in a large jar, pouring skim milk over them and letting them stand several days. The milk will eat out all the hard substance and the lids will look like new.

The berry packing and fruit canning plants of Gresham are doing a rush business these ideal days when fruit ripens in a few minutes.

Mrs. Burns' Letter.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances:

Savannah, Mo., Oct. 12, 1916.
"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."—Adv.

Wants, wants, wants. See the column.
