ONLY A FEW MAY HEAR WILSON SPEAK

The Portland Municipal auditorium can accommodate 7,360 people. There are about 700,000 people who want to hear President Wilson next Monday evening, nearly half of that number in the city of Portland alone. It is apparent that only a small percentage of the citizens of the state can be accommodated, even in the largest hall in the state.

To insure fairness, to the people all the Portland daily newspapers are running coupons by means of which admittance to the auditorium will be impartially allotted. The coupons, properly and legally filled must be received at the auditorium not later than Wednesday noon, September 10. The drawings will be supervised by a committee and tickets of admittance mailed to those who are drawn.

On the evening of the president's address, Monday, September 15, the doors of the auditorium will be opened at 6:30 o'clock to ticket holders and will be closed at 8 o'clock. There will be no reserved seats. Ticket holders arriving first will be seated first.

INDUSTRIAL CLUB BOYS JUDGE STOCK CORRECTLY

Continued from page 1

them about the fine points of a Hampshire—the pigs on one side and the experts on the other sat in wrapped silence. Ray Strong and Adolph Zenger sized up correctly the four porkers selected, with one error against Adolph. Mrs. Grant sustained the reputation of the ladies present by passing correct judgment also.

At Schwedler's the herd of Holsteins were inspected. Four of the herd were chosen and numbered. The women tried their hand at judging and Mrs. Cavanagh scored perfect, while Mrs. Eling, who can tell a hen in the dark of night with both eyes shut, simply did not know beans about a cow—even after all that Mr. Cleveland had told them. Again, Ray Strong and Adolph Zenger judged correctly. In the summary Adolph scored highest, having correctly judged cows and sheep and had made only one error in his estimate of the pigs.

Last July, L. J. Allen, state pig club leader was here, but owing to the busy season not many children could be present at the pig-judging demonstration at that time. It is planned to have in the near future similar practical tests.

GRESHAM LOCALS

The starch factory whistle blew for the first time Monday morning. That was just to try its voice. In a few days it will really have something to blow about. Prunes and apples to dry and potatoes to be made into starch.

Mr. and Mrs. James Turnbull will leave in a few days for a three-months' stay in Canada. Last night they entertained at dinner the Frank Gibbs family and Fred and Hector Morgan.

Mrs. B. O. Bpswell will be principal of the grade school at Estacada this coming year. Mrs. Boswell has taught in Estacada before, so the offer of principalship is a decided compliment.

Mrs. Cliff Kern leaves tomorrow for Heppner to assist in judging the domestic science work on exhibit at the Morrow county fair. Mrs. E. T. Weatherred is scheduled for a speech each day.

Mrs. L. L. Hiatt and daughter Edith are spending a few days at Seaside.

Mrs. Geo. Lusted left for the East with the G. A. R. contingent to take in the convention and to visit relatives. Mrs. Ida Williams is keeping house on the Lusted place while her sister is gone.

Guy Jones is celebrating at Seaside, Oregon.

Arthur Regner was in town yesterday, agitating that aggravating question of sewerage.

The Home Missionary society meets at Mrs. G. W. Stapleton tomorrow afternoon.

A. W. Metzger's new warehouse is going up apace. One can scarcely blame Bert for setting out lanterns every night, so that travelers may see what a fine looking building it is going to be and at the same time dodge the gravel piles.

The meeting of the Women's Home Missionary society and Ladies' Aid will be held at the home of Mrs. Geo. Stapleton tomorrow afternoon. Besides the fine program announced in the last Outlook, there will be a talk by Mrs. C. O. Branson on her recent visit to the Centenary celebration at Columbus, Ohio.

Mrs. Chas. Wright and two children of Turner, Oregon were recent guests at the home of her husband's parents, Mr. and Mrs. Dan Wright. A family picnic was enjoyed at Bonnevill during their visit here.

Chas. Crowther has purchased the Whitehead property on Lawrence avenue and will erect a modern residence at once. Contract for the work has been let to W. K. Hamilton of Portland, formerly of Gresham.

Local flower lovers should visit Gladiolus Farm, the home of Mr. and Mrs. W. L. Crissey, before the season is past for the wonderful blooms. About three and a half acres are planted to the bulbs, which are now past the best part of the season. Mr. Crissey is finding his market extending and is now shipping bulbs to all parts of the United States. Mrs. H. L. St. Clair and daughters Mildred and Margaret were callers at the Crissey home on Sunday afternoon.

Mrs. C. O. Branson has returned from her trip to Ohio, where she spent the summer. She visited relatives there and attended the Centenary celebration at Columbus.

Mrs. Carrie Hansen and Mary Hansen entertained at a dinner last Thursday evening. Mrs. L. S. Osborne, Miss Bess Osborne, Miss Esther Elford and Miss Ethel Calkins.

Mrs. Emma Gilmore returned today from a week-end trip to Warrenton, Oregon where she visited her son, J. F. Shultz. While there they took a trip to Seaside.

Mr. and Mrs. G. E. Bangs, of Portland, moved into the apartments over the First State Bank. Mrs. Bangs was formerly Miss Gertrude Liggett, a teacher here.

Ernest Edwin Smith, after nearly two years in the navy, is at the home of his parents, Mr. and Mrs. J. William Smith.

Transports carrying the last of the overseas troops arrived in New York Friday. The local boys listed aboard are Frank Hamlin of Gresham and Deston Lake and Walter Keck of Boring. These boys will probably take part in the monster parade given in honor of Gen. John J. Pershing, tomorrow.

Mrs. Kinsey an expert milliner, is assisting Miss Mizz in getting out the Fall and Winter hats. Many charming styles are already on display.

An Important Branch of Our Bank Service

One of the most important branches of our bank service is the accommodation of our customers in the matter of credit extensions. Occasions arise during the course of many business operations demanding greater capital than the proprietors can, of themselves, supply. The financing of increased business—the tiding over of a slack period—the planting and harvesting of crops—and other special conditions in various business undertakings, present unusual demands for ready cash.

In such contingencies our bank performs a service most vital to the financial prosperity of the vicinity by the loaning of funds on hand for limited periods of time.

Our customers will find that we are most courteous in the making of loans, that our terms are very reasonable, and that all transactions are held by us in the strictest confidence.
