To Improve Your Digestion. "For years my digestion was so poor that I could only eat the lightest foods. Since taking them my digestion is fine."—Mrs. Blanche Bowers, Indiana, Pa.—Adv.

The Discharge Mill.

Records of the Demobilization Group at Camp Lewis disclose that during the period from January 1 to August 29 of this year 59,827 men were mustered out of the service. The paperwork involved in demobilization is stupendous, and the huge American army could never have been returned to civilian life in so short a time had not the process been revolutionized. Formerly the work was done by officers and men of every separate organization, under the supervision of the mustering office. Now there is a discharge center through which the soldiers pass as through a mill, entering one door as parts of Uncle Sam's fighting forces, and leaving by another as private citizens on their way home. The personnel occupied in the work at Camp Lewis is made up of 25 officers, 40 field clerks and 57 enlisted men. Not only does this force accomplish all the discharge records, but it receives all detachments, "feeds and sleeps" them, outfits them with new clothing, gives them final pay and instructions, and sends them on their way rejoicing in an average time of less than 24 hours.

A Man's Prayer.

"Teach me that 60 minutes make an hour, 16 ounces one pound, and 100 cents one dollar. Help me so to live that I can lie down at night with a clear conscience, without a gun under my pillow and unharmed by the faces of those to whom I have brought pain. Grant that I may earn my meal ticket on the square, and that in earning it I may do unto others as I would have them do unto me. Deafen me to the jingle of tainted money and to the rustle of unholly skirts. Blind me to the faults of other fellows, but reveal to me my own. Guide me so that whenever I look into the faces of my friends I will have nothing to conceal. Keep me young enough to laugh with little children, and sympathetic enough to be considerate of old age. And when comes the day of darkened shades and the smell of flowers, the tread of soft footsteps and the crunching of wheels in the yard—make the ceremony short and the epitaph simple—"Here Lies a Man."—Adv.

Cure for Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."—Adv.
