BACK TO THE OLD TIME.

"Every dog has his day," says the homely adage. Those who were dead set "against the daylight saving law are soon to have their day. Two o'clock Saturday night millions of timepieces will suffer severe twinges in their "tummies" from the terrific twist their inwards will be given to set them back to time by which the sun, moon and stars move. Possibly going back to the old time will alleviate our national stomach-ach—one thing less to grumble over.

Portland is rebuilding its water front. Gresham cannery is filling a car with fruit for Boston.

Oregon has 32 banks with deposits of over one million each.

Erroneous Tax Returns to Be Investigated.

"A special drive to locate merchants and manufacturers who have followed erroneous methods in making their inventories for the taxable years 1917 and 1918—such methods tending to reduce tax liability—is about to be made by the Bureau of Internal Revenue, it was announced today.

In cases of voluntary disclosures before investigation of failure to make proper return and payment, the policy of the Bureau, it was stated, will be to forego penalties except where there is intentional evasion of the tax. Where discovery is made by government officers, heavy penalties will apply.

In some cases inventories have been taken on the basis of average costs, though it was possible to identify the articles remaining on hand at the period, and so determine their exact cost. In others, because of conservative accounting methods, flat percentages have been deducted after determining inventory values. Others use a fixed average, based upon costs of prior years, or fail to include all merchandise to which they have title in their inventory.

All of these methods, which have the effect of reducing tax liability, are contrary to the regulations of the Bureau and are illustrative, it was said, of numerous irregularities which have been found. A warning issued by the Bureau advises taxpayers who have followed such methods to file correct returns without notice and without investigation. Some taxpayers have voluntarily notified the Bureau of the employment of incorrect methods, and are filing amended returns. It is only fair to these taxpayers, the Bureau states, that their competitors who have made similar errors should be located."

ROOSEVELT'S BIRTHDAY TO BE OBSERVED

State superintendent of schools, J. A. Churchill, in a letter to the county school superintendents has recommended the observance of the birthday of Theodore Roosevelt on Monday, October 27. He suggests that attention be called to the end that they may "have a higher conception of true Americanism."

"I believe in honesty, sincerity and the square deal; in making up one's mind what to do—and doing it. I believe in fearing God and taking one's own part. I believe in hitting the line hard when you are right. I believe in speaking softly and carrying a big stick. I believe in hard work and honest sport. I believe in a sane mind in a sane body. I believe we have room for but one soul loyalty, and that is loyalty to the American people."

The grade school will conduct the memorial exercises during the time of the 10 o'clock assembly, Monday forenoon. The high school will also commemorate the day, the hour to be set later. Patriotic speeches and songs will be given and as a part of the Roosevelt exercises, the students will turn in the books containing their contributions to the fund for the Roosevelt monument.

The following brief chronology may be of help in the brief study of the history of Roosevelt, the American.

Born in New York City, October 27, 1858. Elected to Assembly, New York State, November 8, 1881. Appointed U. S. Civil Service Commissioner, May 7, 1889. Appointed N. Y. Police Commissioner, May 6, 1895. Nominated Assistant Secretary of Navy, April 6, 1897. Appointed Lieutenant Colonel First Vol. Cavalry (Rough Riders) May 6, 1898. Elected Governor New York, November 8, 1898. Elected Vice-President of U. S. November 6, 1900. Succeeded McKinley as President of U. S., September 14, 1901. Elected President of U. S., November 8, 1904. Died, January 6, 1919.

C., male or female, to be held in Portland and other points October 22, November 19, and December 10, 1919. WM. D. BENNETT, Supervisor of Census.

Marion county is planning to increase its small fruit areas by 2000 acres. The states of Oregon and Washington are working for 50,000 additional acres of small fruit, to produce \$10,000,000 worth of raw material for canneries and juice industries.

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping. True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

When a Farmer Quits Work. Where does he go? What does he do? How does he live? Well, the retired farmers have their own little Paradise, says

The COUNTRY GENTLEMAN

and there they spend their days basking in the sunshine, watering the lawn, dodging the real-estate highbinders, eating at the cafeterias, boosting the climate. Farmers, stockmen, dairymen—thousands of them pack the old bankroll into the old jitney each year and hike for Paradise.

Freeman Tilden has lately been there for THE COUNTRY GENTLEMAN, and, with his humorous spectacles on, he has watched the retired farmers at work and play. He has written several articles which will be run as a series. At the same time there will start another great new series, "Doing His Best with What He's Got"—real stories of farmers who are successful in a small way—and happy in a great way.
