"The Linotype Way is the Way that Wins."

Official paper of the Town of Gresham  
Official paper of the Town of Fairview.

Entered as second-class matter March 2, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

**Hits Police Unions.**

Representative Gould of New York, a republican congressman introduces a resolution in the house which calls for the dismissal of any and all policemen in the District of Columbia who belong to a union affiliated with the American Federation of Labor. He brands the unionization of police forces in the United States as the closest approach to Russian Bolshevism that has appeared in this country. "A policeman", he says, "is as much a soldier in times of peace as a doughboy is in war."

"The theory of the union is based on the right of collective bargaining. There is no other theory upon which it could last over night. A power behind the application of this theory is the strike."

"A police union assumes the right of collective bargaining in relation to the government which it is sworn to serve and defend. Such an assumption is unthinkable. If the agencies employed to carry out the orders of the government have the right to refuse to obey those orders and to defeat them through collective bargaining, with a strike as the alternative, they manifest that the government is divided against itself. Police grievances in Washington must be laid before the congress—not the mob."

In an article on Jonathan Bourne's harangue, "Guilty of Treason," in which he charges that the president is guilty of treason because he declared that the League of Nations is "greater than the government" and for that, Bourne says "impeachment is the only answer," the Oregon Voter says in reference to Bourne: "Unless the republican party can get out from under the leadership of this mad type it is doomed for 1920."

The Oregon Pure-Bred Livestock association have drawn up resolutions condemning round-ups as amusement features at fairs. The association charges that these performances have a brutalizing tendency, promoting inhuman treatment of animals, a demoralizing effect on the youth.

The plant wizard, Luther Burbank has a rival in Centralia, Washington. Mrs. S. C. Davis of that city has developed a new aster, a beauty in purple edged with white. It took four years to develop it. Should Mrs. Davis be called a witch?

A force of 87 teachers are employed in teaching night school in Portland to meet the demands of the new school law requiring part time attendance up to the age of 18 years.

Helen Taft, daughter of ex-president Taft, is acting president of the Bryn Mawr college.

Armistice day, November 11, is being planned for in Portland and other cities.

The Oregon Voter admits that some one got their goat.

Old Captain Hardy will be featured in a movie.

Still fuming over Plume.

**Attendance Crowds 8000 Mark.**

With a gain of more than 100 per cent in attendance over that of 1918—the last normal college year before the war—O. A. C. opened its doors Monday, September 22, to more than 2000 students. A total of 2682 men and women were reported up to noon of the fourth day. Of this number 725 were registered in engineering, 537 in agriculture, 457 in home economics, 473 in commerce, and the others in various subjects. The men outnumbered the women about two and a half times.

**Farmers Sow Weeds.**

Seeds of wild mustard, corn cockle, Canada thistle and dodder are some of the weeds that Oregon farmers sometimes unintentionally sow along with their farm crops seed. More than one-sixth of all samples tested by the federal and O. A. C. testing laboratory at Corvallis contained some of these weed seeds. Some of this seed was also low in germination quality. Farmers of Oregon, Washington, Idaho and Montana who want to improve their crops may get their seed tested from by sending a small sample to the laboratory.

**What Next?**

In Spokane county, land owners will be assessed a special tax of ten cents per acre to create a fund for poisoning squirrels.

Why have a fund? These ultra-scientific folks, no doubt, have spent "funds" to secure statistics that show how many kernels of grain each little rodent gets a minute, and have "proofs" beyond a cavil that these dreadful beasts are in a measure responsible for the H. C. L.

Hogkilling time is approaching when the farmer takes a backbone and a head to the country editor and receives a fine notice. It is a good practice, even in these days of high cost.—Portland Oregonian.

Hang on to your votes, ladies. Already the democrats are planning how to reach the 14,000,000 women who may vote at the next presidential election. The ladies are wondering what bait will be used.

Just a few more days and that "lost hour" will be found. The last Sunday in October, the clocks are set back to the old time basis, and "never again" will they be tampered with.

Some eastern papers are very scathing in their remarks about Portland's neglect of police protection to the president's party which they charge was to blame for the accident last week near Gresham. It is apparent the accident resulted from the same kind of carelessness to which everyone is daily exposed along our streets and highways. No amount of police protection is an absolute safeguard against such accidents.

The President calls certain opposing senators "contemptible quitters." As a result they are now asking him why he quit his fourteen points which he declared American soldiers had fought to uphold. They are asking him where are his "freedom of the seas," "self-determination," etc.

Total casualties of the American army in the European war have just been tabulated up to September 1, 1919. The sum total is 322,182 casualties in the army and marine corps in the United States and Europe, including the Archangel and Vladivostok expeditions in Russia. Total battle deaths were 50,327. The total number killed in action constituted 11 per cent of all casualties, while 5 per cent of the casualties died of wounds and 18 per cent died of disease. All missing have been accounted for. The figures:

Killed in action	35,585
Died of wounds	14,742
Total battle deaths	50,327
Died of disease	58,073
Died of accidents and other causes	8,092
Total	113,492
Wounded in action	205,690
Missing (all corrected)	None
Total casualties	322,182

**WHY THE ELECTRIC CLEANER?**

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

**Free! Savings Bank**

Do you want a real Hand Grenade, the kind that our boys used to clean out German trenches and machine nests with?

We have bought from the Government a supply of these Grenades, from which the deadly TNT has been removed, and they have been made into Savings Banks.

We will be very glad to make you a present of one of these banks if you will comply with the conditions imposed by the Government governing their distribution.

The Government requires that persons receiving these banks make purchases as follows:

Persons 12 years or under, One War Savings Stamp.  
Persons 13 to 18 years, Two War Savings Stamps.  
Persons 18 years or over, One \$100 Treasury Certificate.

We have been assured that these banks will reach us in October, but as the supply is limited we suggest that you telephone us your reservation of one of these banks. After they arrive you can make the purchase of War Saving Stamps and Certificates as required.

Telephone or write today, we will reserve one for you.
