

"A Housewives' Dream"

—realized

HONESTLY — haven't you always wanted a sweeper that "cleaned deep" and yet required no "connections", "plugs" or other time-consuming annoyances?

It's here now—and it's surprisingly low in price

is not an electric yet it gives you a strong suction to lift up dust, grit, and ravelings which are loosened and swept up by the revolving bristle brush. Like most good things, it is amazingly simple and so free from complication and bulky "machinery" that a child can operate it.

The "Dumb" Plan of Control.

The so-called Plumb plan or what might more appropriately be called the "dumb" plan for railroad control is as brazen in point of selfishness as it is stupid in point of acumen.

In one breath we are told that the railroads "should be run for service and not for profit", and in the very next breath that "the profits should be divided among the employes, the operators and the public."

In other words the brotherhoods demand that the public put up \$20,000,000,000 and buy the railroads and in turn the brotherhoods will "put up" one-third of the directors, and condescendingly take one-third of the profits in addition to their wages, a one-sided bargain to say the least.

Good for Biliousness.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Adv.

The regular meeting of the Multnomah County Parent-Teacher Council will be held Saturday, September 27, instead of the 20th, as previously announced, at the Lynch schoolhouse. The change in the date of the meeting was ordered on account of the county fair at Gresham. A full attendance of members at the meeting is desired, as matters of importance in connection with school work this year are to be considered.

Born to Mr. and Mrs. Emanuel Bertus on the Elkhorn farm, a nine-pound baby girl on Friday, September 12. She has been named Monno.

Miss May H. Morrison of Ashland, Oregon has been added to the faculty of Union high school. Miss Morrison is a graduate of the University of Colorado and has had 9 years of teaching experience. She will teach Spanish and science and perhaps assist in mathematics.

Mark W. Peterson, constable of Multnomah county is in Gresham directing the county police force during fair week. He and his three children called at the Outlook office. Mr. Peterson is an old linotyper and printer, so of course felt at home in a print shop.

The D. E. Towle family are now occupying the bungalow formerly owned by Ed. Metzger.

Mr. and Mrs. Wm. Hibbard, of Dayton, Oregon are spending a few days with Mr. and Mrs. C. I. Raker and enjoying the fair. They will also visit relatives in Troutdale. Mrs. Hibbard is the mother of Mrs. Raker.

Miss Stella Alexander of Dayton, Washington is visiting her sister, Mrs. Carrie Hansen. She is accompanied by Walton Hesper who will enter Military academy this fall.

R. L. Schee, manager of the Interstate fair at Prineville which will be held October 1, 2, 3 and 4 is a visitor at the Multnomah county fair

"Buck" Clearwater, ex-service man, who assists Byers in his relay races, was taken ill yesterday. He returned to Salem for treatment but expects to be back in a day or so, on the job.

Lewis, the son of Mr. and Mrs. George W. Metzger, left this morning to enter the Laurelwood academy at Gaston, Oregon, where he will attend school during the winter.

Hugh Schomp and family are here from Mayville, Oregon on a visit with Mrs. Schomp's parents, Mr. and Mrs. George Pullen. They will attend the fair and later visit the Pendleton Round Up. George Pullen, Jr., who has spent the summer with the Schomps, returned home with them.

H. G. Andrews, who has leased the Towle farm on the Base Line for a term of years and who has been living on the place since last December has moved into the residence just vacated by the Towle family.

Little Miss Andrews arrived last Saturday to bless the home of Mr. and Mrs. H. G. Andrews. Her weight is 10 1/2 pounds. The baby and her mother are at the Gresham sanitarium.

Miss Rica Anderson represented the Outlook last night at the great meeting at the auditorium in Portland to hear President Wilson speak. She had a seat on the platform among the journalistic stars of the country. Others to go from Gresham were Mrs. W. F. Honey, D. E. Towle, J. N. Clananhan, who drew seats in the front rows in the balcony, A. E. Hill, Miss Birdine Merrill, F. E. Todd.

Rev. M. B. Paroungian of Salem called on Gresham friends on Saturday and Monday. On Sunday he went with Rev. Earl B. Cotton to the three points on the Pleasant Home circuit, where he emphasized the importance of Sunday school work.

Keith and Harold Lyman, the Misses Laura Shipley and Winifred St. Clair left early this week to attend Willamette University at Salem. Mrs. C. O. Branson, the Misses Grace Fieldhouse and Bertha Spencer have gone to Monmouth to attend the Oregon Normal School.

Mrs. Ella Oliphant spent Sunday with Mr. and Mrs. H. C. Larsen at their home near Boring.

Bobbie, the 7-year-old son of Mr. and Mrs. Arthur Dowsett, was severely injured yesterday when he was struck by an automobile driven by Mrs. Kirk Thompson. The little boy darted out in front of the car so suddenly that the accident could not be avoided. Fortunately the injury was nothing worse than a bad scalp wound.

For a Weak Stomach.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.—Adv.

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
