ORIENT CHILDREN GVIEN LESSON IN LIBRARY

The third and fourth grades of the Orient school with their teacher, Miss Elva Dolan, spent two hours in the Gresham library, Friday afternoon, as a part of their regular school work. The librarian, Miss Montague, told the children a story and then gave them a lesson on how a book is made, how to use the index and what a title signifies and other information.

The pictures in the library were enjoyed and the book shelves and the magazine tables were well patronized. Principal Quirkall of Orient school and the director, heartily approve of this new "stud" of the library and the wealth of education it holds. The other grades with their instructors plan to come for library lessons also.
